Program Director Hits Reports Of Difficulties

There have been recent reports that the important U. S. Minuteman missile project has run into unexpected difficulties In the following exclusive interview, Brig. Gen. Samuel C Phillips, director of the Minuteman program, discusses the situation.

By RALPH DIGHTON

NORTON AIR FORCE BASE, Calif. (AP)—The director of the Minuteman program says there is "absolutely no truth" to reports that the intercontinental missile cannot carry its payload to targets in the Soviet Union.

In fact, he says, "we have achieved more than was asked in all respects, including range and payload."

This evaluation came from Brig. Gen. Samuel C. Phillips, director of the Minuteman program and a key figure in rushing the solid-fuel missile to combat status ahead of schedule.

Minuteman has leapfrogged earlier-developed liquid-fuel missiles and won the primary role in this nation's defense arsenal. The United States has bet several billion dollars that the Minuteman, capable of streaking from bomb-proof silos even while under attack, will prevent nuclear war.

This has been done with little criticism. But reports began cropping up recently that Minuteman had hit a serious snag—that tests have shown it did not have enough power to hurl its warhead the necessary distance.

In a rare exclusive interview at this headquarters of the Air Force Ballistic Systems Division, Phillips discussed the Minuteman program.

Q. General, can you say if there is any basis to these reports (of difficulties)?

A. There is not. Absolutely no basis at all.

Q. How do you think these reports originated?

A. Possibly they were based on mistaken information. The distance traveled in test launchings on the Atlantic missile range has been announced as 3,000 to 4,000 miles. This is considerably less than the 6,000 miles required of intercontinental missiles.

However, the missiles tested over the Atlantic carried range safety instrumentation which the operational missile will not carry. The instrumentation section is 18 inches long and weighs hundreds of pounds.

Also, there are research requirements for the re-entry vehicle. This, too, means extra weight. We could have impacted at full intercontinental range in every case, but we felt we needed the research data more than we needed the publicity.

Q. There were two Minuteman failures last year at Vandenberg Air Force Base, Calif. Can you explain those?

A. Vandenberg is where the whole missile system is brought together—the missile itself after preliminary testing at Cape Canaveral, Fla., the ground equipment necessary for launching, and the Air Force crews being trained to man operational sites.

Sometimes at Vandenberg we push the bird to its limits to see what will happen. We subject it to trajectory and heating conditions it would not have to withstand in operational use. Even so, our failures have been suprisingly few, and the causes have all been isolated and corrected.

Q. You speak of making corrections. Does this mean that each new wing of 150 to 200 Minutemen incorporates improvements suggested by tests of earlier wings?

A. To some extent. We don't make major changes in every wing, however, for a couple of reasons. One, the original Wing 1 missile exceeds the job for which it was designed. Two, such changes increase crew training time and could cause difficulty in meeting production schedules.

The biggest changes are in the Wing 6 missiles for Grand Forks, N.D., where construction of silos will begin early next year. In

Ohio House Passes Bill For Industrial Advance

Wellsville Democrats In 5 Races

Republicans Face But One Contest In Tuesday Balloting

Campaigning by the candidates is in full swing at Wellsville where the Democrats have five races for Tuesday's primary.

There is only one race on the Republican ticket, with two candidates seeking the nomination of treasurer. The Democrats have two candidates each running for mayor, Council president, and First, Third and Fourth Ward councilmen.

Incumbent Mayor William Daugherty, and insurance salesman, is seeking a second term. His opponent is Councilman Allen C. Baldwin, 1708 Maple Ave. Baldwin was the Democrat candidate in the mayorality race in 1957. Here are the other Democrat candidates:

Incumbent Mrs. Mary C. Rahter, owner of the Rahter Wallpaper Store, 711 Main St., is opposed by Councilman William R. Stroble of the Fourth Ward. Mrs. Rahter will be seeking her fourth term. Stroble, who resides on Aten Ave. is employed at the Crucible Steel Co. at Midland.

In the First Ward race, Russell R. Keefer, 337 Highland Ave., a Pennsylvania Railroad Co. employe, is opposed by Raymond Sirianni, 421 Commerce St., an employe of Crucible.

The Third Ward race has pitted Nunzio S. Lombardozzi, 1223 Clover St., a Crucible employe, and incumbent Frank R. DeLonzo, 1200 Buckeye Ave., a Pennsylvania Railroad conductor. Lombardozzi is president of the Wellsville Jaycees. DeLonzo is seeking a second term.

Wesley Wilson of 19th St. and Walter E. Henthorne, 1712 Clark Ave., are opposed in the Fourth Ward. Both are political newcomers.

Robert T. Mason, operator of a radio and television repair shop at 615 Washington Ave., is unopposed in the Second Ward.

Thomas W. Hunter, 1712 Maple Ave., is unopposed as the Democrat candidate for auditor. He also is a political newcomer.

Elmun L. Bemis, 1730 Clark Ave., a Crucible employe, is the Democrat candidate for treasurer.

LIGHTNING TOUCHES OFF FIRE. Fire-fighters battle a raging fire in a large tank of crude oil at the Sun Oil Co. refinery near Marcus Hook, Pa., Tuesday. The blaze, one of three started in the oil field by bolts of lightning during a severe thunderstorm, was kept from spreading by a large floating lid which kept the fire area confined so that sprays of foam played on the surface of the oil soon brought it under control. Legislation Now Needs Senate OK

Would Create Unit For Promotion Of 200,000 New Jobs

COLUMBUS, Ohio (AP) — The Ohio House has passed and sent to the Senate a bill designed to make the chief campaign promise of Republican Gov. James A. Rhodes come true—200,000 new jobs for Ohioans.

The vote on the bill intended both to encourage and to help finance new Ohio industry was 126-4.

Today, hard on the heels of the bill to create a new Ohio development department, comes another marathon House session to determine the fate of the $1.3 billion measure to finance operation of the state government for the two-year bookkeeping period beginning July 1.

Democratic amendments to the development bill were batted down like flies Tuesday, and the same probably will happen today when the big money bill hits the House floor. Both measures must survive a second test in the Senate.

The much - rewritten development bill is divided into two distinct factors—one for industrial development encouragement and the second to help finance industrial plants—in some cases a private, local and state venture, combined.

The Rhodes administration is working on the theory that what Ohio lacks to finance the programs to which it is committed is the support of industry which Ohio would have if it had pushed hard enough.

The new department of development would replace the present Department of Industrial and Economic Development.

The Senate passed and sent to the House a bill to set up lines

Democrats Give Up Hope On School Aid

Leaders Dropping It From Kennedy's Education Measure

WASHINGTON (AP) — Democratic leaders of the House Education Committee have given up all hope this year for legislation providing general federal aid to schools. They are dropping it from the administration's education bill.

Chairman Adam Clayton Powell, D-N.Y., and other ranking Democrats have decided it would be futile to ask Congress now to provide aid for public elementary and high schools.

They still hope, however, to keep most of the rest of President Kennedy's comprehensive education bill in once piece, despite pressure from committee Republicans to concentrate on a single section—aid to colleges.

Abandonment of the proposal to make federal funds available to the states for public-school construction and teachers' salaries marks the third straight year Kennedy has been unable to get a vote in the House on what he has called the heart of his education program.

Religious and racial controversies plus widespread opposition to the concept of federal aid to education have built up a formidable

Officers Cite Driver After Auto's Plunge

A 55-year-old district motorist was cited by police late Tuesday night after his 1959 model station wagon struck a utility pole on Park Way, then plunged over a hillside.

Herbert W. Virden of the Sprucevale Rd. suffered a cut lip in the crash, but declined medical attention, officers said.

Patrolman Jack Strobel and Howard Frontz, who investigated, charged Virden with being in physical control of an auto while intoxicated.

The crash at 11:13 damaged the entire front of the station wagon, police said. Virden told police he was driving north about 20 miles an hour, following another car.

The vehicle ahead was on the extreme right side of the street, then made a quick turn to the left, Virden said. The motorist said he swerved to the right to avoid the other car, causing his station wagon to hit the pole and dive over the hill.

Arraigned this morning before Municipal Judge Samuel M. Cher-

May Face Arrest

Group To Trace Postman's Steps

CHATTANOOGA, Tenn. (AP) — An integrated group begins a walk through the Deep South today—planning to trace the steps of Baltimore postman William L. Moore, who was shot to death near Attalia, Ala., April 24.

The six white men and five Negro men face almost certain arrest in Alabama.

Each marcher is a member of either the Congress of Racial Equality or the Student Nonviolent Coordinating Committee. Marchers are to be accompanied by a truck driven by a member of the National Association for the Advancement of Colored People.

Moore was wearing a placard which proclaimed that Negroes and white persons should be allowed to eat together anywhere.

The "freedom marchers" said they are intent upon walking to Jackson, Miss., to give their integration views to Gov. Ross Barnett.

That was Moore's intention when he was killed. An Alabama grocer, Floyd L. Simpson, has been charged with the slaying.

The walkers plan to set out from the bus station here from which Moore began his ill-fated trek. They call their walk a memorial to Moore, a white man.

"We want to hold America's attention for awhile yet," they said in a formal statement. "We must reiterate this man's single, yet profound purpose—to express the ideal of human brotherhood by a peaceful walk through the American countryside."

The Alabama safety director, Al Lingo, has said any such demonstrators will be arrested and charged with disturbing the peace in his state.

U.S. Official Boycotts Parade

Castro In Place Of Honor At Moscow May Day Fete

MOSCOW (AP) — Fidel Castro got another fleeting glimpse today of the types of Soviet rockets Premier Khrushchev pulled out of Cuba last year at President Kennedy's insistence.

The Cuban prime minister appeared with Khrushchev in the place of honor atop the Lenin mausoleum at the annual May Day parade in Red Square.

He appeared to enjoy the military review and workers' parade, which U.S. Ambassador Foy D. Kohler boycotted because of Castro's presence. Kohler watched the celebration on a television set in his residence.

Castro conversed animatedly with Khrushchev as the Soviets rolled out a 10-minute review of their military hardware.

Among the weapons that sped past the reviewing stand were 500 to 700-mile range rockets similar to those withdrawn from Cuba during last year's crisis. Western observers spotted nothing new among the rockets shown.

The Cuban leader reportedly was deeply offended by Khrushchev's failure to notify him in advance of the decision to withdraw the rockets under American pressure.

Castro, dressed in white shirt, tie and dress uniform for the first time since he arrived in the Soviet Union last weekend, was the center of attraction in Red Square. Khrushchev enthusiastically led him the length of the reviewing stand to let the crowds catch a glimpse of the revolutionary leader.

Castro listened quitely as the Soviet defense minister, Marshal Rodion Y. Malinovsky, charged "reactionary circles" of the United States with a policy of aggression and provocations against Cuba "in gross violation of the elementary standards of international law."

Peace Group Sifts Dispute In Caribbean

PORT AU PRINCE, Haiti (AP) —The dispute between Haiti and the Dominican Republic marked time today while an inter-American peace mission studied the situation in the Haitian capital.

Haitian President Francois Duvalier told a cheering crowd of 10,000 Tuesday night, "Nobody can dictate to me—I am the personification of the Haitian nation."

"I will keep power," Duvalier declared. "God is the only one who can take it from me."

Duvalier had just finished meeting with the members of the peace mission from the Organization of American States. They came to Port au Prince from Santo Domingo, capital of the Dominican Republic, where Foreign Minister Andres Freites charged that Duvalier had offered a military base to Communist Cuba, 50 miles away.

In Washington, State Department press officer Lincoln White said he was unaware of any such offer to Prime Minister Fidel Castro. U.S. officials said American forces patrolling the Caribbean would block any effort by Castro's regime to establish military bases in Haiti or send arms there.

Post Office's Erection Due

Salineville Project Will Begin Shortly

SALINEVILLE — Construction of a new post office building is expected to start shortly by the Holiday Development, Inc., of Youngstown, which has been awarded contract for the project.

Rep. Wayne L. Hays announced today he had been notified by the U.S. Post Office Department the Youngstown concern submitted the lowest 10-year rental lease, which includes four 5-year options on renewal.

The new building, to be erected on Main St. opposite John St., is to be completed in three months.

The structure will have 2,217 square feet of interior floor space, a loading platform covering 252 square feet and a paved area measuring 5,542 square feet.

Some 23 bids were received for the facility, ranging from $4,000 to $6,200.

Youth's Exam Set

BEAVER — Judge Morgan H. Sohn Tuesday gave Atty. John Conte, counsel for Walter Hlista Jr., 18, of Harmony Township, permission to take him to the West Penn Hospital in Pittsburgh for an examination of his brain waves. Hlista is charged with the murder of his father, Harmony Township Police Chief Walter Hlista, on Feb. 28.

For Tax Assessments

Hancock To Use New Appraisal

Hancock County non - utility property owners apparently will be assessed on the basis of the professional appraisal made by the Cole, Layer & Trumble Appraisal Co. of Dayton, according to a decision of Hancock County Court during a special meeting in the Courthouse Tuesday night.

The commissioners voted unanimously to reconvene as a Board of Equalization and Review for 10 days this month to hear taxpayers' protests. They also voted to declare invalid their Feb. 28 order to use the same assessments which were used to figure 1962 taxes.

—:—

JAMES G. McClure, judge of the Hancock County Circuit Court, last week said that a writ of prohibition, prohibiting the commissioners' order of March 30 to use the professional appraisal figures, will be signed by the court.

The new appraisal figures were derived during a three-year program in which representatives of the Dayton firm came to Hancock County, inspected the property and made the appraisal at true and actual value.

Under state law, the county must base its real estate and personal property assessments on at least 40 per cent of this appraisal for 1963-64 and at 45 per cent in 1964-65 and at 50 per cent in 1965-66.

Arnold Anderson, newly - appointed Hancock assessor, announced the first of April that the total assessments on county property has increased by $28 million over last year because of the appraisal.

—:—

HOWEVER, Judge McClure's order rescinded this increase. That left the commissioners with two choices — to revert to the 1962 assessments or meet again as a Board of Equalization and Review and attempt to use the professional appraisal as a basis for 1963 assessments.

In a memorandum of opinion, Judge McClure said in effect he feels that by using the appraisal figures under the commissioners

Will Make Tour In 1964

Kennedy Plans To Skip Rome On Trip To Italy

WASHINGTON (AP)—President Kennedy plans to skip Rome on his trip to Italy next month, but he and Mrs. Kennedy will tour the Eternal City together on a state visit next year.

Although the decision remains tentative, there appears to be little likelihood of Kennedy's changing his mind. For one thing, he does not want to detract from what promises to be a glittering visit to the Italian capital with the First Lady.

Instead of going to Rome, Kennedy now plans to fly directly from Washington to Milan. He is expected to hold working meetings with the Italian premier at a retreat not far from Milan, an industrial city 30 miles south of the Swiss border.

Rome originally was to have been the high point of Kennedy's European tour, with the President and Mrs. Kennedy making a state visit.

Plans were changed after the Easter Monday announcement that the First Lady expects her third child late in August. Two days after Easter the White House said Kennedy would make a working visit to Italy in June and take Mrs. Kennedy there for a state visit early in 1964.

Kennedy's decision to bypass Rome became known Tuesday. Further details of his tentative itinerary were learned today.

Kennedy will board his jet transport at nearby Andrews Air Force Base, Md., probably June 20 and arrive in Milan the following day. He will stay in the Milan area for two or three days, then fly to Duesseldorf on the eastern bank of the Rhine.

Present plans call for a motorcade from Duesseldorf to Bonn, a distance of less than 50 miles, with a possible swing to Cologne en route. Kennedy is expected to spend two days in Bonn, then go to Frankfort and, a day later, proceed to West Berlin.

The President would be in Communist-surrounded Berlin only a few hours, then fly direct to Dublin, capital of Ireland, which was the homeland of Kennedy's ancestors.

Two or three days will be allotted for the Irish visit, which will feature a trip to the Kennedy family cottage at New Ross, Wexford County.

Kennedy plans to return to Washington about June 29.

Two Ohioans Are Claimed In Snowstorm

Northern Part Of State Reports One To Three Inches

CLEVELAND (AP)—May roared into Northern Ohio like a lion, with early morning temperatures close to freezing after a storm had dropped one to three inches of snow on the ground in some areas.

At least two deaths were blamed on the unseasonable snowstorm.

William H. Elliott, 39, of Mansfield was killed in an automobile accident on Ohio 18 during the storm Tuesday night. The Highway Patrol Post at Medina said Ohio 18 was snow-covered and slippery when Elliott's westbound car crashed into a median strip guard rail about 1½ miles east of the intersection with I-71.

Sandra Martin, 22, of West Springfield was killed when her small, imported car collided with a semi-tractor-trailer rig on Ohio 7 at Pierpont in Jefferson County. Sheriff's deputies said Miss Martin's car skidded on the snow-covered highway.

The patrol said more than an inch of snow was on the ground in the Medina area.

The U.S. Weather Bureau at Cleveland Hopkins Airport said there were unofficial reports of drifts one to three inches deep in Cleveland's eastern suburbs. One inch of snow was reported at the airport.

The Geauga County Sheriff's Department reported heavy snows starting Tuesday night and continuing early this morning. All roads were reported snow-covered, with drifts of two inches or more through most of the county.

Lake and Ashtabula counties reported the wind-whipped snow made driving hazardous on their highways also.

The Ashtabula County Sheriff's Office reported about two inches of snow on the ground. Gusts of wind created near blizzard conditions there, deputies reported.

The Weather Bureau said a warming trend later today would melt the snow.

$750,000 Loss Set In Pittsburgh Fire

PITTSBURGH (AP) — A fire fanned by winds in freezing temperatures destroyed the block-long main building of a supermarket late Tuesday night in suburban Brentwood.

The blaze at Verscharen's Supermarket was battled by firemen from six communities. No injuries were reported.

An unofficial estimate set damage as high as $750,000.

May Arrives, But It's Far From Merry

The merry month of May arrived more like Merry Christmas as a freak snowstorm blanketed the Tri-State district today with a mantle of white and temperatures dipped to the freezing mark.

About half an inch of snow fell in the Ohio Valley but Northern Ohio got much more. It was unusual but not unexpected as the Ohio weatherman Tuesday had forecast snow, mixed with showers. The skidding temperature, which reached the freezing mark of 32 degrees in the downtown this morning, changed showers to snow while blustery winds accompanied the winter - like twist to the weather.

Chester Whitehouse, Columbiana County superintendent of the State Highway Department, said no cindering was required on the highways but two trucks were sent out from the Leetonia garage this morning to spread salt because of freezing.

Area roads were slippery in places earlier today, the Ohio Highway Patrol at Lisbon said, but were merely wet later in the morning. No accidents were reported, officers said.

At Millport, the overnight low was 33 degrees, according to Edwin Copeland, U.S. weather observer, who said the half-inch of snow was "unusual for May."

Copeland said in a check of his 70-year records, snow has fallen about every three years in May, but generally only a trace on such occasions.

Snow fell in April in traces about

Castro In Place Of Honor At Moscow May Day Fete

MOSCOW (AP) — Fidel Castro got another fleeting glimpse today of the types of Soviet rockets Premier Khrushchev pulled out of Cuba last year at President Kennedy's insistence.

The Cuban prime minister appeared with Khrushchev in the place of honor atop the Lenin mausoleum at the annual May Day parade in Red Square.

He appeared to enjoy the military review and workers' parade, which U.S. Ambassador Foy D. Kohler boycotted because of Castro's presence. Kohler watched the celebration on a television set in his residence.

Castro conversed animatedly with Khrushchev as the Soviets rolled out a 10-minute review of their military hardware.

Among the weapons that sped past the reviewing stand were 500 to 700-mile range rockets similar to those withdrawn from Cuba during last year's crisis. Western observers spotted nothing new among the rockets shown.

The Cuban leader reportedly was deeply offended by Khrushchev's failure to notify him in advance of the decision to withdraw the rockets under American pressure.

Castro, dressed in white shirt, tie and dress uniform for the first time since he arrived in the Soviet Union last weekend, was the center of attraction in Red Square. Khrushchev enthusiastically led him the length of the reviewing stand to let the crowds catch a glimpse of the revolutionary leader.

Castro listened quitely as the Soviet defense minister, Marshal Rodion Y. Malinovsky, charged "reactionary circles" of the United States with a policy of aggression and provocations against Cuba "in gross violation of the elementary standards of international law."

Peace Group Sifts Dispute In Caribbean

PORT AU PRINCE, Haiti (AP) —The dispute between Haiti and the Dominican Republic marked time today while an inter-American peace mission studied the situation in the Haitian capital.

Haitian President Francois Duvalier told a cheering crowd of 10,000 Tuesday night, "Nobody can dictate to me—I am the personification of the Haitian nation."

"I will keep power," Duvalier declared. "God is the only one who can take it from me."

Duvalier had just finished meeting with the members of the peace mission from the Organization of American States. They came to Port au Prince from Santo Domingo, capital of the Dominican Republic, where Foreign Minister Andres Freites charged that Duvalier had offered a military base to Communist Cuba, 50 miles away.

In Washington, State Department press officer Lincoln White said he was unaware of any such offer to Prime Minister Fidel Castro. U.S. officials said American forces patrolling the Caribbean would block any effort by Castro's regime to establish military bases in Haiti or send arms there.

Post Office's Erection Due

Salineville Project Will Begin Shortly

SALINEVILLE — Construction of a new post office building is expected to start shortly by the Holiday Development, Inc., of Youngstown, which has been awarded contract for the project.

Rep. Wayne L. Hays announced today he had been notified by the U.S. Post Office Department the Youngstown concern submitted the lowest 10-year rental lease, which includes four 5-year options on renewal.

The new building, to be erected on Main St. opposite John St., is to be completed in three months.

The structure will have 2,217 square feet of interior floor space, a loading platform covering 252 square feet and a paved area measuring 5,542 square feet.

Some 23 bids were received for the facility, ranging from $4,000 to $6,200.

Youth's Exam Set

BEAVER — Judge Morgan H. Sohn Tuesday gave Atty. John Conte, counsel for Walter Hlista Jr., 18, of Harmony Township, permission to take him to the West Penn Hospital in Pittsburgh for an examination of his brain waves. Hlista is charged with the murder of his father, Harmony Township Police Chief Walter Hlista, on Feb. 28.

For Tax Assessments

Hancock To Use New Appraisal

Hancock County non - utility property owners apparently will be assessed on the basis of the professional appraisal made by the Cole, Layer & Trumble Appraisal Co. of Dayton, according to a decision of Hancock County Court during a special meeting in the Courthouse Tuesday night.

The commissioners voted unanimously to reconvene as a Board of Equalization and Review for 10 days this month to hear taxpayers' protests. They also voted to declare invalid their Feb. 28 order to use the same assessments which were used to figure 1962 taxes.

—:—

JAMES G. McClure, judge of the Hancock County Circuit Court, last week said that a writ of prohibition, prohibiting the commissioners' order of March 30 to use the professional appraisal figures, will be signed by the court.

The new appraisal figures were derived during a three-year program in which representatives of the Dayton firm came to Hancock County, inspected the property and made the appraisal at true and actual value.

Under state law, the county must base its real estate and personal property assessments on at least 40 per cent of this appraisal for 1963-64 and at 45 per cent in 1964-65 and at 50 per cent in 1965-66.

Arnold Anderson, newly - appointed Hancock assessor, announced the first of April that the total assessments on county property has increased by $28 million over last year because of the appraisal.

—:—

HOWEVER, Judge McClure's order rescinded this increase. That left the commissioners with two choices — to revert to the 1962 assessments or meet again as a Board of Equalization and Review and attempt to use the professional appraisal as a basis for 1963 assessments.

In a memorandum of opinion, Judge McClure said in effect he feels that by using the appraisal figures under the commissioners

Will Make Tour In 1964

Kennedy Plans To Skip Rome On Trip To Italy

WASHINGTON (AP)—President Kennedy plans to skip Rome on his trip to Italy next month, but he and Mrs. Kennedy will tour the Eternal City together on a state visit next year.

Although the decision remains tentative, there appears to be little likelihood of Kennedy's changing his mind. For one thing, he does not want to detract from what promises to be a glittering visit to the Italian capital with the First Lady.

Instead of going to Rome, Kennedy now plans to fly directly from Washington to Milan. He is expected to hold working meetings with the Italian premier at a retreat not far from Milan, an industrial city 30 miles south of the Swiss border.

Rome originally was to have been the high point of Kennedy's European tour, with the President and Mrs. Kennedy making a state visit.

Plans were changed after the Easter Monday announcement that the First Lady expects her third child late in August. Two days after Easter the White House said Kennedy would make a working visit to Italy in June and take Mrs. Kennedy there for a state visit early in 1964.

Kennedy's decision to bypass Rome became known Tuesday. Further details of his tentative itinerary were learned today.

Kennedy will board his jet transport at nearby Andrews Air Force Base, Md., probably June 20 and arrive in Milan the following day. He will stay in the Milan area for two or three days, then fly to Duesseldorf on the eastern bank of the Rhine.

Present plans call for a motorcade from Duesseldorf to Bonn, a distance of less than 50 miles, with a possible swing to Cologne en route. Kennedy is expected to spend two days in Bonn, then go to Frankfort and, a day later, proceed to West Berlin.

The President would be in Communist-surrounded Berlin only a few hours, then fly direct to Dublin, capital of Ireland, which was the homeland of Kennedy's ancestors.

Two or three days will be allotted for the Irish visit, which will feature a trip to the Kennedy family cottage at New Ross, Wexford County.

Kennedy plans to return to Washington about June 29.

Two Ohioans Are Claimed In Snowstorm

Northern Part Of State Reports One To Three Inches

CLEVELAND (AP)—May roared into Northern Ohio like a lion, with early morning temperatures close to freezing after a storm had dropped one to three inches of snow on the ground in some areas.

At least two deaths were blamed on the unseasonable snowstorm.

William H. Elliott, 39, of Mansfield was killed in an automobile accident on Ohio 18 during the storm Tuesday night. The Highway Patrol Post at Medina said Ohio 18 was snow-covered and slippery when Elliott's westbound car crashed into a median strip guard rail about 1½ miles east of the intersection with I-71.

Sandra Martin, 22, of West Springfield was killed when her small, imported car collided with a semi-tractor-trailer rig on Ohio 7 at Pierpont in Jefferson County. Sheriff's deputies said Miss Martin's car skidded on the snow-covered highway.

The patrol said more than an inch of snow was on the ground in the Medina area.

The U.S. Weather Bureau at Cleveland Hopkins Airport said there were unofficial reports of drifts one to three inches deep in Cleveland's eastern suburbs. One inch of snow was reported at the airport.

The Geauga County Sheriff's Department reported heavy snows starting Tuesday night and continuing early this morning. All roads were reported snow-covered, with drifts of two inches or more through most of the county.

Lake and Ashtabula counties reported the wind-whipped snow made driving hazardous on their highways also.

The Ashtabula County Sheriff's Office reported about two inches of snow on the ground. Gusts of wind created near blizzard conditions there, deputies reported.

The Weather Bureau said a warming trend later today would melt the snow.

$750,000 Loss Set In Pittsburgh Fire

PITTSBURGH (AP) — A fire fanned by winds in freezing temperatures destroyed the block-long main building of a supermarket late Tuesday night in suburban Brentwood.

The blaze at Verscharen's Supermarket was battled by firemen from six communities. No injuries were reported.

An unofficial estimate set damage as high as $750,000.

May Arrives, But It's Far From Merry

The merry month of May arrived more like Merry Christmas as a freak snowstorm blanketed the Tri-State district today with a mantle of white and temperatures dipped to the freezing mark.

About half an inch of snow fell in the Ohio Valley but Northern Ohio got much more. It was unusual but not unexpected as the Ohio weatherman Tuesday had forecast snow, mixed with showers. The skidding temperature, which reached the freezing mark of 32 degrees in the downtown this morning, changed showers to snow while blustery winds accompanied the winter - like twist to the weather.

Chester Whitehouse, Columbiana County superintendent of the State Highway Department, said no cindering was required on the highways but two trucks were sent out from the Leetonia garage this morning to spread salt because of freezing.

Area roads were slippery in places earlier today, the Ohio Highway Patrol at Lisbon said, but were merely wet later in the morning. No accidents were reported, officers said.

At Millport, the overnight low was 33 degrees, according to Edwin Copeland, U.S. weather observer, who said the half-inch of snow was "unusual for May."

Copeland said in a check of his 70-year records, snow has fallen about every three years in May, but generally only a trace on such occasions.

Snow fell in April in traces about

Deaths and Funerals

Retired Ware Worker Dies

Edwin Barnett, 948 Bank St., a retired potter and a World War I veteran, died Tuesday at 9:30 p.m. at Goldie's Rest Home after a brief illness. He was 85.

Mr. Barnett was born in Burslem, England, to the late Mr. and Mrs. Jeremiah Barnett, and was employed last as a kilnhand at the Edwin M. Knowles China Co. He served with the Canadian Expeditionary Forces in the war. He was a member of St. Stephen's Episcopal Church and an honorary member of the IBOP.

He is survived by a son, Edwin Barnett Jr. of East Liverpool; two daughters, Mrs. Bessie Sayre of East Liverpool and Mrs. Nellie Kay of Warren, and seven grandchildren and 10 great-grandchildren.

The Dawson Funeral Home is arranging services.

Frank Allison

Frank Wilbur Allison, 78, of Highlandtown, a retired carpenter, died Tuesday at 8:15 p. m. at the home after a brief illness.

Mr. Allison was born in Salineville Aug. 31, 1884, to the late James Jason Allison and Margaret Eidenour Allison, and resided in the Salineville area virtually his lifetime. He worked for the Pennsylvania Railroad Co. for 23 years before retiring 13 years ago. He was a member of Riley's Methodist Church near Salineville. His first wife, Mrs. Julia Gearin Allison, died March 13, 1938. He was married Dec. 24, 1941, to the former Edith Metts, who survives at the home.

Other survivors include a son, William C. Allison of Salineville; a sister, Mrs. Jessie Dilley of Youngstown and four grandchildren and four great - grandchildren.

Services will be held Friday at 2 p. m. at the Salineville Methodist Church by the Rev. Allen E. Rose, pastor, assisted by the Rev William A. Hewitt, pastor of the Wellsville Central Methodist and the Highlandtown Methodist Churches. Burial will be in Woodlawn Cemetery, Salineville.

Friends may call at the family home Thursday afternoon and evening.

The MacLean Funeral Home in Wellsville is in charge of arrangements.

Walter Clark

Services for Walter Clark of Canton, a former East Liverpool resident who died Monday at 4 p. m. in Aultman Hospital following a long illness, will be held Thursday at 1 p. m. at the Kreighbaum Funeral Home, 4038 Cleveland Ave. SW.

Mr. Clark is survived by his widow, the former Bessie Pugh of Wellsville; four sons, Merle Clark and Walter Clark Jr., both of Canton; Richard Clark of Louisville and Emerson Clark in Texas; three married daughters, Cleo, Patricia and Esther, all of Canton; five brothers, Bert Clark of Wellsville, Harry Clark of Globe, Ariz. Russell Clark of Largo, Fla. Robert Clark of Alliance and Jack Clark of Youngstown; a half-brother, Charles McKay of Lake Worth, Fla., and two sisters, Mrs. Dorothy Donitelli of Pittsburgh, and Mrs. Marguerite Fetters of Canton.

Burial will be in Canton.

Floyd Shamp

Services for Floyd (Pete) S. Shamp, 1048 Dresden Ave., will be held Thursday at 2 p. m. at the Martin Funeral Home. John Mostoller, minister of the First Church of Christ, will officiate. Burial will be in Spring Grove Cemetery. He died Monday at the Fox Nursing Home in Chester.

Survivors include a half - sister, Mrs. Mary Dotson of Vanport.

Friends may call at the funeral home tonight.

Quiz In Blast Will Continue

WEIRTON — Further sessions are planned today in a probe launched Tuesday into a blast which demolished a home in the Kings Creek area of Weirton Monday afternoon, killing 5-year-old Peggy Ann Conley and seriously injuring her pregnant mother and two step - sisters.

Weirton city authorities Tuesday afternoon met with the officials of the Manufacturers Light & Heat Co. to probe the explosion, apparently caused by gas that accumulated in the house after a gas line was cracked by a bulldozer repairing a street.

City Manager Edward A. Ewing said Tuesday afternoon, immediately following the five - hour probe, that the timetable in the series of events leading up to the blast which wrecked the Floyd Conley home has been established.

Among those called to testify during the session were Andrew Olenick, acting police chief; Guy Little, street department superintendent, and John McGown, bulldozer operator for the Jim White Construction Co.

McGowan's arms were bandaged to the elbows. He was burned while helping put out the flaming clothing of the mother and three girls.

Kallay Ann Long, 2, remains in "critical" condition at Pittsburgh Children's Hospital.

Mrs. Marjorie Conley, 26, the mother of the children, and Susan Long, 5, both are in "critical" condition at Weirton General Hospital.

The child died at Weirton General Hospital shortly after the explosion. The blast leveled the dwelling and caused an estimated damage of $50,000 to other homes in the neighborhood.

Center Trustees Air New Loader Machine

LISBON — Discussion on a possible purchase of a front loader for loading dirt, slag and gravel was held by the Center Township trustees at a meeting Tuesday. No action was taken on the equipment, priced at around $15,000.

The summer dust program was also discussed, but no definite action was taken. Bills of $2,200 were ordered paid. Next meeting is May 15 in the offices above the Farmers National Bank.

Stolen base champion Maury Wills says Larry Jackson, Warren Spahn and Roger Craig were the pitchers who gave him the most trouble on the bases last season when he stole 104 times.

City Autoist Injured In Rochester Mishap

Malcome Milne, 71, of 1273 Erie St. was treated at Rochester General Hospital in Rochester Tuesday afternoon for injuries in a two-car accident.

Milne was driving through an intersection when his car was struck by one driven by Miss Carol Moorhead, 18, of Rochester.

Milne, Miss Moorhead, and a passenger in the Moorhead car, Miss Marie McCuster, 19, also of Rochester, were treated for minor injuries.

Damage was light, authorities said.

Driving On Rim Costs Man Fine In Chester

A 40-year-old East End man, arrested in Chester Friday for driving a vehicle with a tire off one wheel, was fined $25 and costs Tuesday night by Chester Mayor Harry Abrams for driving on a rim.

Charles Eddy, 1503 Pennsylvania Ave., was arrested by Acting Police Chief Clarence Lennens.

John Smusz, 27, of 689 Lincoln Ave. forfeited a $15.50 appearance bond on a charge of improper registration. He was cited Friday on 1st St. by Patrolman Clifford Bebout.

What's Wrong With A Lottery?

Gov. John W. King of New Hampshire has signed a sweepstakes bill. Massachusetts and Vermont will follow suit. Lottery lunacy is loose again.

The fat is in the fire.

The money's in the bag and the lottery promoter's hand is in the public pocket.

What's wrong with a lottery? The question is always asked and never answered satisfactorily.

There's nothing wrong with a lottery as such. The trouble is not with the gamble but the gamblers.

THE UNITED STATES was built with lotteries.

George Washington bought the first ticket in a lottery authorized by the Continental Congress to pay for the Revolutionary War. Lotteries flourished until late in the 19th century.

By 1920 no less than 70 lotteries had been authorized by Congress. All progressive states were running lotteries. The idea had spread like wildfire. It was the obvious, the easy way to raise public money.

But it was all over before the end of the century. The famous Louisiana Lottery was the last public lottery; it was outlawed by Congress in 1890. What happened?

The people who ran lotteries mishandled the money. They cheated the people who bought the tickets and robbed the public purse. They couldn't stand prosperity.

TODAY, only governments that maintain themselves catch-as-catch-can by filching pennies from the poor tolerate public lotteries. Yet the idea of lotteries continues to fascinate public officials, who drool at the thought of getting rid of the pain of ever-higher taxes by substituting pleasant gambling for unpleasant taxpaying.

The United States and its states might have to fall back on lotteries as a last-ditch resort if a taxpayers' revolt is brought on with inequitable and confiscatory taxes.

A state of desperation must have been reached in New Hampshire, which last November elected its first Democratic governor since 1924 and its first Democratic U.S. senator in history.

But in the country as a whole public lotteries are still what they have been since the 19th century—a temptation too strong to be withstood by the corruptible and over-greedy public officials.

'Spell The Name Right, Please'

Paul Hornung, the suspended professional football player, is discovering something about his countrymen that may surprise him, but it shouldn't. It happens all the time.

His offense was to bet on football games in violation of National Football League rules and the terms of his contract with the Green Bay Packers. When caught, he was suspended from football. No one argues about the penalty or the necessity of keeping gambling at arm's length in professional football.

But all the players who have been disciplined for breaking the rules, including Hornung, are now learning something about public reaction. They are not in public disgrace. Instead, they are in public attention.

Publicity pays. It pays movie actors, lecturers, Nazi submarine commanders and reformed Commie subversionists. It pays for retreaded alcoholics, prison habitues and femmes do joie who write books about their lurid experiences.

Football player Hornung was singled out for special adulation when he went to a testimonial dinner for Bob Cousy, the great basketball player, in Worcester, Mass. The unusual attention apparently surprised him—but it shouldn't have.

Nothing pays off like publicity. Or as they are supposed to say in show business, "Say anything about me you want but spell my name right."

Man On The Moon

Dr. Hugh L. Dryden, deputy administrator of the National Aeronautics and Space Agency, has fired back at critics of the $20-billion project to put a man on the moon and bring him back alive.

He denies that NASA ever claimed the project would pay for itself in scientific returns. It is primarily an engineering problem, he exlained to the U.S. National Committee of the International Scientific Radio Union. It is not a scientific project.

Knowledge gained through it will help prepare the United States for civil and military uses of space, but there should be no thought of trying to justify the man-on-the-moon program by "spillover" benefits, for science and industry, which is the credo that Vice President Johnson has been preaching.

What, then, does justify the man-on-the-moon program?

The firmest justification is the certainty the Soviet Union will try to put a man on the moon before the United States can put a man there.

It is the realization that in the battle for men's minds the nation first on the moon will be first on the earth.

The United States had a foretaste of what it was like to finish second when the Soviet Union put up the first Sputnik. That time, it lost by default; it wasn't trying. This time it's trying.

Exiles De Luxe

One wonders sometimes about refugees fleeing from the heavy hand of Communist authoritarianism. If one is a Floridian one must wonder all the time.

Florida is swamped with refugees from Cuba. The state itself is unable to cope with the problem of housing and feeding them. The federal government has not reacted adequately.

Cubans who have given up hope of getting rid of Fidel Castro and Communism in their island are proving to be an indigestible lump when they flee to Florida. Even if they were distributed throughout the country as were the Hungarian refugees, they would be a consequential problem.

At a time when unemployment totals are high and rising, the addition of Cuban job-seekers stirs resentment among Americans. No one blames Cubans for wanting to be out of Cuba, but nothing could be more convenient for the Castro regime than to have them out.

These people represent the hope of overthrowing Castro from within. For him and his Russian sponsors to be rid of them is a decided advantage. Otherwise, the Communists themselves would have to get rid of them at their own expense.

For them to find refuge de luxe in the United States, where they can do no harm to Cuba and will become a long-term problem for America is as handy as it was to get the implacable foes of Communist authoritianism out of Hungary and East Germany.

Upheaval

By Truman Twill

Anyone who expects to live 25 more years will see education turned upside down.

All signs point to the forthcoming eruption of an earthquake that will shake down, level out, burn up and bury all educational practices not dynamic enough to sustain themselves.

It would be foolhardy to guess exactly what will happen, or even to hope it will be for the best. It might just as easily be for the worse.

It very well could be for the worse if, during the upheaval, educationists get the upper hand, instead of teachers.

An educationist is a technician in teaching. The educationist may or may not be a teacher, may or may not be educated in something more than the technique of teaching. He may have prepared himself to teach something, but not necessarily.

A teacher, on the other hand, is someone who likes to teach—someone with a built-in instinct to lead others through the labyrinths of knowledge.

Many college and university teachers know nothing about the technical aspects of teaching. If they know their subjects and can make it attractive, they do not need to know anything about the technical aspects.

On the other hand, a technician who knows nothing about subject matter can do no more than listen to droning playbacks of textbook material. This is not teaching. It is monitoring.

This is the issue between teachers and technicians.

Some teachers know everything the technicians know about educationism, which is fine.

But technicians who know nothing the real teachers know about their subjects are a mockery. They may come out on top in the upheaval, but if they do we're in bigger trouble than we are now—and the trouble is bigger now than we know how to handle.

The brightest spot in sight is the "boob tube," otherwise known as the "gawk box." No mere technician could survive more than three minutes on the tube and if one thing's sure about the future of education it's the use of gifted teachers to instruct thousands of pupils simultaneously on television.

When pupils have grasped the idea with the help of an inspired and skillful teacher, the technicians can do the potato-sorting. Educationism cannot stand TV exposure, because it's not the real thing.

There's a move to close down all remaining "teachers colleges" in this country and make all would-be teachers attend general purpose colleges and graduate schools.

The stakes are large in a showdown between educators and educationists. The stakes are the children of the American people and their right to be educated.

Why do so many members of the upcoming generation and the downsliding generation give no evidence of having learned anything in school? It must be because they never actually were taught anything. Provided, that is, they were able to learn anything. If not, that cannot be blamed neither on educationists nor educators, just nature.

Under current conditions in America, a new marriage has about a one-in-four chance of ending in divorce. And despite a prevalent belief that children keep a marriage together, more than 40 per cent of couples who obtain divorces have children.

The Going Could Be Rough

Labor Works On 'Portable Pensions'

By Victor Riesel

Mark well the slogan "portable pensions." Soon it will be a household conversation piece, a phrase as common in labor's glossary as the 30-hour week and guaranteed annual wage. Soon "portable pensions" — which can be "carried" by working people not only from job to job in a single industry, but from industry to industry, from city to city, from coast to coast—will become one of labor's insistent national demands.

Victor Riesel

The phrase means that a musician or an actor who suddenly is workless and must sell shoes or wait on tables for a few days, or a coal miner or a steel worker who is bumped by automation and moves from the North to the Southwest and works a few days en route in a laundry or motel, will be credited for this temporary employment in a national private central fund with retirement points which will increase his eventual pension.

THUS PORTABLE pensions—a private social security system—could be carried about like a savings account. They will give workers, especially the older folks, a sense of security. They will ease unemployment because they will make possible early retirement and thus create job vacancies. It can all be done now because of the wizardries of electronic computers.

Therefore automation has two faces. One gloomy—where jobs are eliminated. One a happier mein—because the second face and phase can help solve the problems of the first.

Almost unnoticed, portable pensions already have begun to spread through the economy. I'm indebted to the erudite Robert Paul, a colleague of mine at the international conference of the American Foundation on Automation and Employment, Inc. in London and Geneva, for examples of burgeoning mobile pensions.

Mr. Paul, senior vice president of Martin E. Segal & Co., advisers on some 800 labor-management pension funds, points to two specific pension pools. One is among the carpenters in California, the other among the nation's musicians.

THE MULTI-EMPLOYER carpenters' pension funds in Los Angeles and San Francisco cover 75,000 carpenters who work for more than 10,000 contractors in California. The employers contribute monthly to the pension funds. The records of workers' earnings are kept on high-speed automated electronic equipment.

By merely pushing two buttons, one can learn in literally less than three minutes how many pension credits a carpenter has accumulated over the years—even if he worked for 50 different contractors on jobs ranging from one day to six months.

This vast pension system makes it possible for men to get pension credits where only a short time ago it would have been impossible because they might not have worked for one company long enough and there really was no way of tracking their movements and recording their shifts from company to company.

A more unique system has been set up by the American Federation of Musicians, led by its president, Herman Kenin. With electronic controls, it now is possible to learn in a few minutes where a musician worked—whether it was a one-night stand at a wedding or in a Hollywood studio, or for months with some big-city philaharmonic.

ANY EMPLOYMENT among the 250,000 musicians who may work from time to time with employers who contribute to the pension fund will be recorded on the automated electronic equipment. Thus the total contributions will be credited to the musician toward his ultimate pension at retirement age.

There are similar areawide, industrywide and nationwise programs in the maritime, baking, machinists, clothing, construction, entertainment and paper making fields.

But all of these pension plans today are limited to one industry. However, with automation disemploying workers, the jobless must be retrained and shifted to other areas where jobs are available.

This is important so they don't become demoralized and a burden to themselves and their communities through long joblessness.

Therefore hundreds of thousands will be shifting to other industries and other parts of the nation and perhaps back again. Therefore the move is on to have them carry their pension credits with them wherever they go, and to whatever trade they switch. This could help the railroad, steel and auto workers who are being displaced.

IT COULD BE done through a nongovernment mechanism. This central organization could function through a network of regional electronic centers.

Thus automation, while bumping workers, would create new jobs not only by making possible portable pensions, but by becoming a vast new industry iteself. This would be the production of computers, their programming, memorizing, servicing and headquartering.

Automation has two faces—though one electronic brain. It can solve the problems it creates.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — A quartet comprised of William Stevenson, John W. Coleman, Wilbur Glenn and Wilbur Newman began a series of weekly programs over radio station WJAS in Pittsburgh.

C. J. Berg was elected president of the Wellsville Rotary Club.

TWENTY YEARS AGO — The Second War Loan Drive closed in Hancock County with a total of $3,339,049, collected, Glenn D. Hughes, chairman, reported.

The Pleasant Heights PTA renamed O. E. Hall as president.

TEN YEARS AGO — East Liverpool High School won the sectional baseball championship as Rudy Trbovich blanked Toronto, 3-0, striking out 16.

A month-long observance of the 90th anniversary of St. John's Evangelical Lutheran Church began with special services.

'Explosive'

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen of Illinois today called the Middle East situation "explosive and dangerous" and said it holds the threat of a third world war.

Dirksen thus added his voice to bipartisan expressions of fear of possible Arab aggression against Israel.

"If we expect to maintain peace and to prevent a war erupting in the Middle East, as is always a threat, we are going to have to monitor the situation very carefully," Dirksen said in an interview.

"You cannot permit the situation to drift too long, because drift is always dangerous," he added.

Sen. Jacob K. Javits, R-N.Y., who spearheaded a flood of Senate speeches Tuesday demanding U.S. intervention, predicted there will be increased pressure "for a change in our policy of drift."

Javits proposed, among other things, that the United States attempt to get Britain, France, and other Western nations to join it in a collective defense agreement with Israel. He warned that "time is running out on peace in the Middle East."

GRIN AND BEAR IT — By George Lichty

". . . And if we vote to limit foreign aid, gentlemen, let's remember we'll be limiting the need for junkets to see how it's being spent!"

A Shrewd Khrushchev

By David Lawrence

Red Premier's Action Stirs Speculation

Nikita Khrushchev is a smart politician. If he had been born and raised in Britain or France or the United States, he might well have won high office by election. He knows how to evade some issues and capitalize on others. He knows the art of deception in politics, and is one of the most skillful practitioners of "managed news" in the world today.

David Lawrence

So it isn't surprising to read that the Soviet demagogue now is applying to himself an old rule of politics: "Never wear out your welcome — don't wait till you are thrown out. Beat them to the punch."

Khrushchev has made the first move. He points out, in a speech to his party, that he now is 69 years old and can't "hold for all time" the position he now has "in the party and the state." He doesn't indicate whether he might give up his post as Soviet premier or as first secretary of the Communist party.

Merely to mention, as Khrushchev did in his speech, that he might relinquish one or both posts will stir up all the political animals in the higher ranks of the government and the party in the Soviet Union. It's always risky to speak of a prospective ending of one's career in politics, though at times it produces a rebounding effect. The people — meaning one's strong supporters — sometimes feel the time is ripe to mobilize sentiment to get the leader to stay on.

IT COULD BE that Khrushchev is just testing his own strength. If he is "drafted" to stay on in both jobs, he can emerge stronger than ever, internally speaking.

But if some other influential politician reaches out for either of the two posts, it's quite conceivable that Khrushchev will prefer to give up the premiership and continue with the job of party secretary. So far as day-by-day work is concerned, this is less burdensome, and in that post he could exercise almost as much control as he could as head of the government.

Ambitions will be stirred in the Kremlin by the news of prospective change. The men on their way up will look enviously at the high posts that would become vacant. For certainly promotion will come from within the present government circle.

In a sense, however, the change in the premiership will be a test of strength. If Nikita Khrushchev is really not as popular inside the Soviet Union as the outside world has been led to believe, the decision to shift posts could really be a shrewd move on his part to pass the buck to others who have been criticizing him in the secret councils of the party.

In a country of 210 million persons, it is not easy to assure uniform enthusiasm for any leader for any length of time. Economic troubles produce a constant discontent. Unquestionably, conditions are better for the average family than they were a decade or more ago, but human beings are not satisified with half measures.

KHRUSHCHEV has been able to prevent the discontent from boiling over into revolution by keeping a war scare going. He has talked of alleged threats of aggression by the West and has dramatized the possibilities of nuclear war.

All this has furnished an excuse for huge spending on armament instead of for making substantial improvements in the standard of living. But, sooner or later, even war scares die down and the news percolates through from the outside that danger of war is receding. This puts the Soviet leadership on the spot.

News reports from Moscow tell of the serious economic problems that have gone unsolved in the Soviet Union — agricultural and industrial.

Khrushchev devoted most of his three-hour speech the other day to domestic ills. Some note is taken of Khrushchev's difficulties in the diplomatic field, but basically the Russian people want their money spent inside Russia and not on foreign aid programs all over the world.

The debate with Red China on ideological issues gets some attention inside Russia but, for most of the Soviet people, it's an abstract issue.

They don't want a lot of money spent for Red China, either.

They want homes of their own, where there are no longer six people sleeping in a single bedroom.

They want better food and more of the comforts of life.

They are thinking of internal rather than external problems — and the former are the hardest to solve.

It's easier for Nikita Khrushchev to make speeches condemning capitalism and extolling Communism than it is for him to set up an economic system that accomplishes what the United States has attained — or even what Continental Europe, with its common market formula, is beginning to achieve — in the domain of economic prosperity.

SO THE SOVIET leader, who has turned many somersaults—including his denunciation of Stalin, his bosom friend of yesteryears—may be on the way out of two jobs, though probably for a while he will cling to one. Maybe if conditions get worse, he will be retired before long from the second one, too. For Joseph Stalin once made a significant remark to a skeptical American — the late Harry Hopkins — who had arched his eyebrows in disbelief when the Soviet chief said he also had to be mindful of public opinion. Stalin retorted: "Oh, yes, we have our public opinion, too."

In the Soviet Union today, 210 million people can upset any man or group of men at any moment they decide to exercise their concerted will. And Khrushchev recognizes a political current even before it reaches the proportions of a tidal wave.

Like Two Tanks

By James Marlow

WASHINGTON

President Kennedy and Premier Khrushchev act like two tanks which collided and, chastened by the experience, shut their motors off to let them cool.

True, there's grim tension in Laos. But there was tension there a year ago. Fighting in Viet Nam continues from 1962. This time a year ago the Secret Army Organization was killing Moslems in Algeria. Now there's war in Yemen.

These troubles, compared with what would happen if the big powers cut loose, are only miniature reminders that in an age when man talks of being civilized it is still easier and more natural for him to be primitive than reasonable.

In Moscow today the Russians turned on the phonograph record about smashing any aggressor, although there's none in sight, and Khrushchev had the visiting Fidel Castro out of his house for dinner.

But Khrushchev, who recently discussed being 69 almost mournfully, isn't making any threats on Berlin and he isn't starting new nuclear tests although he isn't agreeing to ban them, either.

He has been almost astonishingly quiet in recent months, like a man who found that puttering around in his own Russian garden was enough to keep him fully occupied, which it probably was, since his garden isn't all roses.

There's been nothing boisterous about Kennedy, either. A year ago business was mad at him for not letting steel raise its prices. Now it seems happy that he did just the opposite a few weeks ago.

Even on such painful items as Castro and Russian troops in Cuba Kennedy has been rather reticent, too. This may indicate he doesn't have a solution but doesn't indicate he's not looking for one.

Not even a political fireman could detect a tiny flame of anger in Kennedy at a Congress where his programs have been making small progress although his Democrats overwhelmingly outnumber the Republicans.

He talked almost wistfully last week of the House Rules Committee, run by Democrats, when he said he thought the House would approve much of his program if the committee would just let it out to be voted on.

Kennedy and Khrushchev, ever since they got so unintentionally intimate that they were eyeball-to-eyeball over the Russian missiles in Cuba, have both been restrained in their public statements.

It was almost as if, in that close-up look, they got a glimpse of eternity and haven't recovered from the shock.

Thus the world is in one of its quiet moments, like evening on a pond when the wind dies down. Nevertheless, under the calm and glassy surface the bass still chase the minnows.

What's Wrong With A Lottery?

Gov. John W. King of New Hampshire has signed a sweepstakes bill. Massachusetts and Vermont will follow suit. Lottery lunacy is loose again.

The fat is in the fire.

The money's in the bag and the lottery promoter's hand is in the public pocket.

What's wrong with a lottery? The question is always asked and never answered satisfactorily.

There's nothing wrong with a lottery as such. The trouble is not with the gamble but the gamblers.

THE UNITED STATES was built with lotteries.

George Washington bought the first ticket in a lottery authorized by the Continental Congress to pay for the Revolutionary War. Lotteries flourished until late in the 19th century.

By 1920 no less than 70 lotteries had been authorized by Congress. All progressive states were running lotteries. The idea had spread like wildfire. It was the obvious, the easy way to raise public money.

But it was all over before the end of the century. The famous Louisiana Lottery was the last public lottery; it was outlawed by Congress in 1890. What happened?

The people who ran lotteries mishandled the money. They cheated the people who bought the tickets and robbed the public purse. They couldn't stand prosperity.

TODAY, only governments that maintain themselves catch-as-catch-can by filching pennies from the poor tolerate public lotteries. Yet the idea of lotteries continues to fascinate public officials, who drool at the thought of getting rid of the pain of ever-higher taxes by substituting pleasant gambling for unpleasant taxpaying.

The United States and its states might have to fall back on lotteries as a last-ditch resort if a taxpayers' revolt is brought on with inequitable and confiscatory taxes.

A state of desperation must have been reached in New Hampshire, which last November elected its first Democratic governor since 1924 and its first Democratic U.S. senator in history.

But in the country as a whole public lotteries are still what they have been since the 19th century—a temptation too strong to be withstood by the corruptible and over-greedy public officials.

'Spell The Name Right, Please'

Paul Hornung, the suspended professional football player, is discovering something about his countrymen that may surprise him, but it shouldn't. It happens all the time.

His offense was to bet on football games in violation of National Football League rules and the terms of his contract with the Green Bay Packers. When caught, he was suspended from football. No one argues about the penalty or the necessity of keeping gambling at arm's length in professional football.

But all the players who have been disciplined for breaking the rules, including Hornung, are now learning something about public reaction. They are not in public disgrace. Instead, they are in public attention.

Publicity pays. It pays movie actors, lecturers, Nazi submarine commanders and reformed Commie subversionists. It pays for retreaded alcoholics, prison habitues and femmes do joie who write books about their lurid experiences.

Football player Hornung was singled out for special adulation when he went to a testimonial dinner for Bob Cousy, the great basketball player, in Worcester, Mass. The unusual attention apparently surprised him—but it shouldn't have.

Nothing pays off like publicity. Or as they are supposed to say in show business, "Say anything about me you want but spell my name right."

Man On The Moon

Dr. Hugh L. Dryden, deputy administrator of the National Aeronautics and Space Agency, has fired back at critics of the $20-billion project to put a man on the moon and bring him back alive.

He denies that NASA ever claimed the project would pay for itself in scientific returns. It is primarily an engineering problem, he exlained to the U.S. National Committee of the International Scientific Radio Union. It is not a scientific project.

Knowledge gained through it will help prepare the United States for civil and military uses of space, but there should be no thought of trying to justify the man-on-the-moon program by "spillover" benefits, for science and industry, which is the credo that Vice President Johnson has been preaching.

What, then, does justify the man-on-the-moon program?

The firmest justification is the certainty the Soviet Union will try to put a man on the moon before the United States can put a man there.

It is the realization that in the battle for men's minds the nation first on the moon will be first on the earth.

The United States had a foretaste of what it was like to finish second when the Soviet Union put up the first Sputnik. That time, it lost by default; it wasn't trying. This time it's trying.

Exiles De Luxe

One wonders sometimes about refugees fleeing from the heavy hand of Communist authoritarianism. If one is a Floridian one must wonder all the time.

Florida is swamped with refugees from Cuba. The state itself is unable to cope with the problem of housing and feeding them. The federal government has not reacted adequately.

Cubans who have given up hope of getting rid of Fidel Castro and Communism in their island are proving to be an indigestible lump when they flee to Florida. Even if they were distributed throughout the country as were the Hungarian refugees, they would be a consequential problem.

At a time when unemployment totals are high and rising, the addition of Cuban job-seekers stirs resentment among Americans. No one blames Cubans for wanting to be out of Cuba, but nothing could be more convenient for the Castro regime than to have them out.

These people represent the hope of overthrowing Castro from within. For him and his Russian sponsors to be rid of them is a decided advantage. Otherwise, the Communists themselves would have to get rid of them at their own expense.

For them to find refuge de luxe in the United States, where they can do no harm to Cuba and will become a long-term problem for America is as handy as it was to get the implacable foes of Communist authoritianism out of Hungary and East Germany.

Upheaval

By Truman Twill

Anyone who expects to live 25 more years will see education turned upside down.

All signs point to the forthcoming eruption of an earthquake that will shake down, level out, burn up and bury all educational practices not dynamic enough to sustain themselves.

It would be foolhardy to guess exactly what will happen, or even to hope it will be for the best. It might just as easily be for the worse.

It very well could be for the worse if, during the upheaval, educationists get the upper hand, instead of teachers.

An educationist is a technician in teaching. The educationist may or may not be a teacher, may or may not be educated in something more than the technique of teaching. He may have prepared himself to teach something, but not necessarily.

A teacher, on the other hand, is someone who likes to teach—someone with a built-in instinct to lead others through the labyrinths of knowledge.

Many college and university teachers know nothing about the technical aspects of teaching. If they know their subjects and can make it attractive, they do not need to know anything about the technical aspects.

On the other hand, a technician who knows nothing about subject matter can do no more than listen to droning playbacks of textbook material. This is not teaching. It is monitoring.

This is the issue between teachers and technicians.

Some teachers know everything the technicians know about educationism, which is fine.

But technicians who know nothing the real teachers know about their subjects are a mockery. They may come out on top in the upheaval, but if they do we're in bigger trouble than we are now—and the trouble is bigger now than we know how to handle.

The brightest spot in sight is the "boob tube," otherwise known as the "gawk box." No mere technician could survive more than three minutes on the tube and if one thing's sure about the future of education it's the use of gifted teachers to instruct thousands of pupils simultaneously on television.

When pupils have grasped the idea with the help of an inspired and skillful teacher, the technicians can do the potato-sorting. Educationism cannot stand TV exposure, because it's not the real thing.

There's a move to close down all remaining "teachers colleges" in this country and make all would-be teachers attend general purpose colleges and graduate schools.

The stakes are large in a showdown between educators and educationists. The stakes are the children of the American people and their right to be educated.

Why do so many members of the upcoming generation and the downsliding generation give no evidence of having learned anything in school? It must be because they never actually were taught anything. Provided, that is, they were able to learn anything. If not, that cannot be blamed neither on educationists nor educators, just nature.

Under current conditions in America, a new marriage has about a one-in-four chance of ending in divorce. And despite a prevalent belief that children keep a marriage together, more than 40 per cent of couples who obtain divorces have children.

The Going Could Be Rough

SO THE SOVIET leader, who has turned many somersaults—including his denunciation of Stalin, his bosom friend of yesteryears—may be on the way out of two jobs, though probably for a while he will cling to one. Maybe if conditions get worse, he will be retired before long from the second one, too. For Joseph Stalin once made a significant remark to a skeptical American — the late Harry Hopkins — who had arched his eyebrows in disbelief when the Soviet chief said he also had to be mindful of public opinion. Stalin retorted: "Oh, yes, we have our public opinion, too."

In the Soviet Union today, 210 million people can upset any man or group of men at any moment they decide to exercise their concerted will. And Khrushchev recognizes a political current even before it reaches the proportions of a tidal wave.

Like Two Tanks

By James Marlow

WASHINGTON

President Kennedy and Premier Khrushchev act like two tanks which collided and, chastened by the experience, shut their motors off to let them cool.

True, there's grim tension in Laos. But there was tension there a year ago. Fighting in Viet Nam continues from 1962. This time a year ago the Secret Army Organization was killing Moslems in Algeria. Now there's war in Yemen.

These troubles, compared with what would happen if the big powers cut loose, are only miniature reminders that in an age when man talks of being civilized it is still easier and more natural for him to be primitive than reasonable.

In Moscow today the Russians turned on the phonograph record about smashing any aggressor, although there's none in sight, and Khrushchev had the visiting Fidel Castro out of his house for dinner.

But Khrushchev, who recently discussed being 69 almost mournfully, isn't making any threats on Berlin and he isn't starting new nuclear tests although he isn't agreeing to ban them, either.

He has been almost astonishingly quiet in recent months, like a man who found that puttering around in his own Russian garden was enough to keep him fully occupied, which it probably was, since his garden isn't all roses.

There's been nothing boisterous about Kennedy, either. A year ago business was mad at him for not letting steel raise its prices. Now it seems happy that he did just the opposite a few weeks ago.

Even on such painful items as Castro and Russian troops in Cuba Kennedy has been rather reticent, too. This may indicate he doesn't have a solution but doesn't indicate he's not looking for one.

Not even a political fireman could detect a tiny flame of anger in Kennedy at a Congress where his programs have been making small progress although his Democrats overwhelmingly outnumber the Republicans.

He talked almost wistfully last week of the House Rules Committee, run by Democrats, when he said he thought the House would approve much of his program if the committee would just let it out to be voted on.

Kennedy and Khrushchev, ever since they got so unintentionally intimate that they were eyeball-to-eyeball over the Russian missiles in Cuba, have both been restrained in their public statements.

It was almost as if, in that close-up look, they got a glimpse of eternity and haven't recovered from the shock.

Thus the world is in one of its quiet moments, like evening on a pond when the wind dies down. Nevertheless, under the calm and glassy surface the bass still chase the minnows.

Paper Found In Cornerstone Tells Of 1905 Diamond Fire

Municipal Judge Samuel M. Chertoff has been presented with two old newspapers found sealed in a metal container inside the cornerstone of a business building at E. 5th and Market Sts. that was razed to clear the way for erection of a modern structure.

They are the March 2, 1905, edition of The East Liverpool Tribune, filled with stories of the so-called "Diamond fire" that burned out the heart of the business district the day before, and the Aug. 25, 1898, edition of The Daily Crisis.

A workman who found the two newspapers turned them over to Patrolman Charles A. Winters, who gave them to Judge Chertoff. Although yellowed and torn slightly in spots, the newspapers both are in a good state of preservation.

The Tribune, a morning newspaper, printed a 4 a. m. edition the day after the "Diamond fire." The lead story carries the headline: "Walls Left Standing Will Be Torn Down Immediately" and declares that the damage would exceed $500,000, a high figure in the days just after the turn of the century.

The same edition advertised Diamond Club Whisky at 50 cents a pint and 12 quart bottles of ale for $1.

The 1898 issue of the Daily Crisis carries a long account of the death of Pvt. Okey J. Eddy, the soldier for whom Pvt. Eddy Post 66, Veterans of Foreign Wars, took its name.

The account relates that Pvt. Eddy died aboard the transport Mohawk which was carrying a contingent of East Liverpool Spanish - American War soldiers home from the battlefields in Cuba.

It carries an advertisement of the First National Bank listing David Boyce as president. Thomas H. Fisher, later to serve as president for many years, was an assistant cashier in 1898.

Education

(Continued from Page One)

opposition that makes the House leadership reluctant to risk a floor fight.

The decision to dump the general school aid provisions was reached Tuesday at a meeting of Powell and his subcommittee chairmen.

The committee leaders voted to try for an omnibus bill containing seven sections, most of which expand or continue existing programs.

They include: A one-year extension of aid to school districts crowded because of federal installations, expansion of vocational education, grants for education of handicaped children, expansion of aid to public libraries, grants to improve the quality of teaching, strengthening of federal-state-local cooperative educational research programs, and expansion of student-loan and other provisions of the national defense education act.

4 More Land Owners Sign In Soil Project

LISBON — The Board of Supervisors of the Columbiana County Soil Conservation District Tuesday evening approved four more co-operators. They are:

Herbert Stryfeeler of Salem R. D. 2, 53 acres; Harvey Stryffeler of Salem R. D. 2, 119 acres, and Robert Hoopes of Salem R. D. 2, 160 acres, all in Butler Township, and Rudolph Moroscher of Salem R. D. 3, 50 acres in Salem Township.

Herman C. Reuter gave his monthly report which showed five basic planning drawings and 10 field accomplishments.

Next meeting is May 28 at 8:30 p. m. in the conservation office on E. Washington St.

Cheered In Cambodia

TOKYO (AP) — President Liu Shao-chi of Communist China arrived in Phnom Penh, Cambodia, today and was cheered by "several hundred thousand people," Radio Peking announced.

Hancock

(Continued from Page One)

March 30 order, they were not giving taxpayers enough opportunity to protest the assessment.

His opinion was that in effect the commissioners were taxing the property owners without representation, which is a violation of the Constitution of the United States and West Virginia.

The commissioners agreed to meet as a Board of Equalization and Review during the third and fourth weeks of this month.

They decided to meet four days and six evenings.

—:—

THE DAYLIGHT hours will be 10 a. m. to 3 p. m. and the evening hours from 6 until no one else appears.

The board will be held May 17, 18, 25, 28, during the daytime and on May 20, 21, 22, 23, 24 and 27 during the evening.

The commissioners had already met for 18 days as a board. This was in February.

The decision of the commissioners effects all levying bodies in the county because they already have completed their 1963-64 fiscal budgets and levies. Any large changes in the assessments will force each to draw up new budgets.

The levying bodies are city Councils of Weirton, New Cumberland and Chester, the Board of Education and the county commissioners.

—:—

HOWEVER, G. Thomas Battle, state tax commissioner, who attended last night's meeting, told the commissioners that unless the change in assessment was more than $100,000, it would not effect any of the budgets.

Hancock County Supt. Robert Hall told the court the Board of Education was faced with a financial problem and has been counting on receiving the added revenue which the reappraisal program will bring. Hall explained the people of Hancock County want new and better schools because of the large vote on the school bond issue passed two years ago.

The commissioners discussed Judge McClure's opinion on the writ of prohibition with Don Donnell, assistant prosecutor, and Battle. After a five - minute recess, in which they discussed the situation privately, they decided to reconvene and use the reappraisal figures. William C. Graham presided.

Found Asleep In Auto, Men Given Jail Terms

Driven to take refuge in an auto when snow and cold weather moved into the district early today, three men were arrested on trespassing charges by police.

Two of the defendants identified as Albert Donahue and William Fisher were given 30 - day terms in County Jail and fined $50 and costs when they pleaded guilty to the charge this morning before Municipal Judge Samuel M. Chertoff. The third, listed as David Coleman, got off with a $50 fine.

Patrolmen Jerry Adkins and Charles A. Winters reported they found the three asleep at 8:20 a. m. today in a car on the Horn Switch railroad property owned by Central Service, Inc. Judge Chertoff said he showed leniency to Coleman as he has not been as frequent an offender as Donahue and Fisher.

Driver

(Continued from Page One)

toff, Virden requested a continuance to alow him to obtain counsel. His hearing was set Friday at 9 a. m. Bond was fixed at $500. No plea was entered.

A hearing also is set Friday at 9 a. m. for Lonzo Williams, 14 4th St., Midland, facing a charge of being in physical control of an auto while intoxicated.

Williams was cited at 9:43 p. m. Tuesday on Market St. by Patrolmen J. A. Walsh and K. J. Montgomery, police said. He also requested a continuance to obtain counsel and his bond was fixed at $500.

A 19-year-old East End youth arrested in Williams' car was fined and given a suspended jail sentence on two charges.

Ronald E. Clark, 449 1st Ave., was fined $10 and costs on an intoxication charge and given a suspended 30-day jail term on a charge of consuming alcoholic beverages while in an auto. He pleaded guilty to the intoxication charge and not guilty to the other accusation.

The officers testified Clark was drinking from a bottle of wine with the trade name "Wild Irish Rose." The label showed a 20 per cent alcoholic content, they said.

Judge Chertoff commented that he suspended the jail sentence because Clark said he expects to enter the armed forces soon. He warned the youth to stay out of taverns and instructed him to report to the court when he is accepted for the armed forces.

22 Face Trial

DAMASCUS, Syria (AP)— Former President Nazem El Kudsi, three ex-premiers and 18 other so-called "enemies of the people" will be tried by a special court on charges ranging from extravagance to disrupting the unity of Syria and Egypt.

Railroad Gets Warning On Health Peril

The Board of Health today sent a strong letter to the Pennsylvania Railroad, demanding that it take immediate action to eliminate what it termed a dangerous health hazard and unsightly conditions existing in the vicinity of the Mulberry St. crossing.

In the letter signed by Health Commissioner Septimus Cook, the board said it has tried on numerous occasions to have corrective steps taken without results.

The board said its complaints concern the Mulberry St. crossing and the area along the tracks from Virginia Ave. to Beleek St.

Addressed to the Pennsy's regional engineer in Pittsburgh, the letter declared:

"For the past several years the Board of Health of East Liverpool has tried on repeated occasions to obtain from you a correction of unsanitary and unsightly gutter violations existing along the Pennsylvania Railroad crossing at Mulberry St. and on both sides of the tracks as far north as Virginia Ave. and as far south as Beleek St.

"We now insist that these conditions be eliminated and abated at once:

"1 — Drainage completely stopped, creating a dangerous health hazard.

"2 — Stagnant water — with its disease potential and odor, it has an extremely ill effect on our population residing on both sides of the tracks.

"3 — Old railroad ties and old pieces of tin strewn along the tracks causing an unsightly condition.

"4 — Negligence on the part of the Pennsylvania Railroad in not having these gutters properly drained and cleaned out as often as needed to prevent a recurrence.

"We request you give this your immediate attention. In fact, we demand correcting results be obtained."

Koppers Reports Dip In Quarter Revenues

Koppers Co. sales in the first quarter of 1963 amounted to $64,474,000, compared to $64,457,000 in the corresponding period last year, Fred C. Foy, chairman, and F. L. Byrom, president, reported to the company's Board of Directors at Pittsburgh.

Net income in the quarter just completed was $1,265,000, compared to $1,720,000 earned in the first quarter of 1962. After provision for payment of preferred dividends, net income was equivalent to 50 cents per share of common stock in the first quarter of 1963, and 69 cents per share in 1962.

The Koppers executive noted that the company's results in the past quarter were penalized by abnormally severe winter weather, which at times made it impossible to work on construction projects. The bad weather also resulted in customer requests to delay shipments of some building materials orders.

Lisbon GOP To Meet

LISBON — "The History and Future of the Republican Party" will be discussed by Prosecutor G. William Brokaw when the Mid-County Republican Club meets Thursday at 7:30 p. m. in the Village Hall. Invitations were given to the mayor, Council and all village officials to attend.

Man, Woman Suffer Burns

A Y. & O. Rd. woman burned when gasoline flared from a furnace and a Chester man burned on an oven were among eight area residents treated Tuesday at City Hospital.

Mrs. Bonnie Bowyer, 25, of the Y. & O. Rd. suffered first and second degree burns of the face and forearm when she threw gasoline into a furnace.

Glenn Robinson, 47, of 1052 Pan Ave., Chester, received first and second degree burns of the right forearm on an oven.

Mrs. Ella Vaness, 1811 Chester Ave., Wellsville, was treated last night for lacerations of the face and bruises of the legs received in a fall from a stepladder at home.

Deann Murphy, 7, daughter of James Murphy of Georgetown R. D. 1, suffered a foot injury when the marble top of a table fell on her foot.

While at work at the New Castle Refractories, Alfred Mobley, 25, of 521 Church Alley suffered a laceration of the thumb when caught in a clay mixing machine.

Rebecca Hopper, 16, daughter of John Hopper of 7th Ave., LaCroft, received a back injury on a trampoline at a gym class.

Mrs. Ruth Fitzsimmons, 42, of 1317 Hillcrest Rd., Wellsville, suffered an injury to the right ankle in a fall down stairs at home.

Robert Boyce, 26, of Phoenix Ave., Chester, received a cut of a finger of the left hand on machinery at work at the Harker Pottery Co.

Board Arranges Distribution For Polling Supplies

The County Election Board is preparing to distribute supplies for 101 precinct polling places for the primary elections next Tuesday in four cities and special elections in two other communities.

Supplies for precincts in the northern end of the county will be distributed Saturday from 9 to 11 a. m. at the Courthouse in Lisbon. Those for East Liverpool will be handed out Monday between 9 a. m. and 4 p. m. at the board's office on W. 6th St. The Wellsville supplies will be distributed at 6:45 p. m. Monday at the water works office in Wellsville City Hall.

Primaries are scheduled in East Liverpool, Wellsville, East Palestine and Salem. At the same time, the Leetonia and Lisbon School Districts will vote on levies at special elections.

The board today sent two assistant clerks to county rest homes and hospitals to deliver disabled voters' ballots to patients who requested them for the primaries. The deputies — of opposite political parties — also will supervise the voting.

100 Seek Wool Aid

LISBON — One hundred persons filed 1962 applications for payment of shorn wool, which closed Tuesday, according to Clifford F. Shaw, chairman of the Columbiana County Agriculture Stabilization and Conservation committee. The marketing year ended March 31 and the incentive payment applications had to be in by April 30, Shaw said.

Railroad Gets Warning On Health Peril

The Board of Health today sent a strong letter to the Pennsylvania Railroad, demanding that it take immediate action to eliminate what it termed a dangerous health hazard and unsightly conditions existing in the vicinity of the Mulberry St. crossing.

In the letter signed by Health Commissioner Septimus Cook, the board said it has tried on numerous occasions to have corrective steps taken without results.

The board said its complaints concern the Mulberry St. crossing and the area along the tracks from Virginia Ave. to Beleek St.

Addressed to the Pennsy's regional engineer in Pittsburgh, the letter declared:

"For the past several years the Board of Health of East Liverpool has tried on repeated occasions to obtain from you a correction of unsanitary and unsightly gutter violations existing along the Pennsylvania Railroad crossing at Mulberry St. and on both sides of the tracks as far north as Virginia Ave. and as far south as Beleek St.

"We now insist that these conditions be eliminated and abated at once:

"1 — Drainage completely stopped, creating a dangerous health hazard.

"2 — Stagnant water — with its disease potential and odor, it has an extremely ill effect on our population residing on both sides of the tracks.

"3 — Old railroad ties and old pieces of tin strewn along the tracks causing an unsightly condition.

"4 — Negligence on the part of the Pennsylvania Railroad in not having these gutters properly drained and cleaned out as often as needed to prevent a recurrence.

"We request you give this your immediate attention. In fact, we demand correcting results be obtained."

Koppers Reports Dip In Quarter Revenues

Koppers Co. sales in the first quarter of 1963 amounted to $64,474,000, compared to $64,457,000 in the corresponding period last year, Fred C. Foy, chairman, and F. L. Byrom, president, reported to the company's Board of Directors at Pittsburgh.

Net income in the quarter just completed was $1,265,000, compared to $1,720,000 earned in the first quarter of 1962. After provision for payment of preferred dividends, net income was equivalent to 50 cents per share of common stock in the first quarter of 1963, and 69 cents per share in 1962.

The Koppers executive noted that the company's results in the past quarter were penalized by abnormally severe winter weather, which at times made it impossible to work on construction projects. The bad weather also resulted in customer requests to delay shipments of some building materials orders.

Lisbon GOP To Meet

LISBON — "The History and Future of the Republican Party" will be discussed by Prosecutor G. William Brokaw when the Mid-County Republican Club meets Thursday at 7:30 p. m. in the Village Hall. Invitations were given to the mayor, Council and all village officials to attend.

Man, Woman Suffer Burns

A Y. & O. Rd. woman burned when gasoline flared from a furnace and a Chester man burned on an oven were among eight area residents treated Tuesday at City Hospital.

Mrs. Bonnie Bowyer, 25, of the Y. & O. Rd. suffered first and second degree burns of the face and forearm when she threw gasoline into a furnace.

Glenn Robinson, 47, of 1052 Pan Ave., Chester, received first and second degree burns of the right forearm on an oven.

Mrs. Ella Vaness, 1811 Chester Ave., Wellsville, was treated last night for lacerations of the face and bruises of the legs received in a fall from a stepladder at home.

Deann Murphy, 7, daughter of James Murphy of Georgetown R. D. 1, suffered a foot injury when the marble top of a table fell on her foot.

While at work at the New Castle Refractories, Alfred Mobley, 25, of 521 Church Alley suffered a laceration of the thumb when caught in a clay mixing machine.

Rebecca Hopper, 16, daughter of John Hopper of 7th Ave., LaCroft, received a back injury on a trampoline at a gym class.

Mrs. Ruth Fitzsimmons, 42, of 1317 Hillcrest Rd., Wellsville, suffered an injury to the right ankle in a fall down stairs at home.

Robert Boyce, 26, of Phoenix Ave., Chester, received a cut of a finger of the left hand on machinery at work at the Harker Pottery Co.

Board Arranges Distribution For Polling Supplies

The County Election Board is preparing to distribute supplies for 101 precinct polling places for the primary elections next Tuesday in four cities and special elections in two other communities.

Supplies for precincts in the northern end of the county will be distributed Saturday from 9 to 11 a. m. at the Courthouse in Lisbon. Those for East Liverpool will be handed out Monday between 9 a. m. and 4 p. m. at the board's office on W. 6th St. The Wellsville supplies will be distributed at 6:45 p. m. Monday at the water works office in Wellsville City Hall.

Primaries are scheduled in East Liverpool, Wellsville, East Palestine and Salem. At the same time, the Leetonia and Lisbon School Districts will vote on levies at special elections.

The board today sent two assistant clerks to county rest homes and hospitals to deliver disabled voters' ballots to patients who requested them for the primaries. The deputies — of opposite political parties — also will supervise the voting.

100 Seek Wool Aid

LISBON — One hundred persons filed 1962 applications for payment of shorn wool, which closed Tuesday, according to Clifford F. Shaw, chairman of the Columbiana County Agriculture Stabilization and Conservation committee. The marketing year ended March 31 and the incentive payment applications had to be in by April 30, Shaw said.

Mr. K Sends Good Wishes To Kennedy

WASHINGTON (AP) — Soviet Premier Khrushchev has sent personal good wishes to President Kennedy and assurances that the Soviet envoy in Laos has been told to work with British and American ambassadors to try to settle the Laotian crisis.

This was the oral message Undersecretary of State W. Averell Harriman said he conveyed Tuesday night to the President. It was the reply to a written message Kennedy had sent Khrushchev.

Harriman, who returned from Moscow Monday night, briefed the President on his 3½ hour talk with Khrushchev.

After his report, the tart-tongued Harriman talked with newsmen in the White House lobby.

Was he "hopeful" about a Laotian settlement, a newsman asked.

"Everybody always asks me that," said Harriman. "That (hopeful) isn't a word that's in my vocabulary."

But, he added, the civil war in Laos has been transferred from the battlefield to the political arena and it will "be there for some time to come, I think."

Why didn't Khrushchev send a written reply to Kennedy's message?

"The Beard was about to arrive," said Harriman, in reference to Cuban Prime Minister Fidel Castro, and the Soviet premier was very busy.

Hammondsville Visit Concluded

Mr. and Mrs. Robert Parsons and daughters, Shelia, Carol and Barbara, of Ghanna have concluded a visit with Mrs. Gussie Parsons and family of Hammondsville.

Mr. and Mrs. V. G. Sivard have returned after visiting his brother and sister-in-law, Mr. and Mrs. William Sivard, of Louisville, Ohio.

Mr. and Mrs. George Summers and daughter have concluded a visit with her brother and sister-in-law, Mr. and Mrs. Robert Mathews, of Columbus.

Mrs. Alice Householder and daughter, Juanita, visited in Wheeling Saturday.

Mr. and Mrs. George B. Bowser and son, Allen, of Canton visited the Stanley Bakers Sunday.

Arch Christen of Hammondsville is ill at home.

ASC Aide To Address Yellow Creek Meeting

L. Earl Lora, office manager of the Columbiana County Agricultural Stabilization and Conservation Committee, at Lisbon, will speak at a public meeting of the Yellow Creek Grange Thursday night at 9 at the Yellow Creek Grange Hall.

Lora will speak on aspects of the wheat referendum. The Grange will meet at 8:15. Russell Wright, master, will preside at the Grange meeting at which "Men's Night" will be observed. Refreshments will be served.

Wellsville

(Continued from Page One)

He was a mayorality candidate some time ago.

The Council - at - large seats are being sought by Byron O'Neill, 1403 Boyce Ave., a Crucible employe; George W. Mackall, 812 17th St., a former councilman, and Richard F. Kountz, 401 5th St., an employe of the H. K. Porter Co.

There is no candidate for solicitor on the Democrat ticket.

The Republican slate is headed by Wayne J. Rose, 1513 Lincoln Ave., an employe of the Sterling China Co., for mayor. He was defeated in the general election in 1961 by Mayor Daugherty.

Myron Weis, 1505 Buckeye Ave., owner of the Wesco Manufacturing Co., is the GOP candidate for Council president.

Incumbent Auditor Edgar S. Davidson, 625 15th St., will be seeking his second full four-year term.

The two candidates for treasurer on the GOP ticket are Thomas F. Grafton, 1720 Buckeye Ave., owner of Grafton Motor Sales, and Robert Lowther, 109½ 9th St., who is associated with the Julius Goetz & Co.

Incumbent Solicitor William Bush, 435 Riverside Ave., will be seeking his second full term.

Aguin Bowling, 421 Broadway, a former councilman and owner of the Busy Bee Lunch, is unopposed for First Ward councilman. Incumbent Dwight MacLean, 800 Main St., is the party's candidate for Second Ward. He is a retired school custodian.

There is no candidate in the Third Ward. There has been talk of a write-in, but no announcement has been made.

The Fourth Ward candidate is Norman L. Haught, 1513 Clark Ave.

Seeking the council - at - large seats are Meryle D. (Spec) Kenney, 1029 Commerce St., an employe of Sterling China Co.; Paul T. Todd, 1105 Center St., an employe of the Milliron Co., and Jerry Russell, 448 14th St., principal of Highlandtown School.

County Staff Rushed Before Tax Deadline

LISBON — A last - minute rush developed Tuesday before the deadline for filing personal property tax returns, Auditor Kenneth Bell said today.

More than 350 returns were filed Monday and Tuesday, the auditor said. As the rush was unusually late, the staff still has not had an opportunity to process returns received through the mail since last Friday, Bell said.

Personal property taxes are levied on stocks, bonds, other securities, farm equipment and other holdings aside from land and buildings, which are subject to real estate taxes.

U Thant On Trip

UNITED NATIONS, N.Y. (AP) —U.N. Secretary-General U Thant left by plane early today for a 10-day trip to Switzerland, Romania and Yugoslavia.

Officials Reject Offers Filed On Ball Field Fence

Mayor Bert H. Goodballet and Safety-Service Director Robert Owen, comprising the Board of Control, voted late Tuesday afternoon to reject all five bids received Monday on erection of a fence and a backstop at the baseball field at Thompson Park.

The bids ranged from $1,449 to $2,195. Specifications called for 705 feet of fence and a 40-foot backstop.

Owens said today the board rejected all the offers because only the two highest bids complied with state law, requiring a breakdown on the cost of labor and material. In addition, one of the bidders did not enclose a certified check to guarantee he would sign a contract if he received the award, the director explained.

Owen said the board expects to advertise soon for new bids. He said the action is expected to result in a saving to the city, as the board would have been required to accept one of the higher bids if it had acted on the offers received Monday.

Council made the project possible Feb. 18 when it agreed to allocate $2,200 out of revenue from the city income tax.

2 Motorists To Get Wellsville Hearings

Two motorists are to receive hearings today before Mayor William Daugherty of Wellsville on charges of driving while under the influence of alcohol.

They are Robert Brown, 715 W. 8th St., East Liverpool, and Harry French, 1717 Commerce St., Wellsville.

Brown was arrested at 12:15 a. m. today on Main St. He was cited after his car struck a parked car owned by Jeanette Grimm, 538 Main St., in front of her home. Brown did not stop but was picked up a short distance away, police said.

French was arrested Tuesday at 11:20 a. m. on 15th St.

Managers Al Dark of the San Francisco Giants, Fred Hutchinson of the Cincinnati Reds and Harry Craft of the Houston Colts wear No. 1 on their baseball uniforms.

Tax Board Of Review Acts On Complaints

LISBON — The Board of Review said today it has completed about 25 per cent of the complaints filed by land owners dissatisfied with the reappraisal of real estate.

The board, composed of Auditor Kenneth Bell, Commissioner Walter Hunston and Treasurer Vincent C. Judge, is now going over the complaints by townships, towns and villages and have made several spot checks in the different areas.

Persons who have filed complaints should not call, as letters will be sent to all and the land owner will then have 10 days in which to return the form if he is still not satisfied with the board's ruling, Auditor Bell said.

In Children's Play

'Sean The Leprechaun'

"Sean, The Leprechaun," who lives in the teapot, will be played by Tom McKenna of Lisbon when the Merry Magic Players of Faye Parker's Pittsburgh Children's Theatre presents "Maggie's Magic Teapot" Saturday afternoon at 2 at Westgate School.

McKenna, who played the lead in last year's play "Aladdin", also designed the scenery for the productions.

Don Porter Beck, a graduate of Carnegie Tech's drama school, will play the dual role of the villain, Shaemus O'Hoolihan and his twin sister, Agnes.

Other members of the cast are Charles Stumpf and Anne Swicegood, who have had considerable acting with area theaters.

The performance is sponsored by the City Federation of Women's Clubs with Mrs. Paul A. Davis and Mrs. Norman Birnbaum, project chairmen, in charge of arrangements.

Proceeds will go for scholarships for boys and girls to YMCA Camp at Pine Ridge. Tickets may be purchased at the door.

Chester Group Picked To Attend Boys State

Robert Allison, Gary Blake, Thomas Martin and William Gary Cashdollar, Chester High School juniors, have been selected by the school faculty to attend the annual American Legion Boys State June 9-15 at Jacksons Mills.

Charles Morris, Boys State chairman for American Legion Post 121 of Chester, said the four youths will be sponsored by the post.

Their parents are Mr. and Mrs. Dale K. Allison of Georgia Ave., Mr. and Mrs. Robert Blake, 156 Pennsylvania Ave., Mr. and Mrs. William Cashdollar of Orion Ave., and Mr. and Mrs. George Martin, 163 Carolina Ave.

Charter Film Shown Chester Sea Scouts

Sixteen attended a meeting of the Chester Sea Scouts Tuesday night at the American Legion home where movies were screened of the charter presentation in April.

Bill Moore, assistant skipper, screened the film. Plans were discussed for the Cherokee District awards dinner May 18 at Beaver Local Public School.

Denver Dawson was in charge. Jeddie Spencer, skipper, will go to Lancaster, Pa., to obtain information about a cabin cruiser for the unit.

Awards Given To Cub Scouts

Three boys were introduced as new members and awards were presented at a meeting of Cub Scout Pack 12 at the Trinity United Presbyterian Church Tuesday evening.

The boys are Harry Price, Danny Huddleston and Ness Porter.

Recipients of the awards were Andy Parkes, Charles Caton, Bobby Simpson and Bobby Brown, one-year pins; Steve Sulkes, assistant denner stripe; Elliott Forsyth, two silver arrows, one-year pin and bear book; Harry Price, bear pin and patch and two silver arrows; Mark Casto, one silver arrow and lion book; Frank Hilliard, one - year pin and bear book; Kenneth Cochran, wolf pin and patch and bear book.

Dean Galas, one silver arrow; Mark Hill, wolf pin and patch, one gold arrow, one-year pin and bear book; Bobby Simpson, and David Schneidmiller, denner stripes, and Bobby Brewster, wolf pin and patch, one - year pin and bear book.

Den chief cords were given Dale Jones, Ralph Widger, Donald Hill, Harry Brokaw and Carl Krawiec.

The opening exercise was presented by Den 4 and the closing by Den 7.

Entertainment was provided by the Potters Five band. Skits were presented by Dens 2 and 4. Lunch was served by Den 7.

A planning meeting will be held Monday night at the home of Sam Parkes of Laura St., cubmaster.

Inspection Held For Wellsville Chapter Of OES

Mrs. Marian Walter of Alliance, deputy grand matron of District 13, Grand Chapter of Ohio, was inspecting officer for the annual inspection of Wellsville Chapter 417 of the Order of Eastern Star Monday night in the Masonic Temple.

Some 150 were present and Mrs. Ilene Dobson, worthy matron, presided. Mrs. Mary Anna Cotter, grand representative to the district of Columbia, and Mrs. Marguerite Wilson, representative to Mississippi, were present and were seated in the East.

John Dobson, worthy patron, who presided for the initiatory work, was assisted by Mrs. Eunice Huston, conductress, and Mrs. Mabel Richards, associate conductress. Elmun Bemis, associate patron, made the Bible presentations to the two candidates. The sunshine collection was designated for the Pusan children's hospital overseas.

A buffet luncheon was served in the diningroom by Mrs. Helen Geer and committee. Tables were decorated with wishing wells, red rosebuds and other fresh flowers. Gifts were presented to the deputy grand matron and a gift from her officers was given to the worthy matron. Guests were present from East Liverpool, Salem, Sebring, Homeworth, Irondale, East Palestine, Columbiana, Leetonia, Carrollton, Hanoverton, Chester and Follansbee and Florence.

Woman Getting Over Bone Break At 108

PADUCAH, Ky. (AP)—For the second time in five years, Ethel Byrd is recovering from a broken bone. Mrs. Byrd is 108.

She broke her hip five years ago. Three weeks ago, she broke her shoulder when she fell while getting out of bed.

Former City Girl Becomes Bride In California Nuptial

Mr. and Mrs. William L. Swoger are residing in a newly-furnished apartment at Fontana, Calif., following their marriage April 8 at the Fontana Community Chapel with the Rev. W. E. Cushing, pastor, officiating.

The bride was Miss Jane Williamson, daughter of Mr. and Mrs. Ralph E. Williamson, 737 Sophia St., Newell, and Ralph Swoger of Dresden Ave.

The bride wore a white mohair suit with matching accessories and carried a Colonial bouquet of white roses and carnations.

Mr. and Mrs. James Workman, former local residents, were attendants. Mrs. Workman, the former Miss Nancy McKeever, was attired in a green suit with matching accessories and carried a Colonial bouquet of tinted green carnations.

A reception followed at the Workman home in Fontana.

The newlyweds are graduates of East Liverpool High School, the bride in 1960 and her husband in 1956. The bride, formerly employed as an operator at the Ohio Bell Telephone Co. here, now works for the San Bernardino office of the California telephone firm.

Her husband, who worked at the Crucible Steel Co. at Midland, is now employed at the Hunter Aluminum Co. of Riverside.

Among the pre-nuptial showers was the party given by her aunts, Mrs. Robert Barker and Mrs. Ralph Copenhaver, at the Barker home in Longvue Heights. Gifts were displayed beneath a decorated parsol.

Her co-workers of the telephone office held a party at Deramo's Restaurant in Midland and presented her a gift.

Credits Slated For Meeting Of District WSCS

Promotion credits will be awarded at the annual spring meeting of the Steubenville District of WSCS Thursday at the First Methodist Church of Salem.

Mrs. Harold Nelson of Columbiana, president, will preside. Registration will begin at 9:30 o'clock and the program at 10. Mrs. James Cunningham is program chairman.

Principal speakers are Mrs. Bolen Barnhouse of Caldwell, North Central jurisdiction secretary of student work, and the Rev. Charles Frost, superintendent of the Youngstown Community Center.

Mrs. S. C. Bye of East Palestine will conduct the pledge service and Mrs. C. R. Wells of Adena will present the racial charter.

Mr. and Mrs. Homer Taylor will give special music. The Rev. Jacquelyn Craig, district secretary of spiritual life, will direct meditation.

Entertainment was provided by the Potters Five band. Skits were presented by Dens 2 and 4. Lunch was served by Den 7.

A planning meeting will be held Monday night at the home of Sam Parkes of Laura St., cubmaster.

Inspection Held For Wellsville Chapter Of OES

Mrs. Marian Walter of Alliance, deputy grand matron of District 13, Grand Chapter of Ohio, was inspecting officer for the annual inspection of Wellsville Chapter 417 of the Order of Eastern Star Monday night in the Masonic Temple.

Some 150 were present and Mrs. Ilene Dobson, worthy matron, presided. Mrs. Mary Anna Cotter, grand representative to the district of Columbia, and Mrs. Marguerite Wilson, representative to Mississippi, were present and were seated in the East.

John Dobson, worthy patron, who presided for the initiatory work, was assisted by Mrs. Eunice Huston, conductress, and Mrs. Mabel Richards, associate conductress. Elmun Bemis, associate patron, made the Bible presentations to the two candidates. The sunshine collection was designated for the Pusan children's hospital overseas.

A buffet luncheon was served in the diningroom by Mrs. Helen Geer and committee. Tables were decorated with wishing wells, red rosebuds and other fresh flowers. Gifts were presented to the deputy grand matron and a gift from her officers was given to the worthy matron. Guests were present from East Liverpool, Salem, Sebring, Homeworth, Irondale, East Palestine, Columbiana, Leetonia, Carrollton, Hanoverton, Chester and Follansbee and Florence.

Woman Getting Over Bone Break At 108

PADUCAH, Ky. (AP)—For the second time in five years, Ethel Byrd is recovering from a broken bone. Mrs. Byrd is 108.

She broke her hip five years ago. Three weeks ago, she broke her shoulder when she fell while getting out of bed.

Former City Girl Becomes Bride In California Nuptial

Mr. and Mrs. William L. Swoger are residing in a newly-furnished apartment at Fontana, Calif., following their marriage April 8 at the Fontana Community Chapel with the Rev. W. E. Cushing, pastor, officiating.

The bride was Miss Jane Williamson, daughter of Mr. and Mrs. Ralph E. Williamson, 737 Sophia St., Newell, and Ralph Swoger of Dresden Ave.

The bride wore a white mohair suit with matching accessories and carried a Colonial bouquet of white roses and carnations.

Mr. and Mrs. James Workman, former local residents, were attendants. Mrs. Workman, the former Miss Nancy McKeever, was attired in a green suit with matching accessories and carried a Colonial bouquet of tinted green carnations.

A reception followed at the Workman home in Fontana.

The newlyweds are graduates of East Liverpool High School, the bride in 1960 and her husband in 1956. The bride, formerly employed as an operator at the Ohio Bell Telephone Co. here, now works for the San Bernardino office of the California telephone firm.

Her husband, who worked at the Crucible Steel Co. at Midland, is now employed at the Hunter Aluminum Co. of Riverside.

Among the pre-nuptial showers was the party given by her aunts, Mrs. Robert Barker and Mrs. Ralph Copenhaver, at the Barker home in Longvue Heights. Gifts were displayed beneath a decorated parsol.

Her co-workers of the telephone office held a party at Deramo's Restaurant in Midland and presented her a gift.

Credits Slated For Meeting Of District WSCS

Promotion credits will be awarded at the annual spring meeting of the Steubenville District of WSCS Thursday at the First Methodist Church of Salem.

Mrs. Harold Nelson of Columbiana, president, will preside. Registration will begin at 9:30 o'clock and the program at 10. Mrs. James Cunningham is program chairman.

Principal speakers are Mrs. Bolen Barnhouse of Caldwell, North Central jurisdiction secretary of student work, and the Rev. Charles Frost, superintendent of the Youngstown Community Center.

Mrs. S. C. Bye of East Palestine will conduct the pledge service and Mrs. C. R. Wells of Adena will present the racial charter.

Mr. and Mrs. Homer Taylor will give special music. The Rev. Jacquelyn Craig, district secretary of spiritual life, will direct meditation.

Farm Community In Mexico Waging Battle With Nature

ALAZAN, Mexico (AP) — This small farm community in northern Tamaulipas State is the scene of a battle of humans against nature—and nature appears to have the upper hand.

Virtually all the 750 residents of the Alazan community are ill with diseases ranging from tuberculosis to diarrhea.

They are among thousands of Mexicans in the northern frontier area suffering from malnutrition and dehydration as the result of a prolonged drought and heat wave.

The victims are so isolated that doctors and nurses must use pick-up trucks and vehicles with four-wheel drive to reach them with medicine, food and health information.

I bounced more than 200 miles over rough roads, paths, ditches, and fields observing these poor farmers and their problems. Almost all of them are backward and deprived.

The farmers know nothing but tilling the soil. They depend on mother nature to make things turn out right. If she fails, they are lost.

This year, she failed them. There has been no major rain.

The people have no corn to grind to make meal for tortillas. Beans, another staple in their diet, are shriveling to nothing on the vine. Cotton, the major cash crop for the small plot owners, is turning yellow less than six inches out of the seed.

Without corn and beans there is no food. No cotton means no clothes, no oil for lanterns, and no shoes.

The people live in shacks built of boards, in adobe huts, in the thatched lean-tos, and in one-room shanties made out of sticks and mud.

When the crops die, as they are dying now, there is no way to reseed the fields, because there is no more seed and no money to buy any.

Cherry, Peach Crops Are Dealt Hard Blow

CLEVELAND (AP)—The cherry and peach crops seem to have been dealt a severe blow in the lake shore commercial fruit belt.

Orchard men say less than 25 per cent of the Ohio cherry crop is in prospect. The peach crop was nearly totally destroyed by the subzero cold in January. Of all major tree fruits, only apples appear to have survived without injury.

400 Due For Concert At Beaver Local High

Over 400 are expected to attend the annual spring concert of the Beaver Local High School choir and girls chorus Friday night at the high school.

The annual band and choir dance will be held Saturday night at the high school gym. The spring band concert will be held May 10, Rocco DeMart, director, announced.

Captains Named In Civil Defense

Mrs. Patricia Skelton was appointed captain of the first aid team and Mrs. Margaret Stiles, co-captain, at a meeting of the St. Clair Township Civil Defense unit Tuesday night at the Glenmoor fire station. About 24 attended. The meeting also marked the third adult self - help course.

Demonstrations were given on how to apply splints to broken bones.

Plans were made for the Tri-State horse show June 2. The group also outlined plans for the re-enactment of Morgan's Raid at West Point July 27-28, when the Civil Defense police team and the first aid team will participate.

A Civil Defense display will be held at Billingsley & Son grocery on May 8, which will be manned by the Civil Defense police.

Due to the election Tuesday, the next meeting is May 14 at 7:30 p.m. Herman Heiney, director, presided.

Congress Cool To Kennedy Plan On Election Drive Aid

WASHINGTON (AP)—President Kennedy's proposal that the federal government help finance political campaigns appears to have died a-borning.

Kennedy urged Congress Tuesday to study a plan under which the federal government would match all individual campaign contributions of $10 or less in federal elections.

A sampling of senators and representatives showed little support for the idea. There were some sharply hostile reactions.

The plan was advanced last year in a report by a presidential commission on campaign costs.

"I urge the Congress to study this approach, which would encourage party efforts in broadening the financial base of presidential campaigns," Kennedy said in a letter to the Senate and the House.

He submitted no draft legislation with his letter. He did, however, send Congress a bill to provide special tax benefits for political contributions and another to require fuller reporting of campaign financing. Identical bills were submitted last year but did not pass.

Sen. Bourke B. Hickenlooper of Iowa, chairman of the Senate Republican policy committee, called it an "utterly superficial approach." He also said it would be "very ineffective."

Sen. Albert Gore, D-Tenn., former chairman of the Elections subcommittee, said that "what is needed is limitations on campaign contributions and strict regulation of campaign expenditures."

Mother, 25, Charged In Daughter's Death

AKRON, Ohio (AP)—A 25-year-old mother has been charged with first-degree manslaughter after her 2½-year-old daughter died of head injuries and malnutrition.

Charged Tuesday was Mrs. Rosemary Ann Schepp of Copley Township. She pleaded innocent in Barberton Municipal Court and was released under $1,000 bond for a preliminary hearing May 28.

The daughter, Pamela, died in Children's Hospital. Coroner A.H. Kyriakides ruled the death a homicide and an autopsy showed the child suffered a blood clot on the brain just under the skull.

The infant weighed only 13½ pounds. County Prosecutor John S. Ballard said Mrs. Schepp admitted she mistreated the child.

400 Attend Crestview School Music Festival

MIDDLETON — Over 400 attended a spring music festival presented Tuesday night at Crestview High School by the junior and senior high school bands, chorus and ensembles.

Mrs. Ellen Wilhelm was in charge of the choral groups and Joe Danko the bands.

Porter Steel Plant Idle In Union Dispute

HUNTINGTON — The H. K. Porter Co. steel plant was idled today after 700 workers walked off the job in a contract dispute.

About a dozen pickets were posted when the strike took effect last midnight.

Local 37 of the United Steelworkers earlier had turned down by a narrow margin a contract offer recommended by local union leaders.

Both union and management refused to discuss the points at issue, but it was agreed that wages were not involved.

'Summer Place' Is Theme For Wellsville Prom Friday

A lattice archway of artificial flowers with the overhead inscription, "Summer Place," will be the background for the crowning of a king and queen for the Junior Senior prom of Wellsville High School Friday night. The annual event will be held at Virginia Gardens in Chester.

The theme, "A Summer Place," will also be reflected in the backdrop for taking of pictures, which will be a gateway and in the setting for the punch bowl which will be in a wishing well covered with artificial flowers and imitation brick. The color scheme will be pink, white and yeliow.

Eddie Frazier's orchestra of Beaver Falls will play for dancing from 8:30 to 11:30.

Lester Bennett, Junior Class president, is in charge of the decorations with Susan Grafton and Kathy Broderick co-chairmen. Other officers are: Terry Flesch, vice president; Melanie Rossi, secretary, and Sue Wellington, treasurer. Mrs. Doris Rogers is the sponsor.

"South Side" will be the theme of the post-prom party in the all-purpose room of MacDonald School, sponsored by the Omni Boosters Club.

Decorations will feature outlines of buildings and street signs. Benny and His Keynotes will play for dancing. A buffet lunch will be served.

15 Attend Rural Health Meeting

LISBON — Fifteen persons attended the Columbiana County Rural Health and Safety Council meeting in the county extension office Tuesday night. Floyd Lower was chairman, substituting for the Rev. Tom Hammerton of East Palestine, who was unable to attend.

Walter Hunston, county commissioner chairman, reported on the commissioners' plans for the new hospital at the County Home.

Miss Lillian Schroeder, executive director of the Columbiana County Public Health League, discussed tuberculosis work in the county.

Atty. Donald Elliott of Rogers reported on health legislation now up for passage in the State Legislature.

Mrs. Raymond Stiver of Salem, county co-ordinator for the Ohio Commission on Aging, spoke on plans for the homemakers and friendly visitor projects being undertaken in the county for senior citizens.

Next meeting is July 30, location and place to be announced.

Resident Of Irondale To Visit In Kentucky

Mrs. Mattie Boggs has left to spend the summer with her father, James R. Tackett, 93, of Olive Hill, Ky.

Mr. and Mrs. Elmer Golden and Mr. and Mrs. Clarence Golden have concluded a visit with Mrs. Mary Golden Brown of Canton.

William Grimes of Defiance, Airman Keith A. Johnson of Castle Air Force base in California and Airman Neal Johnson, who is stationed at Michigan, were called home due to the death of Mrs. Henry Grimes.

Miss Margaret Johnson is ill.

Indonesia Takes Over West Guinea, Names It West Irian

KOTABARU, West Irian (AP) —Indonesia took over West New Guinea, the last remnant of Holland's East Indian empire, today and renamed it West Irian.

The United Nations transferred control of the western half of the world's second largest island at ceremonies in Hollandia, Gen. Douglas MacArthur's wartime headquarters.

The peaceful transfer ended 13 years of struggle by Indonesia for the 150,000 square miles of jungles and mountains and 700,000 Papuan people, most of them still in the Stone Age. Australia governs Eastern New Guinea.

In keeping with Sukarno's policy of erasing traces of Indonesia's former Dutch masters, West New Guinea was renamed West Irian (Hot Land). Hollandia, the capital, became Kotabaru (New Town).

Foreign Minister Subandrio led the delegation of Indonesian officials at the ceremony. The Dutch government did not take part. The Dutch flag was lowered for the last time Dec. 31, three months after the United Nations started administering the territory.

Sukarno is due here Saturday and will have 12,000 troops on hand to greet him. The sleepy tropical capital already looks like an armed camp. Indonesia began shipping in infantrymen and military equipment Monday night.

U.S. Climbers In Final Push On Everest

KATMANDU, Nepal (AP)—The American Everest expedition's first assault team was believed making its final push today toward the summit of the world's highest mountain.

The expedition established Camp Six at 27,800 feet Tuesday preparatory to an attempt today to reach the 29,028-foot peak, a spokesman in Katmandu announced.

The push to the summit was to be made by two men, drawn from the four Americans and 13 Sherpa porters who made up the expedition's first assault team.

Climbing below them was a second assault team of four Americans and four Sherpas. Two men from this group also were to try for the summit.

Still a third group—of two Americans and four Sherpas—made its way up the mountain's Lhotse face to support the assault groups, assist tired climbers down and stand by for rescue work. A spokesman said earlier some of the third group might get a chance at the summit after the first two teams.

Identities of those in the assault teams are not to be announced until all three groups have returned.

At least one attempt was planned over the southeast ridge which Sir Edmund Hillary and Tenzing Norgay crossed in the first conquest of Everest 10 years ago.

Testimony Given On Condition Of Trucker In Crash

CLEVELAND (AP)—Testimony has been given in Common Pleas Court on the physical condition of a truck driver on the day his truck crashed into a car on the Willow Freeway, killing six Akron school teachers.

The defendant, Justin J. Gedraitis, 43, is charged with manslaughter. He is a driver for Ohio Mattress Co. of Medina.

Guntler Hofmann, production scheduler at the mattress company, said Gedraitis Tuesday was qualified to work at least an 11-hour stint preceding the accident last November. There definitely was nothing about the trucker's make-up to prohibit his making a one-day delivery trip downstate on the fatal day, Hofmann said.

In testimony Monday, a Cuyahoga Heights patrolman quoted Gedraitis as saying his company knew he suffered from "blackouts."

The first National League game was played on April 22, 1876 at Philadelphia. Boston beat the Phils, 6-5.

BPW Board Plans Dinner

Final plans for the forthcoming dinner meeting were discussed when the Executive Board of the Business and Professional Women's Club met Tuesday night in the conference room of The Review with 14 attending.

Mrs. Dorothy Jones Nelson of Youngstown will be guest speaker for the dinner at 6:30 next Wednesday at the Travelers Hotel. A former local teacher, she was a member of the club from 1949 until 1952. She will speak on "Nigeria," where she spent two years as part of the exchange program. The theme is "A Foreign Touch."

Mrs. Adelene MacBurney, chairman, and the world affairs committee, in charge of arrangements, announced an African theme will predominate in table decorations. The business session will include election of officers and annual reports of officers and committee chairmen. Reservations must be in by Sunday.

Mrs. Helen Moore, president, presided and reported on the president's luncheon held Sunday at Dover.

Among correspondence read by Mrs. Mildred Urie was an invitation to the charter dinner meeting of the newly - organized Canton Club Tuesday when Miss Virginia Allan, first vice president of the National Federation, will be the speaker. Mrs. Ethel Lynn Wambaugh will take reservations until Saturday.

The group discussed recommendations for state officers to be considered by local club delegates to the convention May 17-19 at Columbus.

Mrs. Wambaugh announced the complete program for 1963-64 is printed in the March Issue of National Business Woman.

Next board meeting is May 28.

4-H News

The Columbiana County 4-H Tractor Club will hold its second meeting Friday at the Gause Equipment, Inc., beginning at 8 p. m., according to Don Myers, county extension agent.

All 4-H members interested in enrolling in the tractor maintenance project are urged to attend as this will be the final signup session.

Charles Gause is advisor.

A demonstration on the proper way to iron was given by Lois McCollam at a meeting of the Happy Hands 4-H Sewing Club Monday night at Salineville High School. Eight were present.

Mrs. Kenneth Thomas and Mrs. Fred Detcheon are instructors.

Next meeting is May 13.

Earl Hoffman averaged 21.7 points a game for Penn State's basketball team last season.

Snow

(Continued from Page One)

six times, but there was no recorded accumulation, Copeland reported.

April's temperature averaged 48 degrees, slightly warmer than the normal 47.8 degrees, he added. The mercury hit a high of 81 on April 2, and dipped to a low of 21 degrees on April 16.

Rainfall amounted to 3.86 inches, compared to the normal 3.08 inches for the month. There were 13 cloudy days, nine partly cloudy days and eight clear days, for 41 per cent sunshine. Normal is 55 per cent.

Copeland said warm showers are needed to properly launch the growing season.

Snow fell through the western lower Great Lakes region southward through West Virginia and in western New York. One to 3 inches of snow was on the ground in areas east of Cleveland to the Pennsylvania border. Gusty winds up to 50 mph. swept some of the region. Two persons were killed in traffic accidents on snow-covered highways in Ohio.

Snow amounts measured up to 3 inches in parts of Michigan and 2 inches in Indiana, with lighter amounts in other areas. The three-inch cover in Grand Rapids, Mich., was the heaviest on record for the date. Rain and showers sprinkled areas in eastern New York and Pennsylvania eastward.

Freezing weather spread across the Great Lakes region as strong northwesterly winds fanned cold air from Canada into the north central region. Temperatures generally were in the 20s and 30s. One of the low marks was 24 in Marquette, Mich. Some of the cool air dipped southward into Kentucky, with the mercury dropping to near freezing in Louisville.

More flurries were forecast this morning but they were to end with rising temperatures.

The mercury will dip to 29 to 34 tonight with scattered frost.

Today's high will be a cool 48 to 54 with diminishing winds. Thursday will see a warming trend.

Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. For convenience, buy the large size. Get Doan's Pills today!

You Can Open Parcel If It's Necessary

TEMPE, Ariz. (AP) — The mailing label used by Arizona State University's Poisonous Animals Research Laboratory carries these legends in bold print:

"Live Scorpions!"

"Postmaster: Parcel may be opened for inspection if necessary."

Rosemary is the herb often suggested for lamb, but you'll find its flavor is also excellent with beef.

POST-PROM TALENT. The Stereos vocal group will headline the party entertainment following the Midland High School Junior-Senior Prom Friday. The post-prom event will be held at the Steelworkers Union Hall Saturday from 1 to 5 a. m. Also on the program will be Phil Tucker, hypnotist; Jimmy Beaumont, vocalist, the Don Anthony Combo. Committees include: Food, Mrs. Grover Epley; entertainment, Raymond Stowitzsky and Dr. Zanvil Sigal; decorations, Mrs. John Waddingham; telephone, Dr. Sigal, and programs, Mrs. Leslie Roach. Officers in charge of the party are Harry Petrosky, president; Mrs. Harry Noah, vice president; Mrs. Clarence Sinneway, secretary, and Mrs. Epley, treasurer.

Missile

(Continued from Page One)

these we have improved the second-stage engine, for even greater payload and range, and the guidance.

The guidance is almost unbelievably good in the Wing 1 missile. It has already been disclosed that it can hit a target the size of an airfield runway and when you talk of distances of 5,000 to 6,000 or 7,000 miles, that is almost incredible accuracy. The Wing 6 missiles are even better than that.

Q. You say the Wing 1 missile will do the job—what is the purpose of continued testing and improvement? Do you have hopes that the Minuteman eventually will be able to replace the Atlas and the Titan?

A. In many cases, yes. I would not say that Minuteman can do everything that Titan can do, because Titan carries a much heavier payload.

Q. You mean a bigger bomb, in the range of 50 megatons?

A. That, too, is classified. But when you have a certain job to do, you can do it three ways: One, you can use one missile with a tremendous yield. Two, you can use more missiles of smaller yield. Or three, you can send your smaller missiles to the target with greater accuracy. Cost-wise, the payoff for accuracy is greater than the payoff for the other two.

Q. You mean the greater the accuracy, the less the cost of wiping out a given target?

A. Yes. Accuracy has secondary benefits, too, in reliability and in reduced weight. We know things that we can do to get performance with less guidance weight, and this in turn can be used to increase either payload or range.

Ohio

(Continued from Page One)

of succession for both state and local offices in event of enemy attack.

The Senate also passed and sent to the House bills to:

Change requirements for determining watershed district boundaries.

Permit state banks to set up stock-option plans for their employes.

The Senate completed legislative action on a bill to save the taxpayers the expense of collecting relief fund assessments for workmen's compensation of less than $1 and to clarify present law on the constitutions and bylaws of building and loan associations.

Confirmed by the Senate was this Rhodes appointee:

James E. Fox of LaRue, Marion County, as a member of the Veterinary Medical Board for a term ending in 1966.

November Session Looms For Assembly

COLUMBUS, Ohio (AP)—A resolution expected to be introduced in the legislature soon could result in the lawmakers returning to Columbus next November for a brief session, House Speaker Roger Cloud, R-Logan says.

Cloud said Tuesday night that the resolution is designed to set up a public vote in the November election to open the surplus account of the capital improvements fund.

He said the surplus amounts to $5 million to $6 million and is growing steadily.

If voters approved a resolution changing the administration of the fund, a special session would be needed to implement the change, Cloud said.

Liquid Takes Longer

CAPE CANAVERAL, Fla. (AP) — The reaction time of the silo-fired Minuteman intercontinental range missile is 32 seconds, compared with about 15 minutes for the Atlas and Titan ICBMs. Solid propellant is the secret to Minuteman's quick - strike capability. Atlas and Titan have larger nuclear warheads but their liquid fuel is more difficult to handle.

Rotarians Hear Student

Robert Gilmore Named Air Force Academy Cadet

Robert William Gilmore, honor student at East Liverpool High School, has received the principal appointment of Rep. Wayne L. Hays to the Air Force Academy at Colorado Springs, the 18th District congressman confirmed Tuesday in Washington.

Son of Drs. William L. Gilmore and Edith Gilmore, 905 Manor Ln., he is a top - ranking member of the Senior Class, a member of the National Honor Society, ex-Ohio Key Club president, and winner of varsity letters in golf and wrestling.

Gilmore will become a cadet at the academy next month, it was announced when he spoke at the Rotary Club's noon luncheon meeting Tuesday in the Travelers Hotel.

Echoing Astronaut John Glenn's recent message, rapping the "soft" living habits of Americans, Gilmore warned that complacency and apathy are threatening our freedom.

"America has the highest standard of living in the world, yet we are guilty of complacency," the appointee declared. Gilmore drew his observations after driving 12,000 miles last year and flying to several cities as state Key Club president.

Gilmore shrugged off Khrushchev's threat of "We will bury you" as nonsense. But, he warned, "we will bury ourselves in a sea of complacency and self-satisfaction."

Gilmore pointed out that 19 of 21 great civilizations decayed from within because of apathy and complacency, "with no bands playing, only quietness."

"This is happening today," Gilmore said, pointing out that Americans say too often "'let him do it'."

"What are you doing to prevent that day?", he questioned. "Paying taxes, setting off fireworks on July 4th, voting once in a while, these are the things Americans are doing to preserve their freedom." "It's not a pretty picture," he added.

Continuing, the honor scholar said "We all have a definite responsibility to stand up for our rights, we cannot shun it, we must work on it constantly to improve."

He described Americans as "too hesitant to stand up for fear of being an outsider or an odd thumb" against intolerance, racial prejudice and other threats to a democratic way of life.

He warned that as a nation rises and falls, its people run the gamut from bondage to spiritual faith, high standards of living to complacency, from there to dependability, hence to apathy and back again to bondage.

Improving ourselves and building a better world or community is not only a challenge but a sacred obligation, and "each of us must do his part," Gilmore continued.

Gilmore also spoke briefly on the activities of the ELHS Key Club which he heads. The club is one of 32 in Ohio and has 29 members. State membership is 5,000, while there are 3,000 clubs with 60,000 members internationally, he said.

Projects of the local club have included installation of a bulletin board at the school, distribution of literature on the proposed city master plan for the Jaycees, and contributing to new scoreboards for the Memorial Auditorium.

He was introduced by Dr. Gilmore, program chairman. Guests included Dr. A. A. Turner and Dr. Richard Bonistalli. Sidney C. Porter Jr., president, presided.

The National Football League drew 4,003,421 fans in 1962 as compared with 3,861,159 in 1961.

Directors Convene

Red Cross Chapter Told Fund Drive Hits $13,868

Mrs. Eleanor Boice, home service secretary, presented a report on the Red Cross fund campaign at a meeting of the Board of Directors of the East Liverpool Red Cross Chapter Tuesday night at the Mary Patterson Memorial. The goal is $16,048. She reported for Frank Potts, drive chairman, who was absent.

Mrs. Boice said that to date the cash amount is $13,008 and outstanding pledges, $860, for a total of $13,868.

Under the home service department, Mrs. Boice reported 45 servicemen's cases handled, six veterans' cases, 15 cases of information or inquiry; $319 financial assistance given and $20 repayment of loans by servicemen.

Mrs. Donald Dobbs, representing the Gray Ladies, reported on the Camp and Hospital Councils at Aspinwall and Oakland Veterans Hospitals. She said that entertainment is needed and groups or persons of this area who can volunteer are to contact Mrs. J. Donald Thompson, chairman of volunteers.

It was announced that the water safety program will again be conducted this summer at Thompson Park Pool with Miss Marilyn Eckert as director.

Tentative dates include June 10, for instructor aides training and June 17-July 5 and July 8-26 first swimming sessions.

At the request of the Northern Columbiana County chapter, the local chapter will annex Madison, Wayne and Franklin Townships and accept responsibility for the territory.

The National Red Cross convention will be held Monday through May 8 at Philadelphia and delegates are Mrs. Boice and Mrs. Thompson.

James Walker, chapter president, presided. About 15 attended.

Firemen Called, Gas Ignites In Restaurant

City firemen were called to the New York Restaurant, 509 Market St., when gas ignited from a broken valve on a cook stove.

Firemen said the stove was being cleaned when the valve was broken off. The service had to be shut off and the stove cooled with a booster line.

Firemen were called at 3 in the afternoon to the home of Wilmer Black of College St. when the wind toppled a chimney. A section blew over onto the roof. The property is owned by Floyd Diddle, firemen said.

Do you know that there's a cookie - press that comes with tips for shaping cream puffs and eclairs?

OEA Official Termed 'Highly Paid Lobbyist'

COLUMBUS, Ohio (AP) — The Republican chairman of the Ohio Senate Education and Health Committee has pictured an official of the Ohio Education Association as a "highly paid lobbyist."

Sen. Ross Pepple, R-Allen, leveled the charge in an open letter Tuesday at OEA Executive Secretary T. G. O'Keefe and said it stemmed from statements at an association mass meeting here April 5.

Pepple said association leaders told the meeting that the group must make the legislature afraid not to vote for OEA proposals.

"I wish to say," Pepple said, "that if the time ever comes when a majority of the legislators are afraid to vote against the proposal made by you or any other lobbyist, then at that time I will not wish to sit in the state legislature."

O'Keefe, who has accused Gov. James A. Rhodes of reneging on campaign promises to boost appropriations for education, could not be reached for comment on Pepple's blast.

Crossing Guard Killed

LYNBROOK, N.Y. (AP) — A woman school crossing guard who tried to flag down two fire trucks approaching each other at right angles was killed Tuesday when the vehicles collided. One fireman also died and nine others were injured, two critically.

Rotarians Hear Student

Robert Gilmore Named Air Force Academy Cadet

Robert William Gilmore, honor student at East Liverpool High School, has received the principal appointment of Rep. Wayne L. Hays to the Air Force Academy at Colorado Springs, the 18th District congressman confirmed Tuesday in Washington.

Son of Drs. William L. Gilmore and Edith Gilmore, 905 Manor Ln., he is a top - ranking member of the Senior Class, a member of the National Honor Society, ex-Ohio Key Club president, and winner of varsity letters in golf and wrestling.

Gilmore will become a cadet at the academy next month, it was announced when he spoke at the Rotary Club's noon luncheon meeting Tuesday in the Travelers Hotel.

Echoing Astronaut John Glenn's recent message, rapping the "soft" living habits of Americans, Gilmore warned that complacency and apathy are threatening our freedom.

"America has the highest standard of living in the world, yet we are guilty of complacency," the appointee declared. Gilmore drew his observations after driving 12,000 miles last year and flying to several cities as state Key Club president.

Gilmore shrugged off Khrushchev's threat of "We will bury you" as nonsense. But, he warned, "we will bury ourselves in a sea of complacency and self-satisfaction."

Gilmore pointed out that 19 of 21 great civilizations decayed from within because of apathy and complacency, "with no bands playing, only quietness."

"This is happening today," Gilmore said, pointing out that Americans say too often "'let him do it'."

"What are you doing to prevent that day?", he questioned. "Paying taxes, setting off fireworks on July 4th, voting once in a while, these are the things Americans are doing to preserve their freedom." "It's not a pretty picture," he added.

Continuing, the honor scholar said "We all have a definite responsibility to stand up for our rights, we cannot shun it, we must work on it constantly to improve."

He described Americans as "too hesitant to stand up for fear of being an outsider or an odd thumb" against intolerance, racial prejudice and other threats to a democratic way of life.

He warned that as a nation rises and falls, its people run the gamut from bondage to spiritual faith, high standards of living to complacency, from there to dependability, hence to apathy and back again to bondage.

Improving ourselves and building a better world or community is not only a challenge but a sacred obligation, and "each of us must do his part," Gilmore continued.

Gilmore also spoke briefly on the activities of the ELHS Key Club which he heads. The club is one of 32 in Ohio and has 29 members. State membership is 5,000, while there are 3,000 clubs with 60,000 members internationally, he said.

Projects of the local club have included installation of a bulletin board at the school, distribution of literature on the proposed city master plan for the Jaycees, and contributing to new scoreboards for the Memorial Auditorium.

He was introduced by Dr. Gilmore, program chairman. Guests included Dr. A. A. Turner and Dr. Richard Bonistalli. Sidney C. Porter Jr., president, presided.

The National Football League drew 4,003,421 fans in 1962 as compared with 3,861,159 in 1961.

Directors Convene

Red Cross Chapter Told Fund Drive Hits $13,868

Mrs. Eleanor Boice, home service secretary, presented a report on the Red Cross fund campaign at a meeting of the Board of Directors of the East Liverpool Red Cross Chapter Tuesday night at the Mary Patterson Memorial. The goal is $16,048. She reported for Frank Potts, drive chairman, who was absent.

Mrs. Boice said that to date the cash amount is $13,008 and outstanding pledges, $860, for a total of $13,868.

Under the home service department, Mrs. Boice reported 45 servicemen's cases handled, six veterans' cases, 15 cases of information or inquiry; $319 financial assistance given and $20 repayment of loans by servicemen.

Mrs. Donald Dobbs, representing the Gray Ladies, reported on the Camp and Hospital Councils at Aspinwall and Oakland Veterans Hospitals. She said that entertainment is needed and groups or persons of this area who can volunteer are to contact Mrs. J. Donald Thompson, chairman of volunteers.

It was announced that the water safety program will again be conducted this summer at Thompson Park Pool with Miss Marilyn Eckert as director.

Tentative dates include June 10, for instructor aides training and June 17-July 5 and July 8-26 first swimming sessions.

At the request of the Northern Columbiana County chapter, the local chapter will annex Madison, Wayne and Franklin Townships and accept responsibility for the territory.

The National Red Cross convention will be held Monday through May 8 at Philadelphia and delegates are Mrs. Boice and Mrs. Thompson.

James Walker, chapter president, presided. About 15 attended.

Firemen Called, Gas Ignites In Restaurant

City firemen were called to the New York Restaurant, 509 Market St., when gas ignited from a broken valve on a cook stove.

Firemen said the stove was being cleaned when the valve was broken off. The service had to be shut off and the stove cooled with a booster line.

Firemen were called at 3 in the afternoon to the home of Wilmer Black of College St. when the wind toppled a chimney. A section blew over onto the roof. The property is owned by Floyd Diddle, firemen said.

Do you know that there's a cookie - press that comes with tips for shaping cream puffs and eclairs?

OEA Official Termed 'Highly Paid Lobbyist'

COLUMBUS, Ohio (AP) — The Republican chairman of the Ohio Senate Education and Health Committee has pictured an official of the Ohio Education Association as a "highly paid lobbyist."

Sen. Ross Pepple, R-Allen, leveled the charge in an open letter Tuesday at OEA Executive Secretary T. G. O'Keefe and said it stemmed from statements at an association mass meeting here April 5.

Pepple said association leaders told the meeting that the group must make the legislature afraid not to vote for OEA proposals.

"I wish to say," Pepple said, "that if the time ever comes when a majority of the legislators are afraid to vote against the proposal made by you or any other lobbyist, then at that time I will not wish to sit in the state legislature."

O'Keefe, who has accused Gov. James A. Rhodes of reneging on campaign promises to boost appropriations for education, could not be reached for comment on Pepple's blast.

Crossing Guard Killed

LYNBROOK, N.Y. (AP) — A woman school crossing guard who tried to flag down two fire trucks approaching each other at right angles was killed Tuesday when the vehicles collided. One fireman also died and nine others were injured, two critically.

McBride Baffles Yankees As Angels Win

Twins Blast Baltimore; Cards Ahead

By MIKE RATHET
Associated Press Sports Writer

Ken McBride keeps setting up a rendezvous with fame, but someone is always breaking the date.

The 27-year-old ace of the Los Angeles pitching staff flirted with a no-hitter again Tuesday night, but eventually needed ninth-inning relief help before the Angels were able to subdue the New York Yankees and the reunited Mickey Mantle-Roger Maris combination 6-3.

Holding the Yankees hitless for 6 1-3 innings, McBride's second no-hit bid of the season was broken up with one out in the seventh inning when first baseman Joe Pepitone singled through the middle. To McBride, it was just another broken appointment.

Curt Simmons won his fourth game without a loss, allowing only four hits as St. Louis edged Milwaukee 2-1 and took over first place in the National League with its fourth straight victory and eighth in nine games.

Only one other game was played, in the AL, as Camilo Pascual scattered 11 hits and was backed by a 14-hit Minnesota attack that subdued Baltimore 8-1.

Six games were postponed due to rain.

The Yankees got to McBride for their first run in the eighth inning on Clete Boyer's double and Tony Kubek's single. When Mantle and Maris singled opening the ninth, McBride was relieved by Jack Spring. Pepitone singled home a run and, after Art Fowler took over for Spring, Elston Howard singled home another. Boyer fouled out and pinch hitter Dale Long lined to Albie Pearson, who raced in for the catch and threw to second base to get Pepitone for a game-ending double play.

Simmons, lowering his earned run average to 1.25 with his fourth complete game, was tagged for a first inning homer by the Braves' Frank Bolling in the first inning, then had little difficulty until the eighth inning when pinch hitter Bob Uecker doubled.

Len Gabrielson followed with a single to right, but George Altman raced in and fired a strong, accurate throw that caught Uecker at the plate as he tried to come around with the tying run.

Julian Javier's fifth-inning homer off starter and loser Denny Lemaster proved to be the deciding run for the Cards.

Five Twins' doubles off the Orioles' Steve Barber gave Pascual an early 3-0 lead and he held on until Minnesota put it away with a five-run burst in the eighth inning. Pascual drove in two of the runs with a single and Rich Rollins accounted for a pair with a double.

All Of '62 Top 10 Grid Teams To Be TV Slate

NEW YORK (AP)—All of last year's top ten collegiate football teams will be shown on the 1963 National Collegiate Athletic Association's television schedule.

The games will be carried by the Columbia Broadcasting System.

Southern California, 1962 national champion, will face Oklahoma on Sept. 28, with No. 2 Wisconsin pitted against Northwestern on Nov. 9.

Opening the schedule on Sept. 14 will be Florida at Georgia Tech, with Alabama at Miami closing it on Dec. 7. All games will be on Saturday except for the Thanksgiving Day Texas at Texas A&M feature.

Nine games will be televised nationally. Five other dates have been set aside for regional telecasts.

THE ANNUAL Beaver Local Booster Club awards in wrestling and basketball were announced at the spring banquet Tuesday night. Winners included: front row, left to right, Warren Bradley, most improved rookie wrestler; James Obney, most valuable and most improved varsity wrestler, and George Gaydos, high scorer and top basketball foul shooter. In the back, left to right, are Gary Bookman, wrestling captain, and Gary Berhar, top basketball rebounder.

★ ★ ★ ★ ★ ★ ★ ★ ★

Athletes Are Honored At Beaver Local Event

Athletic achievement was recognized Tuesday night during the annual Beaver Local winter and spring sport banquet attended by 300 at the high school.

Winners of major awards included: Warren Bradley, most improved rookie wrestler; James Obney, most valuable wrestler and most improved varsity wrestler; George Gaydos, high scorer with 255 points and best foul shot with 64 per cent in basketball, and Gary Berhar, best basketball rebounder with an average of 10 per game.

Gary Bookman, wrestling captain, received a desk set in an annual award for that sport.

Gifts from the players were presented Jack O'Rourke, wrestling coach, and Tom McCall, basketball coach.

Obney, a 103-pounder, was elected wrestling captain for the 1963-64 season by members of the squad. He will be a senior when school resumes in the fall.

Butler Hennon, principal of Ellwood City High School who gained basketball fame as coach of Wampum (Pa.) High, was the speaker with his topic "Going And Giving".

He reviewed key philosophies of Bob Feller, baseball great; Charlie Wade, pro football player, and Don Lash, one-time track standout, to emphasize his points.

He cited Feller's 11th commandment "thou shalt not waste time", Wade's "you've got to be able to give" and Lash's "persistence pays off" during his remarks.

George M. Van Horne, executive head of Beaver Local Schools, also spoke, with his theme "Don't Be Complacent". He cautioned that "complacency and apathy will have to be overcome by today's youth if our country is to be strengthened".

Members of the baseball, track and golf squads were recognized and letters and numerals distributed. Letters also were presented to the cheerleaders.

George Dunn, president of the Beaver Local Boosters Club, served as toastmaster. The invocation was given by George Wilkinson, a member of the board of education.

The banquet was sponsored by the Boosters Club.

Browns Obtain Clark From Dallas Cowboys

CLEVELAND (AP) — Monte Clark, a 265-pound offensive tackle, is the newest member of the Cleveland Browns. He has been obtained from the Dallas Cowboys to complete a deal for guard Jim Ray Smith.

Smith signed a three-year contract with the Cowboys Tuesday.

To Televise Game

NEW YORK (AP)—Ohio State's home football game against Penn State will be televised regionally Nov. 9, the Columbia Broadcasting System has announced.

Law Returns To Pirates

PITTSBURGH (AP) — Vernon Law is back with Pittsburgh, cautiously optimistic about his chances of regaining the touch that sent him to pitching stardom three years ago.

The Pirates recalled the 33-year-old right-hander from Kinston, N.C., of the Class A Carolina League Tuesday. He was sent there several weeks ago so he could pitch regularly and in warm weather.

"My arm is the best it's felt in two years," Law said today, referring to the soreness that has plagued him since he won the Cy Young Award and helped spark the Pirates to the pennant and World Series victory in 1960.

"It would be foolish to say the arm is 100 per cent. After all, in 1960 I had no soreness at all. Naturally I know the sore spot's back there, but I don't have the sharp pain that I had in the past two years."

No one could say when Law will receive his first pitching assignment.

Top High School Pole Vaulters To Meet At Marion

MARION, Ohio (AP) — Ohio's three top high school pole vaulters will battle it out here Friday night in the 14th annual Marion High School Relays—and a new state record is a good possibility.

The current mark is 13 feet 10 ¼ inches, set by Dale King of Hilliard in 1962, but John Linta III of Mansfield, Jim Showers of Marion Harding and Jim Clark of Columbus Eastmoor could crack it.

Linta, son of John Linta Jr. who holds the state meet mark of 13-9⅝ set back in 1939, vaulted 13-8 last Saturday in the Bellaire Relays. That's the best a high school junior has ever done in Ohio.

Votaw Given Trophy As United's Top Cager

HANOVERTON — Ken Votaw, a junior, received a trophy as the most outstanding player at the United High School basketball banquet Tuesday evening in the school cafeteria.

He also received a trophy for acting as co-captain during the season.

Another recipient of two trophies was Homer Sturgeon, who was named most outstanding foul shooter and most promising sophomore.

Most - improved player honors went to Bud Hawkins, a senior. Joe Reeves was also awarded a trophy for acting as co-captain. Awards were presented by Carroll Greene, Boosters Club president. Senior Golden Eagles members receiving varsity letters, presented by Coach Larry Joseph, were Hawkins, Reeves, Gary Blythe and Bob Turner.

Votaw and Bill McGranahan were the squads junior who received letters. Varsity letters also went to two sophomores, Sturgeon and Gene Metzgar.

Recognition of reserve and freshman players was made by Ray Russell and Mel Klingler, coaches.

Miss Marilyn Mellinger, cheerleader adviser, awarded varsity letters to Sandra Liebhart and Brenda Wright, seniors, and Jeanne Klemann and Juanita Odom, juniors. Reserve cheerleader letters went to Nancy Carlson, Sally Leatherberry, Karen Maple and Marilyn Steiner.

Mrs. Walter Blythe, president of the Blue and Gold Mothers Club, gave special awards to the senior cheerleaders.

Joseph also awarded managers letters to Tom Howell, Bill Russell and Bart Mellinger.

"The value of competitive athletics" was the topic of a talk given by Robert Doll, head basketball coach at Kent State University for the past two years.

Doll listed seven qualities which an athlete receives from participation in organized sports as organization, punctuality, cooperation, humility, courtesy, loyalty and religion.

Stressing the importance of winning, he stated that an individual or team "must always want to win" and that "winning means success."

According to Doll, three qualities for which a coach looks in a prospective collegiate athlete are grades, personality and physical ability.

He also professed the belief that shooting improvement up to five or six per cent can be taught.

In conclusion, he emphasized the importance of attending college and choosing the right college to attend.

Coach Joseph introduced the speaker.

27 Of Top Pros Eye $60,000 In Las Vegas Golf

LAS VEGAS, Nev. (AP)—The annual Tournament of Champions, Las Vegas' big splurge in big-time golf, starts its 4-day run Thursday with a select field of 27 professionals shooting for the $60,000 purse.

Leading the march into the first round will be Arnold Palmer, the defending champion, and the co-favorite in this bet-minded resort, Jack Nicklaus, making his first appearance in the event.

The winner's purse has been boosted from $11,000 to $13,000 for the 72-hole fixture. Each contestant is guaranteed at least $1,000.

The field is limited to the winner of at least one major PGA tournament in the previous 12 months, dating through the Masters at Augusta, Ga., last month.

Wellsville's Track Team Mauls Crestview, 84-34

Winning 11 of 13 events, coach Ken Woods' Wellsville High Tigers mauled the trackmen from Crestview Tuesday afternoon, 84-34, at Nicholson Stadium.

Ron Danials picked up first for Wellsville in the mile run, with a time of 5 minutes, 1 second, and in the 880 run with a timing of 2 minutes and 17 seconds.

Andy Dash of Wellsville won the shot put with a heave of 42 feet, 8 inches. Rally of Crestview finished a close second and then went on to win the discus throw with a toss of 104 feet, one-half inch.

Wellsville's mile relay team made up of Dale Pease, Jack Cataldo, Dennis Pelly and Pete Pease marked a winning time of 4 minutes, 11 seconds.

The results follow:

High hurdles — Keys (W), Knight (C), R. Miller (W); 19.5.

100-yard dash — Corbisello (W), Leyda (W), J. Reed (W); 11.

Mile run — R. Danials, W), Bott (C), Mick (W); 5:01.

440-yd. dash — Mobley (W), Welch (C), Pelly (W); 1 flat.

180 low hurdles — Leyda (W), Sedor (W), Miller (C); 24.6.

880 run — R. Danials (W), Reed (W), Mercer (C); 2:17.

220 yd. dash — J. Reed (W), Corbisello (W), Mania (C); 24.2.

Mile relay — Wellsville (J. Pease, Cataldo, D. Pelly, P. Pease); 4:11.

Shot put — Dash (W) Rally (C), Miller (W); 42 ft. 8 in.

Discus throw — Rally (C), Tupper (C), Miller (W), 104 ft. ½ in.

Pole vault — B. Pease (W), Mobley (W), Mercer (C); 9 ft.

High jump — Knight (C), Atagy (C), Milligan (W); 5 ft. 9 in.

Broad jump — Leyda (W), Mania (C), Chapman (W); 18 ft. 1½ in.

Beaver Local Edged 61-57 By Carrollton

The Beaver Local track team's record stood at 3 and 3 today after the Beavers bowed Tuesday afternoon, 61-57, to Carrollton at Community Field.

The losers won 8 of 14 first places, but dropped the meet when third - place depth piled up points for Carrollton.

A new Beaver Local record in the discus was set by George Gaydos with a toss of 114.6 feet.

The summary follows:

120 high hurdles — Bradley, BL, 16.8.

100-yard dash — Diddle, BL, 10.9.

Mile run — Newell, C, 5.26.

880-yard relay — Carrollton.

440-yard run — McElroy, C, 56.8.

180-yard low hurdles — J. McLaughlin, BL, 24.6.

Half-mile — Ridgley, BL, 2.28:28.

220-yard run — Johnson, C, 25.2.

Mile relay — Carrollton.

Shot put — Lash, C, 38.2.

Discus — Gaydos, BL, 114.6 (new school record).

Pole vault — Gaydos, BL, 9 feet.

Broad jump — Diddle, BL, 17.7.

High jump — L. McLaughlin, BL, 5.3.

Beaver Local will host United this afternoon and East Liverpool Thursday afternoon.

Maine Cage Standout Accepts Cincy U. Aid

CINCINNATI (AP)—One of the stars of the University of Cincinnati's freshman basketball team next winter is expected to be Richard Harrington, a 6-foot-5 forward from Bath, Maine.

Harrington, who has accepted a grant-in-aid at UC, averaged 24 points and nearly 16 rebounds last season while leading Morse High School of Bath to its second consecutive Maine state championship.

Maury Wills of the Dodgers stole his 104 bases in 68 games during 1962.

Wellsville's Track Team Mauls Crestview, 84-34

Winning 11 of 13 events, coach Ken Woods' Wellsville High Tigers mauled the trackmen from Crestview Tuesday afternoon, 84-34, at Nicholson Stadium.

Ron Danials picked up first for Wellsville in the mile run, with a time of 5 minutes, 1 second, and in the 880 run with a timing of 2 minutes and 17 seconds.

Andy Dash of Wellsville won the shot put with a heave of 42 feet, 8 inches. Rally of Crestview finished a close second and then went on to win the discus throw with a toss of 104 feet, one-half inch.

Wellsville's mile relay team made up of Dale Pease, Jack Cataldo, Dennis Pelly and Pete Pease marked a winning time of 4 minutes, 11 seconds.

The results follow:

High hurdles — Keys (W), Knight (C), R. Miller (W); 19.5.

100-yard dash — Corbisello (W), Leyda (W), J. Reed (W); 11.

Mile run — R. Danials, W), Bott (C), Mick (W); 5:01.

440-yd. dash — Mobley (W), Welch (C), Pelly (W); 1 flat.

180 low hurdles — Leyda (W), Sedor (W), Miller (C); 24.6.

880 run — R. Danials (W), Reed (W), Mercer (C); 2:17.

220 yd. dash — J. Reed (W), Corbisello (W), Mania (C); 24.2.

Mile relay — Wellsville (J. Pease, Cataldo, D. Pelly, P. Pease); 4:11.

Shot put — Dash (W) Rally (C), Miller (W); 42 ft. 8 in.

Discus throw — Rally (C), Tupper (C), Miller (W); 104 ft. ½ in.

Pole vault — B. Pease (W), Mobley (W), Mercer (C); 9 ft.

High jump — Knight (C), Atagy (C), Milligan (W); 5 ft. 9 in.

Broad jump — Leyda (W), Mania (C), Chapman (W); 18 ft. 1½ in.

Beaver Local Edged 61-57 By Carrollton

The Beaver Local track team's record stood at 3 and 3 today after the Beavers bowed Tuesday afternoon, 61-57, to Carrollton at Community Field.

The losers won 8 of 14 first places, but dropped the meet when third - place depth piled up points for Carrollton.

A new Beaver Local record in the discus was set by George Gaydos with a toss of 114.6 feet.

The summary follows:

120 high hurdles — Bradley, BL, 16.8.

100-yard dash — Diddle, BL, 10.9.

Mile run — Newell, C, 5.26.

880-yard relay — Carrollton.

440-yard run — McElroy, C, 56.8.

180-yard low hurdles — J. McLaughlin, BL, 24.6.

Half-mile — Ridgley, BL, 2.28:28.

220-yard run — Johnson, C, 25.2.

Mile relay — Carrollton.

Shot put — Lash, C, 38.2.

Discus — Gaydos, BL, 114.6 (new school record).

Pole vault — Gaydos, BL, 9 feet.

Broad jump — Diddle, BL, 17.7.

High jump — L. McLaughlin, BL, 5.3.

Beaver Local will host United this afternoon and East Liverpool Thursday afternoon.

Maine Cage Standout Accepts Cincy U. Aid

CINCINNATI (AP)—One of the stars of the University of Cincinnati's freshman basketball team next winter is expected to be Richard Harrington, a 6-foot-5 forward from Bath, Maine.

Harrington, who has accepted a grant-in-aid at UC, averaged 24 points and nearly 16 rebounds last season while leading Morse High School of Bath to its second consecutive Maine state championship.

Maury Wills of the Dodgers stole his 104 bases in 68 games during 1962.

Jury Awards $1,000 In Suit Over Sewer

LISBON — A verdict for $1,000 was returned late Tuesday afternoon for Walter Rupert of Leetonia R.D. 1 against Donald B. Weikart of Washingtonville.

The jury of 10 women and two men deliberated over an hour in returning the verdict for the plaintiff, who claimed Weikart, then president of the Board of Public Affairs, interferred in the work of Rupert's employes while they were laying a sanitary sewer in Washingtonville.

Common Pleas Judge Joel H. Sharp presided over the two-day trial.

Nice for company: unmold vanilla Bavarian cream on a large round platter and surround with slices of old - fashioned jelly roll. If the cream was made in a ring mold, you can fill the center with fresh fruit.

Gov. Welsh Praises Kennedy's Youth Plan

VAN WERT, Ohio (AP) — The Kennedy administration, through the Federal Youth Employment Act and the Manpower Retraining and Development Program, is leading the fight against the problems of the nation's young people, Gov. Matthew E. Welsh of Indiana says.

Welsh, speaking at a Democratic dinner and rally, credited the President with instituting a broad program to provide adequate training and education for the nation's youth.

"The national administration seeks to offset some of the failures of our educational system in not providing the skills our young people must have," he said.

Woman Makes History, Flies Her Small Plane To Hawaii

HONOLULU (AP)—Betty Miller, 37, who made history Tuesday by flying her small plane from California to Hawaii alone, said she had only one hours' fuel left when she landed.

"I should have had three hours left, but I wasn't worried," said the Santa Monica, Calif., housewife.

Looking fresh, Mrs. Miller opened the cockpit door of her twin-engine Piper Apache and yelled to welcomers: "How's the ground feel?"

Her 2,400-mile flight from Oakland Airport to Honolulu International Airport took 17 hours 3 minutes.

The Hawaii trip was the first leg of her planned solo flight to Brisbane, Australia, a 7,100-mile ocean-spanning trip that will include stops at Canton Island and Fiji. She is flying a reverse course taken by Amelia Earhart in 1937 when she and her navigator Fred Noonan disappeared without trace while attempting to fly the Pacific.

"I would just love to have a drink," the aviatrix said. She complained that someone in Oakland goofed before her departure and filled her thermos bottle with boiling water.

Mrs. Miller said she will rest in Honolulu for "a day or two" before continuing to Canton Island. She had been expected to continue the flight after refueling in Honolulu.

Grand Jury Due Facts Concerning Mystery Death

CANTON, Ohio (AP) — Stark County Prosecutor Norman J. Putman says he will present to a grand jury Friday the facts in the mystery death of a man whose body was found in a burning automobile belonging to Robert K. Domer.

The prosecutor said Tuesday, after authorities in Wayne County indicated a desire to have the prosecution handled in Stark County, that he would take the Domer case before the grand jury here.

The flaming car was found about 20 yards inside the Wayne County line April 23, but authorities have indicated the man, still not identified, may have died elsewhere and been taken to the Wayne County field.

Domer, president of Continental Mortgage Corp. and a former president of the Stark County Regional Planning Commission, disappeared April 1 from his home in a fashionable Canton section. He returned home Sunday and surrendered to authorities.

Domer faces a forgery charge, details of which have not been disclosed, public, and a federal charge of making false statements to a federal agency. In addition, he is being sued for payment of $20,000 in outstanding notes.

Fashion Expert Dies

NEW YORK (AP)—Mrs. William Robinson Leigh, 81, designer known as Ethel Traphagen who founded the nation's first school of fashion design, died Monday.

Eyes Derby On Saturday

Bonjour Wins Derby Trial

By KELSO STURGEON
Associated Press Sports Writer

LOUISVILLE, Ky. (AP) — Thanks to a rookie trainer and a weather-worn Arizona cowboy who shocks the sophisticated racing world with his training methods, California will have its strongest Kentucky Derby representation in history Saturday.

John Jacobs, 28, will send Patrice Jacobs' California-bred Bonjour, winner of Tuesday's Derby Trial, in the 1¼ mile Derby. The Arizona cowboy, Mesh Tenney, will send out Rex Ellsworth's even-money favorite Candy Spots.

Everybody knows what unbeaten Candy Spots can do. Bonjour just adds a little icing to the cake.

"Bonjour is greatly improved since Santa Anita," said Jacobs, who has helped his father, Hirsch Jacobs, train since 1956.

Jockey Willie Shoemaker came from eight lengths off the pace to take the lead one-eighth mile from the finish in the one-mile $16,200 Trial. He won by three-quarters of a length over Walnut Hill Farm's Gray Pet. Ambush Stable's On My Honor, another California colt, finished third in a field of eight Derby eligibles. The other California colt that will start in the Derby, B. J. Ridder's Royal Tower, sat out the Trial.

Bonjour ran the distance in 1 minute, 36 and 2-5 seconds over a track classified as good and returned $4.40 as the favorite.

Tenney said Tuesday night he doesn't care how Candy Spots runs in the Derby, just so he has a lot left for the stretch run.

Tenney, who trained the 1955 Derby winner Swaps, believes the best way to train a horse is the simplest way. He never knows for sure when Candy Spots will work out.

"If he feels like training a little bit," Tenney said, "we train a little bit. If he doesn't, we just wait for another day when he does."

Most trainers carefully sponge their colts down, brushing them very carefully. Tenney just turns a water hose on them and lets it go at that.

Candy Spots and Cain Hoy Stable's Never Bend, second choice at 2-1 to win the Derby, will hold their final workouts Thursday. Greentree Stable's No Robbery, the third choice, worked his final time Monday.

Struck Company Makes Shipment By Using Truck

CLEVELAND (AP)—The struck Brush Beryllium Co., which used a helicopter to get a shipment of defense materials out of its East Side plant Saturday, made another shipment Tuesday, this time using a truck.

An official of the United Auto Workers Union charged the company with trying to run down pickets and with trying to provoke picket line violence.

William Casstevens, UAW international representative, accused the firm of attempting to "break the strike while hiding behind an alleged cloak of government security."

The company denied the charges.

The firm's 168 employes struck 10 days ago over health and safety issues. Company and union negotiators meet Thursday with a federal mediator.

An Army procurement officer said the schedule called for a shipment at this time but added that the Army had not made a specific request that the defense materials be moved out of the plant.

Preheat an aluminum skillet before adding food to prevent sticking. At washup time, don't soak the skillet.

Ohio 5-Day Forecast

NORTHERN OHIO — Temperatures will average three to eight degrees above normal. Normal high 65, normal low 42-46. Warmer Thursday and Friday, no important change until a little cooler about Monday. Rainfall will average one-fourth to one-half inch occurring mostly next week but possibly a few showers or thundershowers about Saturday.

SOUTHERN & CENTRAL OHIO—Temperatures will average four to five degress above normal. Normal high 66-72, normal low 44-49. Warming trend through weekend. Showers occurring mostly next week will total about one-half inch.

Stars Grabbed In Draft

Kennedy, An Ex-Mayor, Due As New NBA Chief

NEW YORK (AP)—The National Basketball Association, basking in the glow of a 35 per cent regular season gate increase, will name the second president in its 17-year history today, in the final session of the annual meeting.

J. Walter Kennedy, 49-year-old mayor of Stamford, Conn., and former NBA press chief, is in line for the post.

Kennedy has written out his resignation as mayor. The NBA has called a news conference today, presumably to announce Kennedy's appointment as successor to Maurice Podoloff, the only chief the pro league has had since its 1946 founding.

Podoloff is retiring. His contract expires today. Podoloff's last official act was to provide over the annual draft meeting Tuesday, at which the nine teams picked over a relatively indifferent crop of college stars.

Podoloff also announced a 35 per cent NBA gate increase last season, and a 28 per cent boost in playoff game receipts.

The New York Knicks, cellar team last year, grabbed the only two All-Americas available in the draft, Art Heyman of Duke and Jerry Harkness of Chicago Loyola.

They made Heyman the No. 1 pick after the Cincinnati Royals had tabbed Tom Thacker of the University of Cincinnati as a territorial choice.

San Francisco sprang a surprise naming Nate Thurmond of Bowling Green, a 6-foot-11 center. The Warriors, picking third, had been expected to strengthen their back court, since they have 7-1 Wilt Chamberlain at center. Detroit, picking fourth, wanted Thurmond.

The Chicago - Baltimore team picked Rod Thorn of West Virginia.

Coach Eddie Donovan of the Knicks said he planned to keep Heyman, scotching reports that the 6-5 All-America who was named player of the year by The Associated Press would be traded to Cincinnati for Jerry Lucas.

The NBA completed its first round of the annual college draft in the record time of 10 minutes as Detroit selected Eddie Miles of Seattle, St. Louis took Jerry Ward of Boston College, Syracuse plucked Tom Hoover of Villanova, Los Angeles grabbed Roger Strickland of the University of Jacksonville Fla. and Boston picked Bill Green of Colorado State University.

Chicago - Baltimore made Gus Johnson of Idaho its second selection.

Other second round picks were Gary Hill of Oklahoma City by San Francisco, Jerry Smith of Furman by Detroit, Herschel West of Grambling College La. by Syracuse, Leland Mitchell of Mississippi State by St. Louis and Mel Gibson of West Carolina College of Los Angeles.

The pro teams made their picks in reverse order of the league's final standings.

Hearings Slated For 2 Motorists

Municipal Judge Samuel M. Chertoff today set hearings Wednesday, May 8, at 9 a. m. for two men accused of traffic violations.

The new date was set in the trial for Casper William Kress, 66, of 1044 Bradshaw Ave., on a charge of driving while under the influence of alcohol after his counsel, Atty. Donald D. Shay, advised the court he was attending a funeral service today. Kress, cited April 19, had been due for a hearing today.

The same trial date was set for Earl Tice, 960 St. George St., cited April 12 on a charge of failure to yield the right - of - way after his auto was involved in a West End traffic mishap. Arraigned today, Tice entered a not guilty plea.

Meanwhile, Bernard M. Barnhouse, 920 Myler Rd., was fined $20 and costs when he pleaded guilty to a charge of speeding 75 miles an hour in a 50-mile zone on the East Liverpool - Wellsville Rd. He was cited early Saturday.

Fight Results

HOUSTON, Tex.—Tod Herring, 203½, Houston, outpointed Sonny Moore, 199, Dallas, 12.

NEW YORK—Floyd McCoy, 178, New York, and Lew Moses, 181, New York, drew 8.

Pennel Soars To New Vault Mark, Sets Sights On 16-9

MONROE, La. (AP)—Soaring John Pennel says he won't be satisfied until he vaults 16 feet, 9 inches, higher than any human has gone.

The husky, 22-year-old narrowly missed the 16-9 mark Tuesday night in a dual meet. He cleared 16-6¾ and reclaimed the pending official world's record.

Finland's Pentti Nikula has a 16-8¾ effort to his credit. But it came in indoor competition and doesn't count as an official world standard.

Before Pennel started raising the record last March, Nikula held the official mark with a 16-2¾ performance outdoors. Pennel has now toppled the record three times.

A University of Washington sophomore, Brian Sternberg, reigned for four days as pole vault king. Sternberg cleared 16-5 last Saturday in the Penn Relays. Later on Saturday, Pennel went 16-6 while practicing in the rain.

The Miami, Fla., native plans to start vaulting at 16 feet in this Saturday's Northeast Louisiana Invitational Track Meet. Pennel is a student at the state-supported college in Monroe.

"I get too tired starting lower," Pennel said after his record 16-6¾ leap Tuesday. He started at 15 feet, then went to 16. He cleared the bar easily both times.

Officers Push Probe Of Burglarized Safe

Police Chief John Hephner today said no finger prints were found on a safe hauled from a Wellsville service station in a burglary the night of April 1.

The safe was found Sunday afternoon in a ravine about 50 to 60 feet over the hillside from 25th St. Ext.

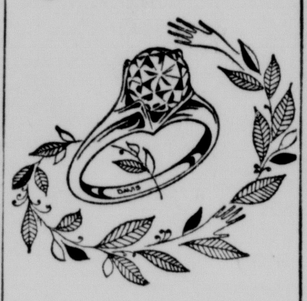
The safe was hauled to the police station. It had been stolen from the Cunningham Service Station at 3rd and Main Sts. John Cunningham, the owner, made the identification.

The safe had been "peeled" open.

BASEBALL HEROES

BATTING—Julian Javier, Cardinals, homered in fifth inning for decisive run in 2-1 victory over Milwaukee that extended St. Louis winning streak to four games.

Graceful



The beauty of this diamond is accentuated by a graceful one-piece, four-prong mounting.

Eyes Derby On Saturday

Bonjour Wins Derby Trial

By KELSO STURGEON
Associated Press Sports Writer

LOUISVILLE, Ky. (AP) — Thanks to a rookie trainer and a weather-worn Arizona cowboy who shocks the sophisticated racing world with his training methods, California will have its strongest Kentucky Derby representation in history Saturday.

John Jacobs, 28, will send Patrice Jacobs' California-bred Bonjour, winner of Tuesday's Derby Trial, in the 1¼ mile Derby. The Arizona cowboy, Mesh Tenney, will send out Rex Ellsworth's even-money favorite Candy Spots.

Everybody knows what unbeaten Candy Spots can do. Bonjour just adds a little icing to the cake.

"Bonjour is greatly improved since Santa Anita," said Jacobs, who has helped his father, Hirsch Jacobs, train since 1956.

Jockey Willie Shoemaker came from eight lengths off the pace to take the lead one-eighth mile from the finish in the one-mile $16,200 Trial. He won by three-quarters of a length over Walnut Hill Farm's Gray Pet. Ambush Stable's On My Honor, another California colt, finished third in a field of eight Derby eligibles. The other California colt that will start in the Derby, B. J. Ridder's Royal Tower, sat out the Trial.

Bonjour ran the distance in 1 minute, 36 and 2-5 seconds over a track classified as good and returned $4.40 as the favorite.

Tenney said Tuesday night he doesn't care how Candy Spots runs in the Derby, just so he has a lot left for the stretch run.

Tenney, who trained the 1955 Derby winner Swaps, believes the best way to train a horse is the simplest way. He never knows for sure when Candy Spots will work out.

"If he feels like training a little bit," Tenney said, "we train a little bit. If he doesn't, we just wait for another day when he does."

Most trainers carefully sponge their colts down, brushing them very carefully. Tenney just turns a water hose on them and lets it go at that.

Candy Spots and Cain Hoy Stable's Never Bend, second choice at 2-1 to win the Derby, will hold their final workouts Thursday. Greentree Stable's No Robbery, the third choice, worked his final time Monday.

Struck Company Makes Shipment By Using Truck

CLEVELAND (AP)—The struck Brush Beryllium Co., which used a helicopter to get a shipment of defense materials out of its East Side plant Saturday, made another shipment Tuesday, this time using a truck.

An official of the United Auto Workers Union charged the company with trying to run down pickets and with trying to provoke picket line violence.

William Casstevens, UAW international representative, accused the firm of attempting to "break the strike while hiding behind an alleged cloak of government security."

The company denied the charges.

The firm's 168 employes struck 10 days ago over health and safety issues. Company and union negotiators meet Thursday with a federal mediator.

An Army procurement officer said the schedule called for a shipment at this time but added that the Army had not made a specific request that the defense materials be moved out of the plant.

Preheat an aluminum skillet before adding food to prevent sticking. At washup time, don't soak the skillet.

Ohio 5-Day Forecast

NORTHERN OHIO — Temperatures will average three to eight degrees above normal. Normal high 65, normal low 42-46. Warmer Thursday and Friday, no important change until a little cooler about Monday. Rainfall will average one-fourth to one-half inch occurring mostly next week but possibly a few showers or thundershowers about Saturday.

SOUTHERN & CENTRAL OHIO—Temperatures will average four to five degress above normal. Normal high 66-72, normal low 44-49. Warming trend through weekend. Showers occurring mostly next week will total about one-half inch.

Stars Grabbed In Draft

Kennedy, An Ex-Mayor, Due As New NBA Chief

NEW YORK (AP)—The National Basketball Association, basking in the glow of a 35 per cent regular season gate increase, will name the second president in its 17-year history today, in the final session of the annual meeting.

J. Walter Kennedy, 49-year-old mayor of Stamford, Conn., and former NBA press chief, is in line for the post.

Kennedy has written out his resignation as mayor. The NBA has called a news conference today, presumably to announce Kennedy's appointment as successor to Maurice Podoloff, the only chief the pro league has had since its 1946 founding.

Podoloff is retiring. His contract expires today. Podoloff's last official act was to provide over the annual draft meeting Tuesday, at which the nine teams picked over a relatively indifferent crop of college stars.

Podoloff also announced a 35 per cent NBA gate increase last season, and a 28 per cent boost in playoff game receipts.

The New York Knicks, cellar team last year, grabbed the only two All-Americas available in the draft, Art Heyman of Duke and Jerry Harkness of Chicago Loyola.

They made Heyman the No. 1 pick after the Cincinnati Royals had tabbed Tom Thacker of the University of Cincinnati as a territorial choice.

San Francisco sprang a surprise naming Nate Thurmond of Bowling Green, a 6-foot-11 center. The Warriors, picking third, had been expected to strengthen their back court, since they have 7-1 Wilt Chamberlain at center. Detroit, picking fourth, wanted Thurmond.

The Chicago - Baltimore team picked Rod Thorn of West Virginia.

Coach Eddie Donovan of the Knicks said he planned to keep Heyman, scotching reports that the 6-5 All-America who was named player of the year by The Associated Press would be traded to Cincinnati for Jerry Lucas.

The NBA completed its first round of the annual college draft in the record time of 10 minutes as Detroit selected Eddie Miles of Seattle, St. Louis took Jerry Ward of Boston College, Syracuse plucked Tom Hoover of Villanova, Los Angeles grabbed Roger Strickland of the University of Jacksonville Fla. and Boston picked Bill Green of Colorado State University.

Chicago - Baltimore made Gus Johnson of Idaho its second selection.

Other second round picks were Gary Hill of Oklahoma City by San Francisco, Jerry Smith of Furman by Detroit, Herschel West of Grambling College La. by Syracuse, Leland Mitchell of Mississippi State by St. Louis and Mel Gibson of West Carolina College of Los Angeles.

The pro teams made their picks in reverse order of the league's final standings.

Hearings Slated For 2 Motorists

Municipal Judge Samuel M. Chertoff today set hearings Wednesday, May 8, at 9 a. m. for two men accused of traffic violations.

The new date was set in the trial for Casper William Kress, 66, of 1044 Bradshaw Ave., on a charge of driving while under the influence of alcohol after his counsel, Atty. Donald D. Shay, advised the court he was attending a funeral service today. Kress, cited April 19, had been due for a hearing today.

The same trial date was set for Earl Tice, 960 St. George St., cited April 12 on a charge of failure to yield the right - of - way after his auto was involved in a West End traffic mishap. Arraigned today, Tice entered a not guilty plea.

Meanwhile, Bernard M. Barnhouse, 920 Myler Rd., was fined $20 and costs when he pleaded guilty to a charge of speeding 75 miles an hour in a 50-mile zone on the East Liverpool - Wellsville Rd. He was cited early Saturday.

Fight Results

HOUSTON, Tex.—Tod Herring, 203½, Houston, outpointed Sonny Moore, 199, Dallas, 12.

NEW YORK—Floyd McCoy, 178, New York, and Lew Moses, 181, New York, drew 8.

Pennel Soars To New Vault Mark, Sets Sights On 16-9

MONROE, La. (AP)—Soaring John Pennel says he won't be satisfied until he vaults 16 feet, 9 inches, higher than any human has gone.

The husky, 22-year-old narrowly missed the 16-9 mark Tuesday night in a dual meet. He cleared 16-6¾ and reclaimed the pending official world's record.

Finland's Pentti Nikula has a 16-8¾ effort to his credit. But it came in indoor competition and doesn't count as an official world standard.

Before Pennel started raising the record last March, Nikula held the official mark with a 16-2¾ performance outdoors. Pennel has now toppled the record three times.

A University, of Washington sophomore, Brian Sternberg, reigned for four days as pole vault king. Sternberg cleared 16-5 last Saturday in the Penn Relays. Later on Saturday, Pennel went 16-6 while practicing in the rain.

The Miami, Fla., native plans to start vaulting at 16 feet in this Saturday's Northeast Louisiana Invitational Track Meet. Pennel is a student at the state-supported college in Monroe.

"I get too tired starting lower," Pennel said after his record 16-6¾ leap Tuesday. He started at 15 feet, then went to 16. He cleared the bar easily both times.

Officers Push Probe Of Burglarized Safe

Police Chief John Hephner today said no finger prints were found on a safe hauled from a Wellsville service station in a burglary the night of April 1.

The safe was found Sunday afternoon in a ravine about 50 to 60 feet over the hillside from 25th St. Ext.

The safe was hauled to the police station. It had been stolen from the Cunningham Service Station at 3rd and Main Sts. John Cunningham, the owner, made the identification.

The safe had been "peeled" open.

BASEBALL HEROES

BATTING—Julian Javier, Cardinals, homered in fifth inning for decisive run in 2-1 victory over Milwaukee that extended St. Louis winning streak to four games.

ZIP Service

★ ★ ★ ★ ★ ★

Postal's Zone Improvement Plan

WASHINGTON (AP) — In the news from Washington:

SAVE WITH ZIP: The Post Office Department will put ZIP into its service nationwide starting July 1.

ZIP—Zoning Improvement Plan—is designed to speed deliveries and save the government about $15 million in the first year.

Postmaster General J. Edward Day explained Tuesday that the plan is principally aimed at encouraging big business firms to use the five-digit ZIP-coded addresses on the billions of pieces of mail they send out annually.

The public should help, he said, by advising firms with which they do business—such as telephone companies and magazine publishers of their code numbers.

Day said ZIP will eliminate up to six of the ten sorting and handling steps now needed on mail sent by big business houses.

CONTRIBUTION: "Many Teamsters Union members were Boy Scouts. Many Boy Scouts one day will be the Teamsters Union members."

With these words, Teamsters President James R. Hoffa Tuesday gave the Boy Scouts $336,000 on behalf of the union for construction of a new Scout center in Washington.

Adm. Arleigh A. Burke, former chief of naval operations and Scout fund campaign chairman in the capital area, accepted the gift and said Scout officials were "deeply grateful."

APPROVED: The Senate Foreign Relations Committee approved Tuesday Chester Bowles' nomination for a second assignment as ambassador to India.

PARCEL RATES: Sen. Olin D. Johnston, D-S.C., says he will introduce a bill to raise parcel post rates to bring in about $80 million more in revenue a year.

Steve DiMauro, trainer for Golden Triangle Stable, survived spills as a jockey with little ramage. But when a stable pony he was riding toppled backward he sustained cracked ribs.

3 Honor Society Pupils Inducted At Newell School

Linda Baker, James Seevers and Kristen Bennett were inducted into Wells High School's Nu-Theta Chapter of the National Honor Society at a candlelight service Tuesday afternoon, in the Newell School. The program marked the 15th anniversary of the chapter.

Miss Jennifer Allison, president, presided and gave the pledges, while Miss Kathy Wells, alumni member, gave the emblem interpretation.

Seniors speaking on qualifications for membership were Richard Webb, character; George Bourne, scholarship; Joseph Hall, leadership, and Miss Wells, service. Principal E. Russell Slack conferred the memberships and gave congratulations.

The high school band, under the direction of J. Larry Clark, played "Variations Overture" (Williams) and "Overture Militaire" (Hayden).

Faculty sponsors are Mrs. Caroline Mountford and Miss Regina Wehner.

When southpaw Bob Fenton beat Cornell by 17-0 this spring he became the third pitcher in Penn State history to toss a no-hitter. Jay Minnich hurled one in 1911 and Eddie Drapcho in 1955.

U.S. Steel's Head Hopes For No Strike

NEW YORK (AP) — Roger M. Blough says he hopes the steel industry will get through expected wage contract negotiations this summer without a strike.

Blough, board chairman of U.S. Steel Corp., said he expects "serious discussions" with union leaders to begin this month.

Apprehension over a possible strike prompted a flood of orders from big steel users and sent production spiraling upward without interruption in the last 13 weeks.

Asked by a newsman about prospects, Blough said Tuesday: "I always hope there will be a satisfactory solution to both sides without any work stoppage."

Informal union - industry talks have been proceeding though a joint human relations research committee meeting in Pittsburgh.

Blough made it clear he thinks they can blossom into serious bargaining with no formal notice of a 1962 wage contract reopening as provided for in that agreement.

The industrialist said he feels recent price rises on certain steel products will have little effect on the bargaining outcome.

"This price change alone isn't going to do what is necessary to correct the problems of the steel industry," Blough said. "I think the union understands this."

United Steelworkers President David J. Mcdonald said in Pittsburgh Tuesday no decision has been made on whether to reopen contracts with the basic steel industry.

Just before the news conference U.S. Steel disclosed that January-March quarter profits were the lowest for the first quarter of any year since 1948.

They amounted to $29,918,774, or 44 cents a share of common stock. against $55,808,436 or 91 cents a share in the comparable 1962 period.

This yield fell 6 cents short of covering "Big Steel's" regular quarterly dividend despite a reduction of the payment to 50 cents from 75 cents a share last October.

Of major steel concerns, only National Steel Corp. reported a gain in first quarter profits. Earnings of Bethlehem Steel Co., the No. 2 producer, plummeted 50 per cent.

Hearing Slated On Mental Help Need For Woman

FALMOUTH, Ky. (AP) — A hearing on Friday will determine whether Mrs. Virginia Hill should be committed for psychiatric examination, an attorney for the accused killer of five said Tuesday night.

Atty. H. B. Best, one of three Falmouth lawyers appointed to defend Mrs. Hill, said he and his colleagues feel the 26-year-old defendant needs medical treatment.

Mrs. Hill pleaded innocent Tuesday in Pendleton Circuit Court to five charges of wilful murder. She is accused of causing the deaths of four of her seven children and the son of her landlady.

Three of the children and Theodore Hamilton, 45, died Dec. 29, 1957, in a fire that swept a Falmouth store and two upstairs apartments. Sheriff's deputies said Mrs. Hill admitted setting the fire.

Nice for a bride's shower: using a heart-shaped cookie cutter or individual mold, cut out hearts from sheet cake. Sandwich the hearts together and then cover with filling-and-frosting.

ZIP Service

★ ★ ★ ★ ★ ★

Postal's Zone Improvement Plan

WASHINGTON (AP) — In the news from Washington:

SAVE WITH ZIP: The Post Office Department will put ZIP into its service nationwide starting July 1.

ZIP—Zoning Improvement Plan—is designed to speed deliveries and save the government about $15 million in the first year.

Postmaster General J. Edward Day explained Tuesday that the plan is principally aimed at encouraging big business firms to use the five-digit ZIP-coded addresses on the billions of pieces of mail they send out annually.

The public should help, he said, by advising firms with which they do business—such as telephone companies and magazine publishers of their code numbers.

Day said ZIP will eliminate up to six of the ten sorting and handling steps now needed on mail sent by big business houses.

CONTRIBUTION: "Many Teamsters Union members were Boy Scouts. Many Boy Scouts one day will be the Teamsters Union members."

With these words, Teamsters President James R. Hoffa Tuesday gave the Boy Scouts $336,000 on behalf of the union for construction of a new Scout center in Washington.

Adm. Arleigh A. Burke, former chief of naval operations and Scout fund campaign chairman in the capital area, accepted the gift and said Scout officials were "deeply grateful."

APPROVED: The Senate Foreign Relations Committee approved Tuesday Chester Bowles' nomination for a second assignment as ambassador to India.

PARCEL RATES: Sen. Olin D. Johnston, D-S.C., says he will introduce a bill to raise parcel post rates to bring in about $80 million more in revenue a year.

Steve DiMauro, trainer for Golden Triangle Stable, survived spills as a jockey with little ramage. But when a stable pony he was riding toppled backward he sustained cracked ribs.

3 Honor Society Pupils Inducted At Newell School

Linda Baker, James Seevers and Kristen Bennett were inducted into Wells High School's Nu-Theta Chapter of the National Honor Society at a candlelight service Tuesday afternoon, in the Newell School. The program marked the 15th anniversary of the chapter.

Miss Jennifer Allison, president, presided and gave the pledges, while Miss Kathy Wells, alumni member, gave the emblem interpretation.

Seniors speaking on qualifications for membership were Richard Webb, character; George Bourne, scholarship; Joseph Hall, leadership, and Miss Wells, service. Principal E. Russell Slack conferred the memberships and gave congratulations.

The high school band, under the direction of J. Larry Clark, played "Variations Overture" (Williams) and "Overture Militaire" (Hayden).

Faculty sponsors are Mrs. Caroline Mountford and Miss Regina Wehner.

When southpaw Bob Fenton beat Cornell by 17-0 this spring he became the third pitcher in Penn State history to toss a no-hitter. Jay Minnich hurled one in 1911 and Eddie Drapcho in 1955.

Antioch Students Stage Sit-In

Barber Mapping Strategy To Keep Shop Segregated

YELLOW SPRINGS, Ohio (AP) —Lewis Gegner, veteran barber in this college town of 4,100 residents, is taking a breather today in his battle against cutting the hair of Negroes.

He indicated, however, that he'll be mapping strategy.

"I have a plan in mind but can't say just now what it is," Gegner said Tuesday night after Antioch College students staged a sit-in at his shop for the second straight business day.

The hefty, bespectacled haircutter has been involved for months in a legal dispute stemming from his refusal to cut the hair of Negroes.

He was convicted by Ohio's Civil Rights Commission on a charge of discrimination in a place of public accomodation. He appealed, however, and the case is pending in Greene County Common Pleas Court.

Gegner has stood his ground on the claim that cutting Negro hair requires special training which he has not had. "I still don't know how to cut colored people's hair," he told The Associated Press Tuesday night.

The barber's comments came after 16 students—all but two of them white—staged an all - day vigil in his shop. Gegner said the students, representing the Antioch Committee for Racial Equality, refused to remain in space he had provided for them.

"I roped off the back of the shop, allowing only five waiting chairs for my customers and leaving 10 chairs for the students," he said.

"But they stepped over the webbing and one of the students forced his way into one of my barber chairs."

Gegner said it finally reached the point that all the chairs in his shop but one were filled by demonstrators. "I could no longer continue business so I just closed," he said. "That was about 3 p.m."

The first demonstration at Gegner's shop took place last Saturday.

Members of ACRE met on the Antioch campus Tuesday night to plan what they said would be further sit-ins at the shop. A spokesman said Yellow Springs residents would take part in the next demonstration.

While Gegner remained closed today and refused to say what he planned to do, he did say: "I'll be open for business as usual on Thursday."

10 From Church At Lisbon Will Attend Retreat At Salem

Ten members of the CYF of the First Christian Church at Lisbon will attend the weekend retreat at the Salem Church and will have charge of the closing worship.

Dick Zitto of Lisbon, president of District 7, will preside and new district officers will be elected.

Miss Kay Duke, daughter of Mr. and Mrs. Vernon Duke of E. Lincoln Way, directed her sorority, Alpha Gamma Delta, for the inter-fraternity sing of Baldwin Wallace College of Berea Saturday and received first place for the second consecutive year.

Miss Duke who will graduate in June with a bachelor of music education degree, has directed for the singing in competition with five other sororities for three years.

Mr. and Mrs. Duke, accompanied by his brother, Mr. and Mrs. Donald Duke and daughters, Debra and Donna, of East Liverpool, attended the sing.

The Lisbon Band Parents Association will sponsor a record hop May 11 at the David Anderson High School gym. Joe Cunningham, disc jockey of WHLO in Akron, will provide the music.

The committee consists of Mr. and Mrs. Hoyt Sexton and Mr. and Mrs. Charles Homan, co - chairmen, Mr. and Mrs. John P. Neill, Mr. and Mrs. Dennis Pastore, Mr. and Mrs. Harley Culler, Mr. and Mrs. Donald Dawes, Mr. and Mrs. Thomas Fife and Dr. and Mrs. Wade Bacon.

Former Lisbon residents, Mr. and Mrs. J. Roy Ramsey of Fairmont, W. Va., celebrated their 55th wedding anniversary Monday.

They were members of the Trinity United Presbyterian Church while in Lisbon and for a time also resided in Carroll County. Ramsey is a retired farmer.

The Victory Club dined at Heck's Restaurant in Columbiana Monday evening and then returned to the home of Mrs. Francis Gunn of W. Lincoln Way.

Mrs. Clarence Fife and Mrs. Robert Stacey were awarded 500 prizes.

Next meeting May 13 will be with Mrs. Victor Williams of S. Lincoln Ave.

The Columbiana County 8 and 40 Salon of the American Legion Auxiliary will meet Thursday evening at 8 at the home of Mrs. Merle Burson of McKinley Ave.

Weekend guest of Mr. and Mrs. John A. Noble of E. Lincoln Way was Mrs. Phillip Fath of Cleveland.

Mrs. Clayton Hunter of N. Jefferson St. and Mrs. Paul Morlan of March Rd. attended the Metropolitan Opera performance Saturday in Cleveland.

Details Released On 2 New County Sewing Contests

LISBON — Details of two sewing contests have been announced by Mrs. Dixie Saltsman, acting home demonstration agent.

The "1963 Young Stylemaker Contest," sponsored by the Singer Sewing Machine Co., is open to girls between the ages of 10-21. Contestants must enroll in a Singer sewing course. The garment made in this sewing course may then be submitted for competition in the $130,000 contest.

The "1963 national cotton bag sewing contest," sponsored by the National Cotton Council of America, is open to both teenagers and adults this year. Contestants are required to make entries entirely from cotton bags except for trim.

Cash prizes are given locally for first, second and third places in the following adult categories — kitchen apron and one potholder, pillowcases, child's play outfit, luncheon set, crib quilt and stuffed toy.

Teenagers compete for cash prizes at the local level by submitting any style dress.

Local winners are eligible to compete in the national contest for such prizes as a free vacation in New York, a $500 savings bond and others.

Further information on both contests are available at the Agriculture Extension Office, 113 S. Market St.

$93,315 Contributed To Ohio College Fund

CLEVELAND (AP) — Cuyahoga County alumni of 19 Ohio colleges contributed $93,315 in a two-week campaign of the Independent College Alumni Associates, which ended Tuesday night.

Colleges taking part were Baldwin - Wallace, Antioch, Ashland, Bluffton, Capital, Dayton, Defiance, Fenn, Findlay, Heidelberg, Hiram, John Carroll, Lake Erie, Mount Union, Notre Dame, St. Mary of the Springs, Wilmington, Wittenberg and Wooster.

Bow Wins Colleagues Over On Fete Fund

WASHINGTON (AP) — Rep. Frank T. Bow, R-Ohio, has persuaded his colleagues that $14,000 is too much to appropriate for a reception at next year's meeting here of the National Social Security Association.

Bow argued Tuesday, before the House approved a $5,449,981,000 appropriation to finance the Labor and Welfare departments for fiscal 1964, that the $14,000 reception allotment could be cut in half.

House members went along with Bow, 75-72. The $14,000, Bow said, was for one dinner party expected to be attended by about 800 people.

That one change was the only one made as the House sent the big money bill to the Senate by a voice vote.

Lakewood Attorney Indicted For Bribery

CLEVELAND (AP)—A bribery indictment has been returned against Richard B. Kay, a Lakewood attorney, for allegedly trying to influence a State Highway Department appraiser.

The two-count indictment returned by the Cuyahoga County grand jury accuses Kay of giving $200 to Thomas J. Dow of Columbus to try to get him to make a high appraisal on a piece of property in the path of the Medina Freeway. Dow reportedly notified his superiors of the alleged bribe.

Kay, 44, has been active in Republican affairs and was a field organizer for the Citizens for Eisenhower-Nixon in 1952.

Bethlehem Discloses Pacts For New Mill

BETHLEHEM, Pa. (AP)—Bethlehem Steel Co. has announced contracts totaling $50 million for construction of the first mill facilities at its Burns Harbor plant site in Northern Indiana.

Among firms receiving contracts was Wean Engineering Co., Warren, Ohio, for work on a cold-rolled sheet and tin mill. The amount of the contract was not announced.

Bringing Up A Family

By GARRY C. MEYERS

Children Should Have Responsibilities

Most of what you have heard and read about teaching children responsibilities elaborate in two directions: 1. Letting the child do what older persons usually do. 2. Deploring the passing of jobs which children used to do. In the first category, much is made of the child who is chairman of the school assembly, the child who chooses the furniture and decorations for his room, the child who plans and prepares the family meal or plans a party with his friends. None would deny these as good exercise in bearing responsibility. With the opportunity and a little stimulation, the child able to do such things well is easily attracted to them. Doing things which older persons usually do makes him feel important.

BUT SUPPOSE this same child were selected by his school to pull the curtain or re-arrange the furniture behind the scene for the school assembly program. He might not consider this very important and might not always show up for rehearsal. Yet if he did such a job faithfully, he might be getting better exercise in responsibility than if he had presided at the assembly program.

Or suppose at the party for his friends he were selected to look after his baby brother, two years old. Doing so might not be very glamorous but, if done well, would prove high responsibility in him.

"He that is faithful in that which is least is also faithful in that which is great."

Does it always follow that the child who plans and prepares the family meal or presides at the school assembly will take responsibility at home for tidying up his own room daily, turning the lights off in any room when it is no longer to be used, sending himself to bed at a regular time without being told, doing regular chores well at home, practicing his music lessons faithfully, or taking care of his pet?

-:-

TRUE, SOME jobs children used to have to do at home have passed, thanks to modern living. But there are still furniture to dust, children's beds to make, rooms to tidy up, potatoes to peel, dishes to carry to and from the table, walks and porches to sweep and scrub, leaves to rake, bedtime to observe, hands and body to wash and bathe, teeth to brush, self to get ready for school—scores of such responsibilities.

Of course there may be a mechanical dishwasher, washing machine or ironer. But still somebody is needed to operate them. But, alas, as new gadgets for labor-saving come into the home, it's rarely the child who operates them and takes responsibility for them. It's usually the mother.

Modern inventions don't do away with responsibilities; they merely tend to serve as excuses for children to escape responsibilities.

The trouble is that parents are so enamored with these new inventions that they suppose their children should bear no responsibility for them and with them.

-:-

FURTHERMORE, MOST parents are so indoctrinated with the notion that everything a child does should appeal to him that they don't think of his learning responsibility from doing anything that he doesn't feel like doing.

So they are so set on finding things for him to do that will make him feel he's a big shot, that they don't bother about training him also to share in doing what he thinks of as home drudgeries.

My bulletin "Educating Child In Responsibility," may be secured by sending a self-addressed, stamped envelope to me in care of The Review.

Engineering Careers Seen Available In Ceramic Field

The field of ceramics offers a great potential for engineering students, according to Frank Reid, associate secretary of the American Ceramic Society, who said at its convention in Pittsburgh Tuesday a spectacular growth is indicated.

The field will "at least double" in the next 10 years, Reid said in an interview.

The society is meeting through Thursday at the Penn-Sheraton Hotel. About 2,800 of a total membership of 8,600 had registered by last night.

Reid predicted a spectacular growth for the field because of the wide variety of uses to which ceramics can be put. For instance, a three-day seminar is being held in conjunction with the convention here dealing solely with ceramic materials for atomic-powered space ships.

Other applications:

Electronic parts for computers and other devices.

Nuclear fuel containers.

Heat resistant parts of rocket motors.

Kitchen tiles — perhaps the most familiar use.

Underlying the wide usefulness of ceramics, Reid said, is heat resistance. Actually, "ceramics" simply means use of non-metallic, heat-resistant substances — usually fired clay.

Reid said the field is "wide open" for engineers. He said the industry has its own special field of technology — ceramics engineering — a subject which is taught at 18 universities in this country.

Among the featured speakers at today's sessions will be Dr. Isay Balinkin, University of Cincinnati physicist and ceramics expert. Balinkin will discuss possible applications of laser energy in ceramics. Lasers are highly concentrated light beams that can cut hard materials. Dr. Balinkin has proposed fusing bricks with laser beams instead of mortar.

City's Teachers Set Installation

Officers of the East Liverpool Teachers Association will be installed at a meeting Thursday at 6 p. m. in the Westgate School general purpose room.

The group headed by William Wilson, a Pleasant Heights teacher, will be inducted by Asst. Supt. Paul Blair, a member of the Executive Board of the Ohio Education Association.

Other new officers are Robert Lorah, first vice president; Mrs. Hazel Neiser, second vice president; Miss Lillian Kohler, recording secretary; Mrs. Mary Ruth Bebout, corresponding secretary; Mrs. Lillie Belle Leonard, treasurer, and James Martin, Ruth S. Dawson and Pauline Smiley, directors. Holdover directors are Harold Bricker and Mrs. Mildred Hawkins.

Mrs. Dorothy Jones Nelson, a former East Liverpool teacher, will discuss her experiences during two years in Nigeria and screen slides.

Plain Dealer Editor Wright Bryan Resigns

CLEVELAND (AP) — Wright Bryan has resigned as editor of the Plain Dealer.

In announcing his resignation Tuesday, Bryan said:

"Differences of judgment exist between me and present officers of the Forest City Publishing Co. which can best be resolved in this manner."

He resigned also as a director of The Associated Press. Bryan had been editor of the Plain Dealer for nine years and served for two years on the AP board.

He did not disclose his plans.

Six-State Hunt Set For Missing Plane Carrying 3

CINCINNATI (AP)—The Civil Air Patrol was to begin an intense six-state hunt at dawn today for a light plane with three Virginia men aboard that has been missing since Monday.

The plane disappeared on a flight from Marion, Ind., to Franklin, Va. during an afternoon when rough weather prevailed over parts of its route. A Federal Aviation Agency tracer showed the pilot, James Carter, 50, Franklin, had made no radio contacts.

Carter's passengers were identified as R. L. Tulloh, Emporia, and H. B. Brown, Skippers.

Wilbur Byrd, director of CAP Emergency Services, said the search would include parts of Indiana, Kentucky, Ohio, Pennsylvania, Virginia and West Virginia.

The missing plane, a single-engine Bonanza with white fuselage and yellow wings, took off from Marion Municipal Airport at 2:30 p.m. Monday. It was expected to land at Franklin 2½ to 3 hours later. Officials said its registration number was N2816B.

Wheeling Residents Reject Bond Issue

WHEELING (AP) — A proposed $6.9 million bond issue to pay for a new consolidated high school and renovation of Wheeling Island Stadium was turned down by Wheeling residents Tuesday.

Final, but unofficial returns showed 8,582 votes for the bond issue and supporting tax levy and 9,975 against. The proposal needed 60 per cent approval of those voting for passage.

Under the plan, five existing high schools would have been combined into one large high school.

Bringing Up A Family

By GARRY C. MEYERS

Children Should Have Responsibilities

Most of what you have heard and read about teaching children responsibilities elaborate in two directions: 1. Letting the child do what older persons usually do. 2. Deploring the passing of jobs which children used to do. In the first category, much is made of the child who is chairman of the school assembly, the child who chooses the furniture and decorations for his room, the child who plans and prepares the family meal or plans a party with his friends. None would deny these as good exercise in bearing responsibility. With the opportunity and a little stimulation, the child able to do such things well is easily attracted to them. Doing things which older persons usually do makes him feel important.

Dr. Garry Meyers

-:-

BUT SUPPOSE this same child were selected by his school to pull the curtain or re-arrange the furniture behind the scene for the school assembly program. He might not consider this very important and might not always show up for rehearsal. Yet if he did such a job faithfully, he might be getting better exercise in responsibility than if he had presided at the assembly program.

Or suppose at the party for his friends he were selected to look after his baby brother, two years old. Doing so might not be very glamorous but, if done well, would prove high responsibility in him.

"He that is faithful in that which is least is also faithful in that which is great."

Does it always follow that the child who plans and prepares the family meal or presides at the school assembly will take responsibility at home for tidying up his own room daily, turning the lights off in any room when it is no longer to be used, sending himself to bed at a regular time without being told, doing regular chores well at home, practicing his music lessons faithfully, or taking care of his pet?

-:-

TRUE, SOME jobs children used to have to do at home have passed, thanks to modern living. But there are still furniture to dust, children's beds to make, rooms to tidy up, potatoes to peel, dishes to carry to and from the table, walks and porches to sweep and scrub, leaves to rake, bedtime to observe, hands and body to wash and bathe, teeth to brush, self to get ready for school—scores of such responsibilities.

Of course there may be a mechanical dishwasher, washing machine or ironer. But still somebody is needed to operate them. But, alas, as new gadgets for labor-saving come into the home, it's rarely the child who operates them and takes responsibility for them. It's usually the mother.

Modern inventions don't do away with responsibilities; they merely tend to serve as excuses for children to escape responsibilities.

The trouble is that parents are so enamored with these new inventions that they suppose their children should bear no responsibility for them and with them.

-:-

FURTHERMORE, MOST parents are so indoctrinated with the notion that everything a child does should appeal to him that they don't think of his learning responsibility from doing anything that he doesn't feel like doing.

So they are so set on finding things for him to do that will make him feel he's a big shot, that they don't bother about training him also to share in doing what he thinks of as home drudgeries.

My bulletin "Educating Child In Responsibility," may be secured by sending a self-addressed, stamped envelope to me in care of The Review.

Engineering Careers Seen Available In Ceramic Field

The field of ceramics offers a great potential for engineering students, according to Frank Reid, associate secretary of the American Ceramic Society, who said at its convention in Pittsburgh Tuesday a spectacular growth is indicated.

The field will 'at least double" in the next 10 years, Reid said in an interview.

The society is meeting through Thursday at the Penn-Sheraton Hotel. About 2,800 of a total membership of 8,600 had registered by last night.

Reid predicted a spectacular growth for the field because of the wide variety of uses to which ceramics can be put. For instance, a three-day seminar is being held in conjunction with the convention here dealing solely with ceramic materials for atomic-powered space ships.

Other applications:

Electronic parts for computers and other devices.

Nuclear fuel containers.

Heat resistant parts of rocket motors.

Kitchen tiles — perhaps the most familiar use.

Underlying the wide usefulness of ceramics, Reid said, is heat resistance. Actually, "ceramics" simply means use of non-metallic, heat-resistant substances — usually fired clay.

Reid said the field is "wide open" for engineers. He said the industry has its own special field of technology — ceramics engineering — a subject which is taught at 18 universities in this country.

Among the featured speakers at today's sessions will be Dr. Isay Balinkin, University of Cincinnati physicist and ceramics expert. Balinkin will discuss possible applications of laser energy in ceramics. Lasers are highly concentrated light beams that can cut hard materials. Dr. Balinkin has proposed fusing bricks with laser beams instead of mortar.

City's Teachers Set Installation

Officers of the East Liverpool Teachers Association will be installed at a meeting Thursday at 4 p. m. in the Westgate School general purpose room.

The group headed by William Wilson, a Pleasant Heights teacher, will be inducted by Asst. Supt. Paul Blair, a member of the Executive Board of the Ohio Education Association.

Other new officers are Robert Lorah, first vice president; Mrs. Hazel Neiser, second vice president; Miss Lillian Kohler, recording secretary; Mrs. Mary Ruth Bebout, corresponding secretary; Mrs. Lillie Belle Leonard, treasurer, and James Martin, Ruth S. Dawson and Pauline Smiley, directors. Holdover directors are Harold Bricker and Mrs. Mildred Hawkins.

Mrs. Dorothy Jones Nelson, a former East Liverpool teacher, will discuss her experiences during two years in Nigeria and screen slides.

Plain Dealer Editor Wright Bryan Resigns

CLEVELAND (AP) — Wright Bryan has resigned as editor of the Plain Dealer.

In announcing his resignation Tuesday, Bryan said:

"Differences of judgment exist between me and present officers of the Forest City Publishing Co. which can best be resolved in this manner."

He resigned also as a director of The Associated Press. Bryan had been editor of the Plain Dealer for nine years and served for two years on the AP board.

He did not disclose his plans.

Six-State Hunt Set For Missing Plane Carrying 3

CINCINNATI (AP)—The Civil Air Patrol was to begin an intense six-state hunt at dawn today for a light plane with three Virginia men aboard that has been missing since Monday.

The plane disappeared on a flight from Marion, Ind., to Franklin, Va. during an afternoon when rough weather prevailed over parts of its route. A Federal Aviation Agency tracer showed the pilot, James Carter, 50, Franklin, had made no radio contacts.

Carter's passengers were identified as R. L. Tulloh, Emporia, and H. B. Brown, Skippers.

Wilbur Byrd, director of CAP Emergency Services, said the search would include parts of Indiana, Kentucky, Ohio, Pennsylvania, Virginia and West Virginia.

The missing plane, a single-engine Bonanza with white fuselage and yellow wings, took off from Marion Municipal Airport at 2:30 p.m. Monday. It was expected to land at Franklin 2½ to 3 hours later. Officials said its registration number was N2816B.

Wheeling Residents Reject Bond Issue

WHEELING (AP) — A proposed $6.9 million bond issue to pay for a new consolidated high school and renovation of Wheeling Island Stadium was turned down by Wheeling residents Tuesday.

Final, but unofficial returns showed 8,582 votes for the bond issue and supporting tax levy and 9,975 against. The proposal needed 60 per cent approval of those voting for passage.

Under the plan, five existing high schools would have been combined into one large high school.

FIELD AND STREAM

By R. L. LIDE

So many people have asked me what happened to the mockingbird. He's still around and can be seen any day in front of my home at Westville Lake.

I have fed him apples all winter, the only thing he seems to like.

Now I have a problem. I went to the refrigerator to get the last apple on hand and it wasn't there. I asked my wife about it and she said she ate it. All I had to do was open my big mouth and say I could get another wife, but mockingbirds can't be replaced. Now I'm frying eggs in a bent skillet.

I'm only kidding, but actually, she does go around telling our friends that she thinks I think more of that old "mocker" than I do of her.

—:—

BROWN TROUT were stocked in Beaver Creek recently from Gavers to Echo Dell, 1,000 to be exact. It would be greatly appreciated if any one catching a trout would let me know about it so I can pass along the word. Stocking is one thing and taking is another.

Since the Lake Guilford Association has stocked northern pike in Guilford, the Fish Management section will ehance this stocking by releasing another 1,000 fingerling northerns from 3 to 5 inches in the near future. Also another 4,000 channel cats will be stocked during the spring.

During the test netting at Berlin Lake, 160 bass were taken from 8 to 20 inches. Channel cats appeared in the nets up to 15 pounds. Crappies are running exceptionally good from 10 to 11 inches. Test netting at Deer Creek Reservoir from April 9 to 19 produced 43 muskies from 23 to 34 inches.

Also at Berlin Reservoir, 2,195 walleyes were taken from 7.1 to 24.8 inches. Of these 1,600 were tagged before being released.

Fishermen catching tagged walleyes are requested to report the same to their game protector. At Lake Milton, 130 walleyes were taken in the nets. They ranged from 13 to 23½ inches.

—:—

FROG SEASON closed at midnight Tuesday and will reopen at 6 p. m., standard time, on June 15. The daily and possession limit is 10 frogs. It is illegal to take frogs by shooting, excepting with bow and arrow.

Fishing slowed considerably last week in all our local lakes. John Young of Lake Guilford, however, landed a 22-inch walleye at Guilford.

Don't depend on this column to provide you with any last-minute fishing information this time of the year. Everything can point to good fishing or maybe poor fishing. The weather conditions can change over night. Maybe I report certain fish being caught, which is true, so you head out for good fishing and get nary a bite.

It's impossible to predict fishing conditions, so you will be as well off looking at the predictions of the fishing calendars or the Farmers Almanac. Or possibly you may want to try a fortune teller for a change.

Angels' McBride Flirts Again With No-Hitter

LOS ANGELES (AP)—Some day, and it might happen at any time, youngish Ken McBride of the Los Angeles Angels is going to pitch a no-hitter.

The stylish, 27-year-old right-hander seemed headed for one Tuesday night against the New York Yankees.

For 6 1-3 innings McBride silenced the Yankee guns, including Mickey Mantle and Roger Maris, who got into the line-up together for the first time this season.

The no-hitter ended in the seventh and McBride's shutout came to a conclusion in the eighth, but McBride was the winner on a 6-3 decision before 32,381 in Chavez Ravine.

Speaking of no-hit hurlers, Bo Belinsky, who had one last year and not much luck so far this season, goes for the Angels tonight against Ralph Terry. Bo is 0-3 and Terry is 3-1.

Earlier this year McBride had seven hitless innings against Chicago, and last year against Minnesota he had one going for 6 2-3 innings.

It would be nice to say Ken finished in a blaze of brilliance Tuesday night. But the truth was, he wasn't around at the finish.

Manager Bill Rigney, taking no chances with the belatedly aroused M&M boys, as well as Joe Pepitone, sent in Jack Spring, and even quicker, Art Fowler, to quell a Yankee uprising in the ninth.

Simmons, Never A 20-Game Winner, Now 4-0 For Cards

ST. LOUIS (AP) — Curt Simmons, never a 20-game winner in 15 years in the major leagues, and the St. Louis Cardinals, who haven't won a pennant in 16 years, continued their early-season stride toward both goals Tuesday night.

The St. Louis left-hander, as sharp as the 53-degree weather, ran his record to 4-0, all complete games, as he pitched the Cardinals into first place by beating the Braves, 2-1.

Simmons gave up just four hits, including Frank Bolling's first-inning homer, as he whipped the Braves for the first time since 1958.

"I'm not thinking about 20 games yet," said Simmons, who helped pitch the Philadelphia Phillies to their last pennant with 18 victories in 1950. "I'll take them one at a time."

Only twice in his career has Simmons had better springs. In 1953 with the Phillies he started with a 6-1 mark and finished with 16-13. Last year with the Cardinals he won his first five games but faded to a 10-10 finish.

The Cardinals, too, also have made a number of determined starts since winning their last pennant in 1946. They have finished second four times since then.

State Liquor Stores To Follow Slow Time

All Ohio State Liquor Stores have been directed to operate on Eastern Standard Time, even when the city in which they are located is on Daylight Savings Time, according to word received today by Harry Excell, local manager.

The local store had been using "fast time" and will revert back to Eastern Standard beginning Thursday, Excell said.

The letter cited a ruling by the state attorney general. This will effect stores in Wellsville, East Palestine and all others in Columbiana County.

All the state stores will be closed Tuesday because of the primary election Excell said.

Rush Will Be Aide To Coach Of Jets

NEW YORK (AP) — For the first time since he played briefly with the Green Bay Packers, Dave Rush is back in professional football.

Rush, who resigned last month as head coach at the University of Toledo, will be offensive coach of the New York Jets under Weeb Ewbank, head coach and general manager.

'48 Champion Indians Coming Back To Play

CLEVELAND (AP)—The world champion Cleveland Indians are coming back—to play an exhibition game against the 1948 American League All-Stars.

The contest will be an abbreviated affair between games of Cleveland's doubleheader with the Chicago White Sox on Sunday, June 23. It's part of the celebration of the Indians' 1948 banner world championship season.

49ers In Trade

SAN FRANCISCO (AP)—Defensive halfback Jim Ridlon was traded Tuesday from the San Francisco 49ers to the Dallas Cowboys in the National Football League for linebacker Mike Dowdle, a former 49er draft selection.

FIELD AND STREAM

By R. L. LIDE

So many people have asked me what happened to the mockingbird. He's still around and can be seen any day in front of my home at Westville Lake.

I have fed him apples all winter, the only thing he seems to like.

Now I have a problem. I went to the refrigerator to get the last apple on hand and it wasn't there. I asked my wife about it and she said she ate it. All I had to do was open my big mouth and say I could get another wife, but mockingbirds can't be replaced. Now I'm frying eggs in a bent skillet.

I'm only kidding, but actually, she does go around telling our friends that she thinks I think more of that old "mocker" than I do of her.

—:—

BROWN TROUT were stocked in Beaver Creek recently from Gavers to Echo Dell, 1,000 to be exact. It would be greatly appreciated if any one catching a trout would let me know about it so I can pass along the word. Stocking is one thing and taking is another.

Since the Lake Guilford Association has stocked northern pike in Guilford, the Fish Management section will ehance this stocking by releasing another 1,000 fingerling northerns from 3 to 5 inches in the near future. Also another 4,000 channel cats will be stocked during the spring.

During the test netting at Berlin Lake, 160 bass were taken from 8 to 20 inches. Channel cats appeared in the nets up to 15 pounds. Crappies are running exceptionally good from 10 to 11 inches. Test netting at Deer Creek Reservoir from April 9 to 19 produced 43 muskies from 23 to 34 inches.

Also at Berlin Reservoir, 2,195 walleyes were taken from 7.1 to 24.8 inches. Of these 1,600 were tagged before being released.

Fishermen catching tagged walleyes are requested to report the same to their game protector. At Lake Milton, 130 walleyes were taken in the nets. They ranged from 13 to 23½ inches.

—:—

FROG SEASON closed at midnight Tuesday and will reopen at 6 p. m., standard time, on June 15. The daily and possession limit is 10 frogs. It is illegal to take frogs by shooting, excepting with bow and arrow.

Fishing slowed considerably last week in all our local lakes. John Young of Lake Guilford, however, landed a 22-inch walleye at Guilford.

Don't depend on this column to provide you with any last-minute fishing information this time of the year. Everything can point to good fishing or maybe poor fishing. The weather conditions can change over night. Maybe I report certain fish being caught, which is true, so you head out for good fishing and get nary a bite.

It's impossible to predict fishing conditions, so you will be as well off looking at the predictions of the fishing calendars or the Farmers Almanac. Or possibly you may want to try a fortune teller for a change.

Angels' McBride Flirts Again With No-Hitter

LOS ANGELES (AP)—Some day, and it might happen at any time, youngish Ken McBride of the Los Angeles Angels is going to pitch a no-hitter.

The stylish, 27-year-old right-hander seemed headed for one Tuesday night against the New York Yankees.

For 6 1-3 innings McBride silenced the Yankee guns, including Mickey Mantle and Roger Maris, who got into the line-up together for the first time this season.

The no-hitter ended in the seventh and McBride's shutout came to a conclusion in the eighth, but McBride was the winner on a 6-3 decision before 32,381 in Chavez Ravine.

Speaking of no-hit hurlers, Bo Belinsky, who had one last year and not much luck so far this season, goes for the Angels tonight against Ralph Terry. Bo is 0-3 and Terry is 3-1.

Earlier this year McBride had seven hitless innings against Chicago, and last year against Minnesota he had one going for 6 2-3 innings.

It would be nice to say Ken finished in a blaze of brilliance Tuesday night. But the truth was, he wasn't around at the finish.

Manager Bill Rigney, taking no chances with the belatedly aroused M&M boys, as well as Joe Pepitone, sent in Jack Spring, and even quicker, Art Fowler, to quell a Yankee uprising in the ninth.

Simmons, Never A 20-Game Winner, Now 4-0 For Cards

ST. LOUIS (AP) — Curt Simmons, never a 20-game winner in 15 years in the major leagues, and the St. Louis Cardinals, who haven't won a pennant in 16 years, continued their early-season stride toward both goals Tuesday night.

The St. Louis left-hander, as sharp as the 53-degree weather, ran his record to 4-0, all complete games, as he pitched the Cardinals into first place by beating the Braves, 2-1.

Simmons gave up just four hits, including Frank Bolling's first-inning homer, as he whipped the Braves for the first time since 1958.

"I'm not thinking about 20 games yet," said Simmons, who helped pitch the Philadelphia Phillies to their last pennant with 18 victories in 1950. "I'll take them one at a time."

Only twice in his career has Simmons had better springs. In 1953 with the Phillies he started with a 6-1 mark and finished with 16-13. Last year with the Cardinals he won his first five games but faded to a 10-10 finish.

The Cardinals, too, also have made a number of determined starts since winning their last pennant in 1946. They have finished second four times since then.

State Liquor Stores To Follow Slow Time

All Ohio State Liquor Stores have been directed to operate on Eastern Standard Time, even when the city in which they are located is on Daylight Savings Time, according to word received today by Harry Excell, local manager.

The local store had been using "fast time" and will revert back to Eastern Standard beginning Thursday, Excell said.

The letter cited a ruling by the state attorney general. This will effect stores in Wellsville, East Palestine and all others in Columbiana County.

All the state stores will be closed Tuesday because of the primary election Excell said.

Rush Will Be Aide To Coach Of Jets

NEW YORK (AP) — For the first time since he played briefly with the Green Bay Packers, Clive Rush is back in professional football.

Rush, who resigned last month as head coach at the University of Toledo, will be offensive coach of the New York Jets under Weeb Ewbank, head coach and general manager.

'48 Champion Indians Coming Back To Play

CLEVELAND (AP)—The world champion Cleveland Indians are coming back—to play an exhibition game against the 1948 American League All-Stars.

The contest will be an abbreviated affair between games of Cleveland's doubleheader with the Chicago White Sox on Sunday, June 23. It's part of the celebration of the Indians' 1948 banner world championship season.

49ers In Trade

SAN FRANCISCO (AP)—Defensive halfback Jim Ridlon was traded Tuesday from the San Francisco 49ers to the Dallas Cowboys in the National Football League for linebacker Mike Dowdle, a former 49er draft selection.

Million Dollar MOVIE "CLOAK AND DAGGER"

Starring: GARY COOPER LILLI PALMER

Friday—11:15 P.M. Channel 4

3,326 Given Surplus Food

LISBON — Over 29 tons of surplus food was distributed to 3,326 persons during April, according to Welfare Director Robert Bycroft.

A total of 3,830 persons were certified to receive surplus food but only 3,326 showed up at the five distribution points.

A breakdown of food issued included 6,687 pounds of milk, 764 of rice, 13,069 of flour, 9,470 of corn meal, 1,922 of lard, 1,431 of shortening, 3,318 of butter, 6,888 of dried beans, 6,896 of canned meat and gravy, 555 of wheat, 2,320 of peanut butter and 4,360 of cheese.

Dates for the May distribution were announced.

They include May 20, East Liverpool Central Fire Station.

May 21 — East Palestine City Building.

May 22 — Salem City Hall.

May 23 — Wellsville Jaycee Building.

May 24 — Lisbon Warehouse.

On 26th Attempt, Man Finally Wins Election

JACKSONVILLE, Fla. (AP) — On his 26th attempt, Barney Cobb finally won an election. The 56-year-old commercial art dealer won the Democratic nomination to the city council Tuesday. He has no Republican opposition.

Heights PTA Has Induction

Bernard Shone was installed as president of the Pleasant Heights Parent-Teacher Association at a meeting Monday night at the school. He succeeds Wilbur Forester.

Others taking office were Paul Seckman, first vice president; Forester, second vice president; Mrs. Alice Brown, secretary; and Mrs. James Curry, treasurer.

Seckman, chairman of the school carnival, announced $680 was netted.

Selections were sung by the school choir, directed by Miss Eleanor Whitehill. A piano duet was played by Vicki Derr and Susan Forester.

Carl Pelini, assistant principal at Westgate School, spoke on the program at Westgate.

James Bowen led devotions, and Ray Shattenberg led the pledge and prayer. A coverdish dinner meeting will be held May 24 at the school.

Crashes Backing Car

LISBON — Police said Roger A. Fritch, 21, of 203 Graham St. backed his car and collided with one driven by William A. Topper, 39, of Shaker Heights Tuesday at 5 p. m. at E. Chestnut and N. Market Sts. Fritch, turning onto Market, backed up for an approaching car. Damage was minor.

Claims Drop For Jobless

Claims for unemployment compensation in April showed a sharp decline from March figures, Harry L. Dinsmore, manager of the Ohio State Employment Service office, said today.

Claims last month totaled 1,716, a drop of 640 from the 2,356 processed in March, Dinsmore said.

Initial claims totaled 235 compared to 244 in March while 1,481 continuing claims were handled against 2,112 in March, he pointed out.

The office received 803 applications for work compared to 1,112 in March and made 72 placements against 56 for the previous month. Five handicapped persons were placed last month compared to four in March, Dinsmore said.

Break up currant jelly with a fork and use as a glaze for ham.

Winter For Pike Best Moneywise, Worst Otherwise

CLEVELAND (AP) — The Ohio Turnpike Commission says that financially it was the best winter in the history of the turnpike, but the winter itself the worst the commission has experienced.

"The winter of 1962-63 was the worst since the turnpike was opened," Commission Chairman James W. Shocknessy said Tuesday night. The winter "continued down into the first few days of April and cost the commission $563,000 for snow and ice control and other winter weather expense, or $153,000 more than was spent for that purpose in the previous winter."

He estimated April income on the east-west toll road at $2.12 million, up $44,000 from April 1962. This, said Shocknessy, made it the best April on record, and it was the 11th straight month in which revenues topped those in the corresponding month in any previous year.

British Newsman Dies

WOKING, England (AP) — George Percival Simon, 70, managing director of the Daily Telegraph and the Sunday Telegram, died Monday.

Did you know that some springform pans come without clamps?

Youth, 18, Held In Transporting Of Stolen Auto

CINCINNATI (AP) — Jackie N. Lewis, 18, of Middletown was held today on charges of transporting a stolen car across state lines. The FBI said he may face additional charges.

FBI agents arrested Lewis Tuesday on a warrant filed at Joplin, Mo., where police said the youth and David Rudolph Wheeler, 18, tried to steal a pay phone from a laundry Monday morning.

Police arrested Wheeler, but Lewis escaped.

Agents in Missouri said Lewis and Wheeler were absent without leave from Ft. Knox, Ky. Wheeler was quoted as admitting the pair drove a stolen car from Crescent Park, Ky., to Joplin, and had also been in Ohio and Florida since leaving Ft. Knox April 18.

When Lewis was arrested at Middletown, he was driving a car with Indiana license plates, FBI agents said.

No Injuries Reported

WAUSEON, Ohio (AP) — The Highway Patrol reported that 41 cars of a 62-car New York Central freight train were derailed early today near Archbold.

No injuries were reported, but both main lines of the New York Central and two county roads were blocked.

State Funds Or Not, Aides Being Trained

CINCINNATI (AP)—State funds or no state funds, Longview State Hospital is training psychiatric aides.

Funds for training were cut off in September 1961. Hospital officials said they eliminated the courses, but the shortage got so bad staff members squeezed in time between regular duties for classes. The first class of 36 graduates Tuesday.

Dorothy Kerchner, director of Nursing Service, said psychiatric aides do most of the work with patients at state hospitals. They rank just below regular nurses. Longview now has about 275 psychiatric aides and 24 nurses for 3,100 patients.

Training of the second class of 35 has begun.

Margin's Over Mile

Delta Queen Wins Ohio River Race Over Belle

LOUISVILLE, Ky. (AP) — Old man river must feel like a youngster today—he's borne two racing steamboats again in a duel that surely brought as much shouting as that of the Natchez and the Robert E. Lee.

The Delta Queen won the Ohio River dash by a margin of more than a mile over the Belle of Louisville Tuesday night. And if the finish wasn't so exciting the sheer novelty made up for it, as thousands along the Kentucky and Indiana shores waved and cheered.

More than 1,000 passengers on the boats appeared to have the time of their lives, despite gray skies and chilly weather.

The Belle, a 49-year-old sternwheeler fresh from a year's layup for reconditioning, was decked out in red, white and blue bunting. The Queen, last passenger vessel on the River, carried a large banner on its bow, saying best wishes.

Various mishaps delayed the start of the race—trouble with the gangplank on the Belle, and then the Belle got stuck in the mud and lost a good head of steam in getting free.

Then the boats eased out into the channel and were off.

The Queen took a one - length lead. Two lengths. Three. . . the turnaround point was Six - mile Island. When the Belle got there the Queen was on its way back.

The race started before dark but the lights of the Louisville skyline twinkled when the Belle made it in, about 20 minutes back of the Queen.

Capt. Paul Underwood, river veteran and master of the Belle, said she just wasn't ready for a race.

Capt. Ernest Wagner, the tall, husky boss of the Cincinnati-based Queen, agreed that a year-long layoff had hurt the Belle, which was bought by Jefferson County (Louisville) at a bankruptcy auction.

About 1,000 passengers—including Gov. Bert Combs and comedian Joe E. Brown—were on the Belle. The Queen, headed upriver from New Orleans, carried about 400.

There was one consolation. The Belle won a calliope duel after the race, which was held as part of the Kentucky Derby festival.

35 Attend Dinner Of Co-Op Class

Approximately 35 attended the banquet for employers of members of the Diversified Co-operative Training Class of East Liverpool High School Tuesday night at Piatt's Tea Room in Wellsville.

Guest speaker was T. B. McConnaughy, Northeast District supervisor for trades and industrial education of the Ohio Vocational Education Department. He stressed that young people should seek good advice on future training and that sound decisions be made.

The welcome address was made by Joe Ingram, president, and the invocation by Jim Wolf, vice president.

Guests include Harry Dinsmore, Ralph Finley and Dr. C. M. Kinsey, all members of the advsiory committee; James Lowe, president of the Board of Education; Supt. Ralph W. Betts, and Principal George Hargraves. Vernon Walrath, training co-ordinator, was also present.

Green cabbage quarters and medium - sized pared potatoes and carrots need to be added to corned beef only about half an hour before the meat is cooked through and tender.

One Of Two Indicted Placed On Probation

CLEVELAND (AP) — One of two brothers indicted for using illegal methods to sell $186,000 work of stock has been placed on three years' probation and their defunct brokerage firm, Johnston & Co., Inc., has been fined $25,000.

U. S. District Judge Ben C. Green imposed sentence Tuesday on S. Brooks Johnston, 56, formerly of Cleveland and now of Bay Harbor Isle, Fla. The man's brother, C. Gilman Johnston, 44, of Cleveland Heights, awaits trial.

The indictment, returned by the federal grand jury last Sept. 12, listed 25 counts charging the brothers made false statements as to the financial status of the company and that other illegal methods were used to sell the stock.

Installation Planned

SALINEVILLE — Installation of officers will be held at a meeting of the auxiliary of VFW Post 5306 Thursday night at 8 at the post home, Mrs. Kate Weaver, president, said. Mrs. Ruth Miller of Canton, past district president, will be installing officer.

Steel Mills Snub Orders Because Of Buying Rush

NEW YORK (AP)—Steel mills have turned down some June orders because the buying rush is overwhelming, Iron Age said today.

The trade publication said that since the steel price increase, orders have jumped substantially as buyers hedged against a possible steel strike.

Steel users apparently are convinced that price increases make re-opening of the steel labor contract inevitable, according to Iron Age, and business men are of the opinion that the United Steelworkers Union will be a lot tougher to bargain with.

Few if any steel users are reported shut out in June but many, including the largest automakers, are not getting their inventories built up to desired levels.

Sheet mills are reported operating at 100 per cent of capacity with orders coming in at a rate that would exceed capacity.

Fairfield Dinner Set

MIDDLETON — The Fairfield Parent - Teacher Organization will sponsor a public chicken and steak dinner Friday night from 5 to 7 at the Crestview High School. Proceeds will be used for projects, Jack Beilhart, president, said.

20 Attend Wellsville Kiwanis Club Event

About 20 attended a meeting of the Wellsville Kiwanis Club Tuesday noon at Piatt's Tea Room.

The boys and girls committee presented the program. The Rev. Arden Beck and Atty. Delmar T. O'Hara spoke on the effects of smoking.

They presented the same talks they had given at assemblies at Wellsville High School.

School Supt. Lowell Myers is chairman of the boys and girls committee.

Rookie pitcher Mel Nelson of the Los Angeles Angels is a former outfielder. He's a southpaw.

Delta Queen Wins Ohio River Race Over Belle

LOUISVILLE, Ky. (AP) — Old man river must feel like a youngster today—he's borne two racing steamboats again in a duel that surely brought as much shouting as that of the Natchez and the Robert E. Lee.

The Delta Queen won the Ohio River dash by a margin of more than a mile over the Belle of Louisville Tuesday night. And if the finish wasn't so exciting the sheer novelty made up for it, as thousands along the Kentucky and Indiana shores waved and cheered.

More than 1,000 passengers on the boats appeared to have the time of their lives, despite gray skies and chilly weather.

The Belle, a 49-year-old stern-wheeler fresh from a year's layup for reconditioning, was decked out in red, white and blue bunting. The Queen, last passenger vessel on the River, carried a large banner on its bow, saying best wishes.

Various mishaps delayed the start of the race—trouble with the gangplank on the Belle, and then the Belle got stuck in the mud and lost a good head of steam in getting free.

Then the boats eased out into the channel and were off.

The Queen took a one - length lead. Two lengths. Three. . . the turnaround point was Six - mile Island. When the Belle got there the Queen was on its way back.

The race started before dark but the lights of the Louisville skyline twinkled when the Belle made it in, about 20 minutes back of the Queen.

Capt. Paul Underwood, river veteran and master of the Belle, said she just wasn't ready for a race.

Capt. Ernest Wagner, the tall, husky boss of the Cincinnati-based Queen, agreed that a year-long layoff had hurt the Belle, which was bought by Jefferson County (Louisville) at a bankruptcy auction.

About 1,000 passengers—including Gov. Bert Combs and comedian Joe E. Brown—were on the Belle. The Queen, headed upriver from New Orleans, carried about 400.

There was one consolation. The Belle won a calliope duel after the race, which was held as part of the Kentucky Derby festival.

35 Attend Dinner Of Co-Op Class

Approximately 35 attended the banquet for employers of members of the Diversified Co-operative Training Class of East Liverpool High School Tuesday night at Piatt's Tea Room in Wellsville.

Guest speaker was T. B. McConnaughy, Northeast District supervisor for trades and industrial education of the Ohio Vocational Education Department. He stressed that young people should seek good advice on future training and that sound decisions be made.

The welcome address was made by Joe Ingram, president, and the invocation by Jim Wolf, vice president.

Guests include Harry Dinsmore, Ralph Finley and Dr. C. M. Kinsey, all members of the advsiory committee; James Lowe, president of the Board of Education; Supt. Ralph W. Betts, and Principal George Hargraves. Vernon Walrath, training co-ordinator, was also present.

Green cabbage quarters and medium - sized pared potatoes and carrots need to be added to corned beef only about half an hour before the meat is cooked through and tender.

One Of Two Indicted Placed On Probation

CLEVELAND (AP) — One of two brothers indicted for using illegal methods to sell $186,000 work of stock has been placed on three years' probation and their defunct brokerage firm, Johnston & Co., Inc., has been fined $25,000.

U. S. District Judge Ben C. Green imposed sentence Tuesday on S. Brooks Johnston, 56, formerly of Cleveland and now of Bay Harbor Isle, Fla. The man's brother, C. Gilman Johnston, 44, of Cleveland Heights, awaits trial.

The indictment, returned by the federal grand jury last Sept. 12, listed 25 counts charging the brothers made false statements as to the financial status of the company and that other illegal methods were used to sell the stock.

Installation Planned

SALINEVILLE — Installation of officers will be held at a meeting of the auxiliary of VFW Post 5306 Thursday night at 8 at the post home, Mrs. Kate Weaver, president, said. Mrs. Ruth Miller of Canton, past district president, will be installing officer.

Steel Mills Snub Orders Because Of Buying Rush

NEW YORK (AP)—Steel mills have turned down some June orders because the buying rush is overwhelming, Iron Age said today.

The trade publication said that since the steel price increase, orders have jumped substantially as buyers hedged against a possible steel strike.

Steel users apparently are convinced that price increases make re-opening of the steel labor contract inevitable, according to Iron Age, and business men are of the opinion that the United Steelworkers Union will be a lot tougher to bargain with.

Few if any steel users are reported shut out in June but many, including the largest automakers, are not getting their inventories built up to desired levels.

Sheet mills are reported operating at 100 per cent of capacity with orders coming in at a rate that would exceed capacity.

Fairfield Dinner Set

MIDDLETON — The Fairfield Parent - Teacher Organization will sponsor a public chicken and steak dinner Friday night from 5 to 7 at the Crestview High School. Proceeds will be used for projects, Jack Beilhart, president, said.

20 Attend Wellsville Kiwanis Club Event

About 20 attended a meeting of the Wellsville Kiwanis Club Tuesday noon at Piatt's Tea Room.

The boys and girls committee presented the program. The Rev. Arden Beck and Atty. Delmar T. O'Hara spoke on the effects of smoking.

They presented the same talks they had given at assemblies at Wellsville High School.

School Supt. Lowell Myers is chairman of the boys and girls committee.

Rookie pitcher Mel Nelson of the Los Angeles Angels is a former outfielder. He's a southpaw.

Hints *from* Heloise

— By Heloise Cruse —

Dear Readers: The question: How to remove shoe polish and heel marks and ball point ink from a Naugahyde sofa, has come in many, many times. Finally Mrs. Leeson sent us the answer.

The suggested cleaning methods for these stains are:

Shoe polish and heel marks including paint, should be removed immediately.

Use a white cloth, dampened with kerosene (and dear gals there's our old country kerosene again!) painters naptha, or turpentine.

Care must be exercised to keep these fluids from contact with soft fabric or with wooden areas of the furniture.

Ball point ink may sometimes be removed if rubbed immediately with a damp cloth using water or rubbing alcohol. (And gals. . . there's our old cheap rubbing alcohol. . .again!)

HELOISE.

-:-

DEAR HELOISE: Here's a tip for those who use velvet ribbons or bows etc.

When you prepare velvet ribbon for cutting . . . run a brush full of colorless nail polish across the ends and after it drys take your scissors and cut through the "polished" part. You will have smooth edges that will never fray or ravel or curl up!

Red polish even absorbs into black velvet and does not show the red color.

ONA KELLY.

-:-

DEAR HELOISE: When I bought your new book at my local department store the book department suggested that it be wrapped with a bottle of vinegar as decoration! Needless to say I was pleased no end. The book is wonderful.

MRS. BUSH ETHERIDGE.

-:-

And you better believe it. If I owned a vinegar company, I would have given you a free bottle!

HELOISE.

DEAR HELOISE: When I ice a cake with powdered sugar-icing I always make a little extra icing. Especially the chocolate kind!

After icing the cake . . . I always throw a little cereal in the pan, with the extra icing and stir it with a spoon and dip this out by spoonsful and lay each dab on a sheet of wax paper. Make wonderful tid-bits! The kids just love them. There is no extra pan to clean as the pan is already in need of washing and these little drop crunchies suffice for the nights that I do not have dessert.

P. R.

When you do this . . . if you will add a spoonful of peanut butter (crunchy types are terrif) you will have something quite, different and really perk. Try it.

You have nothing to lose. A spoonful of peanut butter and a bowl of cereal? Use it. Saves time later.

HELOISE

-:-

DEAR HELOISE: When I buy a box of soap filled pads I take my scissors and cut them in fourths. I do an entire box at one time.

A fourth of a pad is just enough to clean one or two pots or pans. I find this much better than using the whole pad at a time as it is too much waste. Besides, you will never have any rust.

H. C.

Letter Of Laughter

DEAR HELOISE: I would walk a mile to buy groceries at any store that would sack them in colored bags! Don't grocers realize how pretty it would be for us to have a pink or green paper bag in the garbage pail!

Do you reckon that anybody would buy that?

DEVOTEDLY YOURS.

-:-

I like the idea. I can imagine that some grocer will try it after reading this column.

Isn't life wonderful?

Pupils Entertain At Calcutta PTA

Pupils in the third and fourth grades presented programs at a meeting of the Calcutta Parent-Teacher Association Monday night in the school.

The third graders presented an operetta, "May Festival," and the fourth graders gave a minstrel.

Teachers who directed the program were Mrs. Grace Hanley, Mrs. Gertrude Rosengreen, Mrs. Lenore Henderson, Mrs. Marcella Vacar, Mrs. Lucille Smith, Mrs. Donna McVay and Mrs. Mabel Popp.

There was no business meeting. Robert Vaness is president. Next meeting is May 20.

Chorus Concert Set

EAST PALESTINE — The annual spring concert of the Community Chorus, led by Mrs. Ellen Wilhelm, will be presented Tuesday night at 8 at the high school auditorium. There are 45 members in the chorus from the Tri-State area. The concert is sponsored by the Kiwanis Club.

Construction Spurts

Work Launched On New Building

Construction is under way on a new business building at E. 5th and Market Sts. that will house the Shaw Jewelry Store — part of $189,000 in projects that were launched in April.

Because of the business building project and a $120,000 church construction job that was launched earlier, April's work spurted $97,100 ahead of the $92,300 authorized in March in permits issued by Mayor Bert H. Goodballet's office.

—:—

THE PERMIT for the new Shaw Building was issued yesterday, fixing the cost at $50,000. It was obtained by Jack M. Shaw, proprietor of the jewelry, for the B. & B. Construction Co. of Youngstown, the prime contractor.

Plans for the modern two-story building were announced Jan. 30 after Shaw acquired the site from Harry Altman. The completion date has been set Aug. 1, but the contractor hopes it may be finished sooner, Shaw said. The Shaw store now is located on Washington St.

Earlier, the Potters Construction Co. started work on erection of a new house of worship at Etruria and Wedgewood Sts. for the Oakland Free Methodist Church.

Other permits issued by the mayor's office last month listed principally small remodeling and maintenance jobs.

The April permits, the persons to whom they were issued, the work authorized and the estimated cost of each job:

Mrs. Paul Maley, to erect a new porch on a house at 343 E. 9th St., $350.

J. H. Marks, to place a new foundation under a building at 1012 Railroad St., $300.

Fred Kane, to remove a house at 717-719 E. 4th St., $2,000.

—:—

POTTERS Construction Co., to erect an addition to a house at 2742 St. Clair Ave., $800.

George Bright, to remodel a building at 167-169 Pennsylvania Ave., $3,000.

Ernest Davis, to add a bathroom to a home at 1002 Rubicon St., $2,300.

Hilton Linville, to build a garage at 1700 Alpha St., $500.

Melvin L. Harris, to build a cement block garage at 1071 Pennsylvania Ave., $2,500.

C. E. Martin, to remodel a double house at 811 St. Clair Ave., $1,000.

Earl Wolfe, to install a new roof on a building at 1550 Pennsylvania Ave., $300.

—:—

MABRO CO., to install siding on a house at 677 Walnut St., $1,400.

M. J. Russell, to repair a roof and chimney on a house at 937 Montgomery Ave., $150.

Antonio Arcuri, to remodel a house at 1838 Harvey Ave., $1,500.

Ralph Unger, to erect an addition on the front of a building at 1991 Lisbon St., $900.

Lawrence Shively, to repair the front porch on a building at 112 Ravine St., $250.

Ralph T. Davis, to erect a one-story house at Ceramic and Francis Sts., $1,000.

Tie a teaspoon of whole mixed spices in a small cheesecloth bag and add it to that stew. Remove the spice bag before serving!

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Six months ago Timmy gave me an engagement ring. I was the happiest girl in the world. We went together two years and he was the kindest, most considerate person I ever had known.

We spent our weekends looking for a little home to buy and we even had some furniture picked out. Tim was never out of my thoughts and I'm sure it was the same with him. Some things are too good to be true and maybe this is the way it was with Timmy and me. He was killed in an accident five weeks ago.

When our minister came to the house to tell me the terrible news I became hysterical and they had to call the doctor. I was in bed for three days.

No one else can ever take Timmy's place. I never will fall in love again. Would it be wrong to continue to wear his engagement ring? My mother has been pleading with me to put it away and forget. She says I'm torturing myself.

Is it wrong to cling to this wonderful memory? Please, Ann, help me. — BLACK, BLACK, BLACK.

-:-

Dear Friend: You mother has given you sound advice. I hope you take it. There's a big difference between cherishing a memory and attempting to hang on to something which no longer exists.

Time heals. The pain gradually will diminish and one day it will disappear. If this were not a fact, life would be unbearable.

A Wife's Advice

Dear Ann: As the wife of a personnel manager I've been fairly close to office problems of every type. May I offer some suggestions for women employees?

1. Forget your feminine wiles during office hours. You'll advance faster by concentrating on your specific assignment.

2. Don't try to take over the office. Bossy people are resented. Especially women.

3. Don't toot your own horn. If you are competent and productive everyone will know it.

4. Keep the gossip and small gripes to yourself. Your boss has enough to think about without becoming enmeshed in petty office problems.

5. Avoid becoming chummy with married co-workers. Don't ask them to pick you up or to drive you home.

6. Never call your boss by his first name. Keep it on a "Mr." basis at all times. And address all other executives by their last names, too.

7. Forget everything you know about the office personnel when you go home at night. And forget what went on at home when you leave for the office in the morning. — BUTTE.

-:-

Dear Butte: You've packed a lot of common sense into limited space. I hope your letter lands on many an office bulletin board.

Still In Hock

Dear Ann: Last summer some relatives were in a tight spot. My husband and I loaned them $400. The understanding was they would pay it back when they were able. Nine months have passed and they have not paid back a dime.

Two weeks ago they traded their old car for a new one. We're still driving our 1958 model. When my husband saw this he was furious.

We see these people several times a week. Should we tell them how we feel and probably lose their friendship? We're tired of acting pleasant to their faces and feeling resentment inside. Thank you. — TWO FACED.

-:-

Dear Two: Enough of the fun and games. Tell them you want to know when they can begin to repay the loan.

If they make no effort — stop seeing them socially. It's impossible to feel friendly under the conditions you describe, so why pretend?

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Needle Pattern

925

By LAURA WHEELER

Knit this smart suit of sports yarn to wear for travel, vacation —it goes everywhere.

An all-year suit! Knit jacket in 2 colors — a tweed effect. The skirt, in one color, permanent pleats. Pattern 925: directions sizes 32-34; 36-38.

Send 35 cents in coins for this pattern to Laura Wheeler, in care of the East Liverpool Review, 45 Needlecraft Dept., P. O. Box 161, Old Chelsea Station, New York 11, N. Y. Print plainly your name, address and the pattern number.

Ever cover corned beef with cold water and allow it to stand for several hours to remove some of the salt? When you cook the beef simmer it, don't boil.

Institute For City Hospital Nurses Scheduled May 14

The annual "One-Day Institute" of City Hospital will be held May 14 under the sponsorship of the nursing service and nursing school committees.

A coffee hour, at the 6th St. nurses' residence, will open activities at 8:30 a. m.

The program will begin at 9:30 instead of 10, as originally announced.

Dr. James Jamison will speak on "Care of Urological Patient: Medical and Surgical Aspects." Speaking on "Nursing Care" will be Mrs. Sally Crawford, head nurse medical - surgical unit; Mrs. Ann McNicol, recovery room head, and Mrs. Evelyn Hardy, head nurse of Central Service.

Luncheon will be served from 12 until 1 p. m.

Films on "Machine Mimics Man," demonstrating an artificial kidney, will be screened. A technologist from Travenol Laboratories will answer questions about hemodialysis.

The filmstrips are entitled "Contrast Radioagraphy and Cinefluorography of Genito - Urinary Tract," "Transvesico - Capsular Prostatectomy — An Improved Technique" and "Urethral Catheters."

Another coffee hour will be held at the nurses residence from 3 to 4 p. m.

All graduate nurses are invited to attend the sessions.

City Woman Retires After Hotel Service

Mrs. Alberta Sanderson, 313 Market St., has retired after 27 years employment at the Travelers Hotel.

The widow of John Sanderson, who died in 1935, she was pastry cook and had charge of the salad department.

Retiring for reasons of health, she will be 75 on June 5.

Steel Family 'Minor' Now Bright Offspring

NEW YORK (AP) — A one-time minor member of the steel family has become one of its brightest offspring.

The offspring is galvanized steel — cold rolled sheet steel base with the high corrosion protection of a low-cost zinc coating.

Steelways, publication of the American Iron and Steel Institute, says it was only a few years ago that galvanized steel became an important product.

For example, between 1951 and 1961, shipments of galvanized steel to the auto industry rose by 798 per cent — 34,743 tons to 311,971 tons a year.

Raps Job Service

WASHINGTON (AP)—The U.S. Employment Service spends too much time on people changing jobs instead of finding employment for the jobless, an Ohio congressman says. Rep. Frank T. Bow, R-Ohio, said in a statement Tuesday that 60 per cent of the job placements last year involved people changing jobs.

County Wheat Growers Told Of Details For Referendum

LISBON — All Columbiana County farmers with 1964 wheat allotments of 15 acres or more are automatically eligible to vote in the national wheat referendum May 21, the county Agriculture Stabilization and Conservation Committee reminded.

In addition, operators with 1964 allotments of less than 15 acres may vote if they meet certain requirements. They must "elect to participate," that is, state their intentions, on or before May 13, according to Wallace Barr and John Bottum, Ohio State University extension economists.

An operator does this by signing the statement on the back of his notice, Form MQ-24, from the ASC office entitled, 'Notice of 1964 wheat acreage allotment," and returning it to the county ASC office by May 13.

In electing to participate, the economists explain, a grower agrees to comply with the acreage allotment and marketing quota provisions if the referendum passes. Farmers with 1964 allotments of less than 15 acres, who do not elect to participate by May 13, cannot become eligible for participation after the referendum.

Barr and Bottum said anyone with an "economic interest" in the wheat crop, regardless of the size of the farm allotment, is eligible to vote in the referendum. In case of small allotment farms, the operator may vote if he has signed his intention to participate and if the individual presents evidence of "economic interest" at the polls on the day of the referendum.

This means that wives or landlords sharing in the crop may vote. The operator must sign the election form before landlords or wives may vote.

The interest of wives in the wheat crop may be indicated by jointly owned proprety or by a jointly signed lease.

Don Myers, county extension agent, estimates there are 2,000 producers in Columbiana County who could vote in the referendum. Approximately 1,900 of these have 1964 allotments of less than 15 acres, so if they are to vote, they must state their intentions by May 13.

A turban mold is just right for baking a yeast - risen "baba" cake. Be sure to grease and flour the mold before adding the dough.

10, WJAC, WTRF, WIIC, Eleventh Hour: "A Medicine Man In This Day And Age?" During one of his ritualistic healing sessions, a young Indian is arrested for disturbing the peace and is confined as a mental case.

Mayor Aspirants To Take Part In Panel On WOHI

A panel discussion designed to better acquaint the city's voters with viewpoints of the candidates for mayor on the Republican and Democratic tickets in next Tuesday's primary will be held Thursday and Friday on radio station WOHI.

The Republican candidates — Merrill Hall, William T. Kind and Frank F. Fluno — will appear on the program Thursday night from 8:30 to 9:30. The Democratic candidates — incumbent Bert H. Goodballet, Frank P. Duffy and Clifford J. Cooper — will be heard Friday night from 7:30 to 8:30.

The panelists will be Robert Popp, veteran City Hall reporter for The Review, and Paul Zehnder, WOHI news director. Joseph Coons, WOHI general manager, will act as moderator.

The programs also will be taped and will be rebroadcast Sunday, Coons said.

Two Flood Control Dams Ok'd For Ohio

BATAVIA, Ohio (AP)—The U.S. Corps of Engineers has approved plans for two flood control dams in Clermont and Warren counties, the office of U.S. Rep. William H. Harsha, R-Ohio, announced.

The dams, located on Caesar Creek and the East Fork of the Little Miami River, would cost about $22 million. The East Fork dam will be halfway between Batavia and Williamsburg in Clermont County and the Caesar Creek dam 2.5 miles above the point it enters the East Fork in Warren County.

Out Of The Air

By HAL HUMPHREY

TV Tapes Often Can 'Spoil'

The practice of pre-taping and filming TV shows now for next fall has its embarrassments — especially if the show is supposed to have that "live" look about it.

Hal Humphrey

Red Skelton ran into this predicament Tuesday of last week. Shirley Temple was his guest star on a taped show not to be seen until next October.

Normally, all publicity for the show would be held until a week or two before the air date. But one of the wire services discovered that Shirley's birthday (April 23) fell on the date of Red's show taping.

-:-

PICTURES were taken of Red and Shirley sampling her birthday cake (furnished by CBS), and a good time was had by all—except that this week the fans sat by their TV sets watching Red's show and wondering what happened to Shirley.

There are other risks in taping TV shows too far ahead. On Mike Stokey's "Stump the Stars" a few weeks ago, he was congratulating Macdonald Carey, who said he was heading east to rehearse his new play, "Memo."

But by the time this pre-taped show was on the air, Carey's play had been panned so unmercifully by Boston critics that it never reached Broadway. As things turned out, Stokey was congratulating Carey for a flop.

Both Judy Garland and Danny Kaye are due to tape several shows ahead for their respective weekly musical - variety series next season. CBS figures that this eliminates either star's doing anything too topical. Even the bossa nova could be dead by next fall.

-:-

CUTTING HER birthday cake, Shirley Temple admitted she missed doing that "Shirley Temple's Storybook" TV series of a few seasons back.

"I still want to work if it doesn't mean leaving my home in Woodside more than a few days each month," Shirley says. "I have two ideas for TV series, but I'm afraid to tell anyone about them, so I guess they'll never be on TV."

At this point, Red interrupted to offer Shirley the facilities of his TV company for filming pilots of her ideas. She said she would think about it.

"You know what? Red doesn't think we ever met before, but we did. It was years ago. I think I was about 16, and I was at a drive-in restaurant with a date. Red drove up next to us in a convertible.

"HE RECOGNIZED ME, and when we left, he followed us all the way home, shouting and singing 'Good Ship Lollipop.' It was Really funny. I've never forgotten."

Shirley's husband, Charles Black (an electronics executive), evidently believes their home and three children take precedence over a career—and she agrees, wholeheartedly.

"I don't know what he'll say when he sees that kiss and that cigar!" Shirley announced suddenly.

-:-

IN THE SCRIPT of the Skelton show, Shirley disguises herself as a tramp, and when Freddie the Freeloader gives her a cigar, she has to take a puff or two.

Later comes the happy ending. She marries the hero and, outside the home of the justice of the peace, naturally kisses her bridegroom.

Listening to Shirley stew about innocent cigars and kisses, one can't help thinking of another ex-child star who is four years younger than Shirley, but whose experience is considerably wider —and she doesn't seem as worried about her social image as Shirley does.

The name?—Elizabeth Taylor.

-:-

IS THERE something significant in the fact that two Japanese networks frantically tried to outbid each other to buy a first run there of "The Untouchables," while in England neither the BBC nor commercial network would touch "Untouchables" with a 10-foot antenna?

Maybe it's because the dialogue is more easily translated into Japanese than the King's English.

27 Visiting Russians Touring Central Ohio

COLUMBUS, Ohio (AP)—While those they left behind in the Soviet Union celebrate May Day with traditional ceremonies, 27 visiting Russians are touring Central Ohio today.

Representing various professions and skills, the visitors have been in this country since April 15 as part of a cultural exchange under sponsorship of the National Council of the YMCA. They will attend a dinner at Ohio Wesleyan University in Delaware tonight.

Reservoir Dam Due On Mahoning River

WASHINGTON (AP) — A Connecticut firm plans to build a reservoir dam, spillway and outlet works on the Mahoning River near Ravenna, Ohio.

Sens. Abraham Ribicoff and Thomas J. Dodd, both D-Conn., announced Tuesday that the $6,101,352 Army Engineers contract has been awarded to Lane Construction Co., Meriden, Conn.

Raps Job Service

WASHINGTON (AP)—The U.S. Employment Service spends too much time on people changing jobs instead of finding employment for the jobless, an Ohio congressman says. Rep. Frank T. Bow, R-Ohio, said in a statement Tuesday that 60 per cent of the job placements last year involved people changing jobs.

County Wheat Growers Told Of Details For Referendum

LISBON — All Columbiana County farmers with 1964 wheat allotments of 15 acres or more are automatically eligible to vote in the national wheat referendum May 21, the county Agriculture Stabilization and Conservation Committee reminded.

In addition, operators with 1964 allotments of less than 15 acres may vote if they meet certain requirements. They must "elect to participate," that is, state their intentions, on or before May 13, according to Wallace Barr and John Bottum, Ohio State University extension economists.

An operator does this by signing the statement on the back of his notice, Form MQ-24, from the ASC office entitled, 'Notice of 1964 wheat acreage allotment," and returning it to the county ASC office by May 13.

In electing to participate, the economists explain, a grower agrees to comply with the acreage allotment and marketing quota provisions if the referendum passes. Farmers with 1964 allotments of less than 15 acres, who do not elect to participate by May 13, cannot become eligible for participation after the referendum.

Barr and Bottum said anyone with an "economic interest" in the wheat crop, regardless of the size of the farm allotment, is eligible to vote in the referendum. In case of small allotment farms, the operator may vote if he has signed his intention to participate and if the individual presents evidence of "economic interest" at the polls on the day of the referendum.

This means that wives or landlords sharing in the crop may vote. The operator must sign the election form before landlords or wives may vote.

The interest of wives in the wheat crop may be indicated by jointly owned proprety or by a jointly signed lease.

Don Myers, county extension agent, estimates there are 2,000 producers in Columbiana County who could vote in the referendum. Approximately 1,900 of these have 1964 allotments of less than 15 acres, so if they are to vote, they must state their intentions by May 13.

A turban mold is just right for baking a yeast - risen "baba" cake. Be sure to grease and flour the mold before adding the dough.

TV Highlights

TONIGHT

7:30, KDKA, CBS Reports: "Walter Lippmann, 1963". Lippmann, Pulitzer prize - winning journalist, will offer candid views of events, forces and personalities shaping the destinies of the nation.

7:30, WTAE, WEWS, WSTV, Wagon Train: "The Clarence Mullins Story". Duke and Wooster hope to rescue a preacher who impulsively has gone into dangerous Indian country to preach to the savages.

7:30, WJAC, WTRF, WIIC, Virginian: "The Final Hour". Judge Garth befriends a group of Polish immigrants and incurs the wrath of his neighbors.

9, KDKA, WSTV, Beverly Hillbillies: Jed acts as his own attorney when his family is sued by an unscrupulous couple seeking $100,000 damages for a minor traffic accident.

9, WJAC, WTRF, WIIC, Perry Como: Mickey Rooney and Allan Sherman visit Perry. The Ray Charles Singers and the Peter Gennaro dancers also are featured.

10, KDKA, U. S. Steel Hour: A retired airlines captain assists in the execution of a minor miracle that brings happiness to a youngster.

10, WTAE, WEWS, WSTV, Naked City: "Color Schemes Like Never Before", starring Paul Burke and Horace McMahon. Charlie is ordered to leave town, but he doesn't want to leave his girl friend.

10, WJAC, WTRF, WIIC, Eleventh Hour: "A Medicine Man In This Day And Age?" During one of his ritualistic healing sessions, a young Indian is arrested for disturbing the peace and is confined as a mental case.

Mayor Aspirants To Take Part In Panel On WOHI

A panel discussion designed to better acquaint the city's voters with viewpoints of the candidates for mayor on the Republican and Democratic tickets in next Tuesday's primary will be held Thursday and Friday on radio station WOHI.

The Republican candidates — Merrill Hall, William T. Kind and Frank F. Fluno — will appear on the program Thursday night from 8:30 to 9:30. The Democratic candidates — incumbent Bert H. Goodballet, Frank P. Duffy and Clifford J. Cooper — will be heard Friday night from 7:30 to 8:30.

The panelists will be Robert Popp, veteran City Hall reporter for The Review, and Paul Zehnder, WOHI news director. Joseph Coons, WOHI general manager, will act as moderator.

The programs also will be taped and will be rebroadcast Sunday, Coons said.

Two Flood Control Dams Ok'd For Ohio

BATAVIA, Ohio (AP)—The U.S. Corps of Engineers has approved plans for two flood control dams in Clermont and Warren counties, the office of U.S. Rep. William H. Harsha, R-Ohio, announced.

The dams, located on Caesar Creek and the East Fork of the Little Miami River, would cost about $22 million. The East Fork dam will be halfway between Batavia and Williamsburg in Clermont County and the Caesar Creek dam 2.5 miles above the point it enters the East Fork in Warren County.

By HAL HUMPHREY

TV Tapes Often Can 'Spoil'

The practice of pre-taping and filming TV shows now for next fall has its embarrassments — especially if the show is supposed to have that "live" look about it.

Hal Humphrey

Red Skelton ran into this predicament Tuesday of last week. Shirley Temple was his guest star on a taped show not to be seen until next October.

Normally, all publicity for the show would be held until a week or two before the air date. But one of the wire services discovered that Shirley's birthday (April 23) fell on the date of Red's show taping.

-:-

PICTURES were taken of Red and Shirley sampling her birthday cake (furnished by CBS), and a good time was had by all—except that this week the fans sat by their TV sets watching Red's show and wondering what happened to Shirley.

There are other risks in taping TV shows too far ahead. On Mike Stokey's "Stump the Stars" a few weeks ago, he was congratulating Macdonald Carey, who said he was heading east to rehearse his new play, "Memo."

But by the time this pre-taped show was on the air, Carey's play had been panned so unmercifully by Boston critics that it never reached Broadway. As things turned out, Stokey was congratulating Carey for a flop.

Both Judy Garland and Danny Kaye are due to tape several shows ahead for their respective weekly musical - variety series next season. CBS figures that this eliminates either star's doing anything too topical. Even the bossa nova could be dead by next fall.

-:-

CUTTING HER birthday cake, Shirley Temple admitted she missed doing that "Shirley Temple's Storybook" TV series of a few seasons back.

"I still want to work if it doesn't mean leaving my home in Woodside more than a few days each month," Shirley says. "I have two ideas for TV series, but I'm afraid to tell anyone about them, so I guess they'll never be on TV."

At this point, Red interrupted to offer Shirley the facilities of his TV company for filming pilots of her ideas. She said she would think about it.

"You know what? Red doesn't think we ever met before, but we did. It was years ago. I think I was about 16, and I was at a drive-in restaurant with a date. Red drove up next to us in a convertible.

"HE RECOGNIZED ME, and when we left, he followed us all the way home, shouting and singing 'Good Ship Lollipop.' It was Really funny. I've never forgotten."

Shirley's husband, Charles Black (an electronics executive), evidently believes their home and three children take precedence over a career—and she agrees, wholeheartedly.

"I don't know what he'll say when he sees that kiss and that cigar!" Shirley announced suddenly.

-:-

IN THE SCRIPT of the Skelton show, Shirley disguises herself as a tramp, and when Freddie the Freeloader gives her a cigar, she has to take a puff or two.

Later comes the happy ending. She marries the hero and, outside the home of the justice of the peace, naturally kisses her bridegroom.

Listening to Shirley stew about innocent cigars and kisses, one can't help thinking of another ex-child star who is four years younger than Shirley, but whose experience is considerably wider —and she doesn't seem as worried about her social image as Shirley does.

The name?—Elizabeth Taylor.

-:-

IS THERE something significant in the fact that two Japanese networks frantically tried to outbid each other to buy a first run there of "The Untouchables," while in England neither the BBC nor commercial network would touch "Untouchables" with a 10-foot antenna?

Maybe it's because the dialogue is more easily translated into Japanese than the King's English.

27 Visiting Russians Touring Central Ohio

COLUMBUS, Ohio (AP)—While those they left behind in the Soviet Union celebrate May Day with traditional ceremonies, 27 visiting Russians are touring Central Ohio today.

Representing various professions and skills, the visitors have been in this country since April 15 as part of a cultural exchange under sponsorship of the National Council of the YMCA. They will attend a dinner at Ohio Wesleyan University in Delaware tonight.

Reservoir Dam Due On Mahoning River

WASHINGTON (AP) — A Connecticut firm plans to build a reservoir dam, spillway and outlet works on the Mahoning River near Ravenna, Ohio.

Sens. Abraham Ribicoff and Thomas J. Dodd, both D-Conn., announced Tuesday that the $6,101,352 Army Engineers contract has been awarded to Lane Construction Co., Meriden, Conn.

LEGAL NOTICES

ORDINANCE NUMBER 9, 1963
AN ORDINANCE PROVIDING FOR PARKING RESTRICTIONS ON SPECIFIC STREETS, AMENDING SECTION 471-1 AND REPEALING SECTION 479 OF THE CODE OF THE CITY OF EAST LIVERPOOL.

WHEREAS, Section 479 of the Code of the City of East Liverpool reads as follows:

"SECTION 479. FIFTEEN-MINUTE PARKING.

It shall be unlawful for any person to stop, stand or park any vehicle longer than fifteen minutes at any time, unless otherwise indicated in this section, on any of the following streets or portions of streets:

East Fifth Street, north side, adjacent to the Bus Terminal. The Valley Motor Transit Company, its successors and assigns, are hereby authorized and directed to paint the curb adjacent to this area yellow and to keep such area painted yellow. Such company or its successors shall from time to time furnish the city appropriate signs to be erected by the city clearly indicating the parking regulations in effect in this area.

East Fifth Street, south side, between Broadway and Apple Alley.";

and,

WHEREAS, Section 471-1 of said Code reads as follows:

"SECTION 471-1. PROHIBITED PARKING ON SPECIFIC STREETS — BOTH SIDES.

It shall be unlawful for any person to park any vehicles on either side of any of the following streets or portions of streets at any time, unless otherwise provided for in this section, when signs have been erected giving notice thereof:

Grove Alley, from Fifth Street to Sixth Street.

Grove Alley, from Sixth Street to Bradshaw Ave. (except Sundays) — between 8:00 A. M. and 6:00 P. M.";

and,

WHEREAS, it is deemed necessary by this Council to add East Fifth Street between Walnut Street and Broadway to the Section 471-1 to eliminate parking in said section, and to repeal Section 479 which is inconsistent with said Section 471-1 as amended herein;

NOW, THEREFORE,

BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio:

SECTION 1. That Section 471-1 of the Code of the City of East Liverpool be amended, which amended section is hereby ordained to read as follows:

"SECTION 471-1. PROHIBITED PARKING ON SPECIFIC STREETS — BOTH SIDES.

It shall be unlawful for any person to park any vehicles on either side of any of the following streets or portions of streets at any time, unless otherwise provided for in this section, when signs have been erected giving notice thereof:

Grove Alley, from Fifth Street to Sixth Street.

Grove Alley, from Sixth Street to Bradshaw Ave. (except Sundays) — between 8:00 A. M. and 6:00 P. M.

East Fifth Street, from Walnut Street to Broadway."

SECTION 2. The penalty for violation of the above section of said Code shall be as provided in Section 481 of The Code of the City of East Liverpool, 1951.

SECTION 3. That Section 479 of the Code of the City of East Liverpool be and the same is hereby repealed.

SECTION 4. The Safety-Service Director is hereby authorized and directed to erect and maintain all proper signs, markers, signals and indicators and to do all things necessary to properly and clearly indicate the aforesaid parking restrictions.

Section 5. That this ordinance shall be in full force and take effect on and after the earliest period allowed by law.

Passed this 25th day of March, 1963.

CHARLES N. EDWARDS
President of Council

ATTEST:
LAWRENCE J. ZOLLINGER
Clerk of Council

Approved by the Mayor this 26th day of March, 1963.

BERT H. GOODBALLET
Mayor

E. L. Review: April 24, 1963 May 1, 1963.

NOTICE FOR BIDS

Sealed Bids will be received by the Board of Public Utilities, Division of Water, of the City of East Liverpool, Ohio, at the Office of said Board, City Hall, East Liverpool, Ohio, Thursday, May 9, 1963, at 12:00 Noon, Eastern Daylight Savings Time, for the purchase of the following supplies and material:

250 Tons, more or less, Hydrate or Pebble Lime
250 Tons, more or less, Aluminum Sulfate
80 Tons, more or less, Activated Charcoal
18,000 Pounds, more or less, Liquid Chlorine
6,000 Pounds, more or less, Sodium Chlorite
1,000 Feet, more or less, 4" Cast Iron Pipe
2,000 Feet, more or less, 6" Cast Iron Pipe
1,000 Feet, more or less, 10" Cast Iron Pipe
1,000 Feet, more or less, 12" Cast Iron Pipe
100 — , More or Less, Water Meters ½" To 4"

Each Bid must contain the full name of every person or company interested in the same, and must be accompanied by a Certified Check on some solvent bank, in the amount of $100.00. This Check will be made payable to the Treasurer of the City of East Liverpool, as a guaranty that if the Bid is accepted a Contract will be entered into and its performance secured. Should any Bid be rejected such Check will be forthwith returned to the Bidder, and should any Bid be accepted such Check will be returned upon the proper execution and securing of the Contract.

All envelopes containing Bids must be addressed to the Board of Public Utilities, City Hall, East Liverpool, Ohio, and must be plainly marked "BIDS".

The right is reserved to reject any and all Bids.

816 LISBON STREET is practically in the Westgate School yard, a 3 bedroom home priced at just $3,500.

SHERWOOD AVENUE, LA CROFT—Like new 1 story 5 room and bath 2 bedroom home for only $12,500.

Ever hear of a 1 story 5 room modern brick home for just $12,000? We have it on IDAHO AVENUE IN PLEASANT HEIGHTS.

Owner practically rebuilt this 1 story home at 1335 OAKWOOD AVENUE and has well over the asking price of $7,000 invested.

2 story 3½ bedroom very modern home on one and a third acres level lot in Glenmoor for just $10,900, also a 4 or 5 car detached garage.

1 story 4 room and bath, fairly new condition on a 65 x 218 ft. lot on the Y & O ROAD. Price just $11,000.

Extra nice 2 year old 3 bedroom ranch type home IN GLENMOOR with double integral garage, and 2 baths. Priced at $17,500.

2 cottages and a large piece of ground at GUILFORD LAKE for $5,250.

Almost new and certainly the nicest 4 room and bath home you will ever find for just $8,900 located in a good area at 7th Avenue LA CROFT EXT. Large G.I. BALANCE can be assumed if desired.

CORNER OF WILLIAMS AVENUE and South Shady Lane, Fisher Park, a 1 story 5 room home on a nice corner lot. Perfect for just $7,000.

1½ story brick veneer home at corner of MAPLE DRIVE, SMITHS FERRY ROAD IN CALCUTTA. Lot size 190 x 70 ft. with attached garage and priced at just $17,500.

MAPLE DRIVE, CALCUTTA: You won't find anything nicer for $19,800 than this ranch type 3 bedroom home just 6 years old and like new condition.

RANCH STYLE 3 bedroom brick veneer large or small home in CALCUTTA ACRES. Versatile floor plan to suit any family. Owner wants $21,900 but will listen to any reasonable offer to get rid of the long drive to his out-of-town job.

3 bedroom split level brick veneer 3 year old home on BRIGHTVIEW Drive. Actually a 4 level home with loads of room. Only $21,900 with many extras included. Call us.

A rural 6 room and bath modern farm house at R. D. No. 1 Rogers with 15 acres of land. It is a 2 story home with 3 bedrooms. Only $12,800.

Excellent 100 x 400 ft. lot at 2607 ST. CLAIR AVENUE with a good solid 1½ story brick home. Total price $17,000 and financing help available.

A 2 bedroom 5 room and bath 1 story home at CALCUTTA on the SMITHS FERRY ROAD for just $13,900.

More than 2 acres of ground go with this 5 room home on ASHLAND PLACE. It's not new but excellent for $8,000.

A good 1 story home on a full acre of ground at BLOOMFIELD for just $10,500.

100 x 150 ft. level lot at the corner of MAPLE LANE IN CALCUTTA. Priced at just $1,500.

Junior Editors Quiz on

THE DOMESDAY BOOK

QUESTION: What was the reason for the writing of the English Domesday Book?

★ ★ ★

ANSWER: This famous book was usually simply called "Domesday," meaning day of the king's judgment. In 1066, William, duke of Normandy, sailed across the English Channel and defeated the English king, Harold, at the battle of Hastings. William then proclaimed himself king of England, and became known as William the Conqueror. He dealt ruthlessly with the people he had defeated, taking their lands in many cases and giving it to his own French nobles.

The former English king also held land and received taxes. In order to make sure that the deposed king's properties did not go to someone else, as well as to settle the newcomer's claims, William ordered a general survey of the country in 1086. The owner's name, description of the land and so on were written down in a large book kept in a special chest.

The people, like the disputing barons in our picture, could settle land claims by referring to it, and the book became know as "Domesday." Both book and chest are still in existence in the Public Record in London.

★ ★ ★

FOR YOU TO DO: You may be wondering how well the English Anglo-Saxon got along with their French conquerors. Check with a history of England to find out.

★ ★ ★

Charlotte Miller of Cranford, N. J. wins $10 for this question. Mail yours on a postcard to Junior Editors in care of The Review and you may win $10, or the weekly grand prize of a set of Britannica Junior Encyclopedias.

Today In History

By The Associated Press

Today is Wednesday, May 1, the 121st day of 1963. There are 244 days left in the year.

Today's highlight in history:

On this day in 1898, Commodore George Dewey led the U.S. fleet in the victorious Battle of Manila Bay during the Spanish-American War.

On this day:

In 1796, Tennessee was admitted to the Union as the 16th state.

In 1853, Cincinnati established the first salaried fire department in the nation.

In 1901, the Pan American Exposition opened in Buffalo, N.Y.

In 1941, Prime Minister Winston Churchill announced that nearly 50,000 British troops had escaped from the Battle of Greece during World War II.

In 1960, American pilot Francis Powers was captured when his high-flying U2 plane was shot down over Russia.

Today's birthday:

Actor Glenn Ford is 47.

Thought for today:

Only on the edge of the grave can man conclude anything — Henry Brooks Adams.

Don't use iodized salt for pickling because it may cause discoloration.

Keep In Trim

By IDA JEAN KAIN

Excess Calories Multiply At Mealtime

It's exciting to stretch your mind with a promising new idea. Timing counts on calories. On the identical number of calories, three moderate meals a day, plus protein pick - ups to cut ahead of hunger, are more slimming than lumping the bulk of calories into one big meal.

Ida Jean Kain

Is this your starve and stuff pattern? Not feeling hungry in the morning, you find it easy to slight breakfast and settle for a sweet roll and coffee. Later at the lunch hour, you're too busy to bother with an adequate meal.

As the day wears on, you wear down and instinctively practice economy of motion. By dinner time, feeling spent and all gone, you load up on food. This is a fattening practice. Excess food doesn't create more energy. All those excess calories consumed at dinner are stored as fat.

—:—

CALORIES ARE burned according to energy demands, and whatever is eaten in excess of immediate needs is stored for future use. Our modern way of eating the big meal at the end of the day is peculiarly at variance with the way our bodies are basically organized to use food.

Studies on overweight individuals reveal one constant finding—those past pleasingly plump tend to overeat at one big meal — dinner. All the excess calories consumed at that meal not only count, they multiply. In contrast, there are millions of Americans who enjoy three moderate meals a day and hold the weight line. Their built-in-slimming pattern is that they do not overeat.

To be successful, a reducing plan must be part of a new hope. Grab hold of this promise: The way to burn your food for fuel instead of storing it as body fat is to allocate your calories to provide energy at an even rate.

To get slimmer, diminish dinner — tonight. Tomorrow morning you'll feel hungry and relish breakfast. Make protein the backbone of the meal, for the timing on protein is particularly important. Try this way to best the calories and rout the fat!

THURSDAY MENU
Breakfast

Orange juice, ½ cup; oatmeal, quick - cooking, ¾ cup; milk, ½ cup whole or, 1 cup skim; sugar, brown or white, 1 rounded tsp.; (Mr.: Toast, thin slice, margarine or butter, ½ pat); hot coffee.

Luncheon

Broiled cube steak — 3½ oz. ck. wt.; (Mr.: 5 oz. on thin slice of bread); celery and green pepper strips; tart apple, hot tea with lemon.

Energy Pick-up — glass skim milk or buttermilk.

Dinner

Mixed grill: liver, 1 slice, lamb chop, lean only, 2 oz., broiled tomato or canned apricots halves, 2; baked potato; (Mrs.: ½ potato, ½ pat spread); margarine or butter — 1 pat; asparagus with pimento strips; dieter's cheese cake, 1½" wedge or — cheese, ¾ oz., half fresh pear; hot beverage.

Total calories for the day — 1,425 for men, 1,170 for women.

Scheduling Program Helps Solve Classroom Shortage

AKRON, Ohio (AP)—A scheduling program started four years ago to help solve a classroom shortage at Northfield Macedonia (Nordonia) High School has done this and more.

Students of lesser ability are aided the most in the program that converts study halls to classroom use, says William J. Boliantz, executive head at Northfield Macedonia.

The plan is believed to be the first of its kind in Ohio, although Michigan schools are using a variation of it.

Under the scheduling setup, 830 students attend five 70 - minute classes in a normal six - hour school day. It's done by each class meeting only four times a week.

Students have about 20 minutes in each class to concentrate on their studies. The other 50 minutes are devoted to instruction. One advantage, Boliantz pointed out, is the teacher can assist students with their homework.

The North Central Association of Colleges and Secondary schools has given Northfield Macedonia a Class 1 rating.

Iowa State development tests show that Northfield Macedonia students make greater progress than students of similar ability from other schools, Bolianzt said.

No Problem Of Coins For Salesmen Here

MACAPA, Brazil (AP) — Northern Brazil is one area where salesmen's jobs appear safe from coin machine competition.

Coins no longer circulate.

Only bills, and you don't see many in denominations smaller than 10 cruzeiros.

Inflation has been such that the cruzeiro, Brazilian monetary standard, is worth a fraction of a U.S. cent.

—·—

You can use leftover syrup from canned fruit in making up fruit-flavored gelatin desserts; a cup of syrup and a cup of water is a good proportion.

Keep In Trim

By IDA JEAN KAIN

Excess Calories Multiply At Mealtime

It's exciting to stretch your mind with a promising new idea. Timing counts on calories. On the identical number of calories, three moderate meals a day, plus protein pick - ups to cut ahead of hunger, are more slimming than lumping the bulk of calories into one big meal.

Ida Jean Kain

Is this your starve and stuff pattern? Not feeling hungry in the morning, you find it easy to slight breakfast and settle for a sweet roll and coffee. Later at the lunch hour, you're too busy to bother with an adequate meal.

As the day wears on, you wear down and instinctively practice economy of motion. By dinner time, feeling spent and all gone, you load up on food. This is a fattening practice. Excess food doesn't create more energy. All those excess calories consumed at dinner are stored as fat.

—:—

CALORIES ARE burned according to energy demands, and whatever is eaten in excess of immediate needs is stored for future use. Our modern way of eating the big meal at the end of the day is peculiarly at variance with the way our bodies are basically organized to use food.

Studies on overweight individuals reveal one constant finding—those past pleasingly plump tend to overeat at one big meal — dinner. All the excess calories consumed at that meal not only count, they multiply. In contrast, there are millions of Americans who enjoy three moderate meals a day and hold the weight line. Their built-in-slimming pattern is that they do not overeat.

To be successful, a reducing plan must be part of a new hope. Grab hold of this promise: The way to burn your food for fuel instead of storing it as body fat is to allocate your calories to provide energy at an even rate.

To get slimmer, diminish dinner — tonight. Tomorrow morning you'll feel hungry and relish breakfast. Make protein the backbone of the meal, for the timing on protein is particularly important. Try this way to best the calories and rout the fat!
